- If you checked "no," describe the actions you can take to respond to the reporting requirements of Section 5-117 of the Public Utilities Act next year. (Note: 2018 reports will be due April 15, 2019)

  The reporting requirements of Section 5-117 of the Public Utilities Act do not apply to the City for a number of reasons, not the least of which is that the City is a municipal corporation and therefore specifically excluded from the definition of the term "company" under the Act. See 220 ILCS 5/3-112. While Section 5-117 contains the term "any other supplier," both the purpose clause in subsection (a) and the sub clauses identifying the specific information required to be in the annual report in subsection (c) are specifically limited to "companies."

  The City has and will continue to work with the Illinois Commerce Commission staff through its state-wide utility association, Illinois Municipal Utilities Association ("IMUA"), in an attempt to develop methods of tracking and a scope of information that the City can submit in the future on a voluntary basis.

IF YOUR ANSWER TO EITHER QUESTION 7 OR 8 IS "NO", YOU MAY STOP HERE; OTHERWISE, PROCEED TO QUESTION 9
