RE: Case 11-0479, Clearview Electric's Response to Administrative Law Judge's Ruling of July 1, 1011

Dear Sir/Madam:

Pursuant to Part 451.50 for Case 11-0479 Clearview Electric's application for ARES, and in response to the Administrative Law Judge's Ruling on July 1, 2011, Clearview Electric Inc. submits the attached responses.

In regards to Section 451.50, Clearview has filed the fully executed copy of the permit bond agreement under separate cover on July 5, 2011.

In regards to Section 451.340, Clearview submits confidentially (and in redacted form) an amended Attachment G, attached. The amended Attachment G should substitute the originally filed Attachment G, filed on June 9, 2011. The amended Attachment G includes a summary section clarifying the roles and responsibilities of Francis X. (Frank) McGovern within Clearview Electric. A resume for "Frank McGovern" was provided in the original Attachment G and is re-filed here, to provide detail of Francis X. (Frank) McGovern's prior experience. Furthermore, this summary section fully outlines how Clearview meets the managerial and technical requirements required in Section 451.340 with the names, titles, and summary of experience for each individual being used to satisfy each requirement. Additional detail is provided in resumes or individual's summaries which follow the initial summary.

Clearview contracts with two consulting companies to satisfy most of the technical aspects of its managerial and technical requirements, Customized Energy Solutions, and EC Infosystems. Summaries of these two companies are attached. The technical expertise of the two contracted companies is very extensive.
