SENT VIA EMAIL

Mr. Darin Burk
Manager, Gas Pipeline Safety
Illinois Commerce Commission
527 E. Capitol Avenue
Springfield, Illinois 62701

Dear Darin:

This letter is in response to the Notice of Amendment (NOA) issued on October 31, 2014, following an ICC Staff review of the Ameren Illinois (AIC) Operations and Maintenance Plan during Inspection # 2014-P-00426 on September 16-18, 2014.

As a result of the review, Staff issued NOA # 2014-A001-00117 indicating that the AIC Gas Operations & Maintenance (O&M) Plan does not give a definitive statement about when, how, or if electrofusion boxes will be calibrated. Staff requested that a process be identified in the O&M Plan for ensuring proper maintenance of the electrofusion boxes.

If the NOA is being contested, Staff had requested a response to this notice by December 1, 2014, with a detailed written explanation and any necessary supporting documents. If the NOA is not being contested, Staff has requested an acknowledgement that amended procedures will be provided to their office by January 29, 2015.

AIC has reviewed Staff's request and will provide you with a copy of amended procedures by January 29, 2015.

Sincerely,

John W Bozarth

John W. Bozarth
Manager, Gas Compliance & Training
