Re: Illinois Power Agency Draft 2012 Power Procurement Plan
Comments of Commonwealth Edison Company

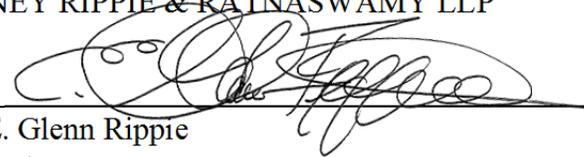

Dear Mr. Pruitt and Ms. Oost:

Transmitted herewith are the comments of Commonwealth Edison Company (“ComEd”) on the Draft 2012 Power Procurement Plan that was posted on the Illinois Power Agency’s website on August 15, 2011, together with a copy of that plan edited to reflect ComEd’s comments in legislative, or “redlined,” form.

Also, the copy of the ComEd load forecast attached to the draft Plan appeared to be difficult to read in at least some copies and prints. ComEd is therefore also transmitting with this letter a clean PDF of that forecast, as previously submitted, in case use of such a digital file will assist the IPA in assembling the final plan.

Very truly yours,

ROONEY RIPPIE & RATNASWAMY LLP
