June 28, 2017

The Honorable Members of the Illinois General Assembly
State House
Springfield, Illinois

Dear Honorable Members of the Illinois General Assembly:

Pursuant to Section 21-1101(k) of the Illinois Public Utilities Act, the Illinois Commerce Commission submits the attached Annual Report on Cable and Video Service Deployment by Providers Granted State-Issued Cable and Video Service Authorization.

The Cable and Video Competition Law of 2007 directs the ICC to submit to the General Assembly a report containing year-end data collected from holders of State-issued video and cable services authorizations. The law requires holders of State-issued video and cable services authorizations to meet certain deployment benchmarks by set dates after they receive state authorization. These dates and deployment benchmarks vary according to the providers' number of telecommunications access lines in the State.

Sincerely,

A handwritten signature in black ink, appearing to read "B. Sheahan".

Brien J. Sheahan
Chairman

Annual Report on Cable and Video Service Deployment
by Providers Granted State-Issued Cable and Video
Service Authorization

Submitted to the Illinois General Assembly
Pursuant to Section 21-1101(k) of the
Illinois Public Utilities Act

Illinois Commerce Commission
527 East Capitol Avenue
Springfield, Illinois 62701

July 2017

Introduction

The Cable and Video Competition Law of 2007¹ (“Cable and Video Law”) directs holders of State-issued video and cable services authorizations to annually report to the Illinois Commerce Commission (“Commission”) cable and video service deployment information. Section 21-1101(j) of the Cable and Video Law² states:

- (j) Every holder of a State-issued authorization, no later than April 1, 2009, and annually no later than April 1 thereafter, shall report to the Commission for each of the service areas as described in subsections (c) and (d) of this Section in which it provides access to its video service in the State, the following information:
 - (1) Cable service and video service information:
 - (A) The number of households in the holder’s telecommunications service area within each designated market area as described in subsection (c) of this Section or exchange or local unit of government as described in subsection (d) of this Section in which it offers video service.
 - (B) The number of households in the holder’s telecommunications service area within each designated market area as described in subsection (c) of this Section or exchange or local unit of government as described in subsection (d) of this Section that are offered access to video service by the holder.
 - (C) The number of households in the holder’s telecommunications service area in the State.
 - (D) The number of households in the holder’s telecommunications service area in the State that are offered access to video service by the holder.
 - (2) Low-income household information:
 - (A) The number of low-income households in the holder’s telecommunications service area within each designated

¹ 220 ILCS 5/21-100, et seq.

² 220 ILCS 5/21-1101(j).

market area as described in subsection (c) of this Section, as further identified in terms of exchanges, or exchange or local unit of government as described in subsection (d) of this Section in which it offers video service.

- (B) The number of low-income households in the holder's telecommunications service area within each designated market area as described in subsection (c) of this Section, as further identified in terms of exchanges, or exchange or local unit of government as described in subsection (d) of this Section in the State that are offered access to video service by the holder.
- (C) The number of low-income households in the holder's telecommunications service area in the State.
- (D) The number of low-income households in the holder's telecommunications service area in the State that are offered access to video service by the holder.³

Once the holder of a State-issued authorization has satisfied the build-out requirements of Section 21-1101(c),⁴ the holder is required to annually report relative to Section 21-1101(j-5), as follows:

³ The Cable and Video Law defines a "Local unit of government" as "a city, village, incorporated town, or a county," defines "a Telecommunications service area" as "the area designated by the Commission as the area in which a telecommunications company was obligated to provide non-competitive local telephone service as of February 8, 1996 as incorporated into Section 13-202.5 of this Act," and defines a "Designated market area" as "a designated market area, as determined by Nielsen Media Research and published in the 1999-2000 Nielsen Station Index Directory and Nielsen Station Index United States Television Household Estimates or any successor publication. For any designated market area that crosses State lines, only households in the portion of the designated market area that is located within the holder's telecommunications service area in the State where access to video service will be offered shall be considered." 220 ILCS 5/21-201. The Cable and Video Law refers to the Telecommunications Article of the Public Utilities Act for the definition of exchange, where exchange is defined as "a geographical area for the administration of telecommunications services, established and described by the tariff of a telecommunications carrier providing local exchange telecommunications service, and consisting of one or more contiguous central offices, together with associated facilities used in providing such local exchange telecommunications service. To the extent practicable, a municipality, city, or village shall not be located in more than one exchange unless the municipality, city, or village is located in more than one exchange through annexation that occurs after the establishment of the exchange boundary." 220 ILCS 5/ 21-201 and 220 ILCS 5/13-206.

⁴ Section 21-1101(c) addresses holders using telecommunications facilities and has over 1,000,000 access lines. Within 3 years, such holders shall provide cable or video service to at least 35% of the households within 3 designated service areas. Within 5 years, such holders shall provide cable or video service to at least 50% of the households within the 3 designated service areas. Section 21-1101(c) holders are also

- (1) Cable service and video service information:
 - (A) The number of households in the holder's telecommunications service area within each designated market area in which it offers cable service or video service.
 - (B) The number of households in the holder's telecommunications service area within each designated market area that are offered access to cable service or video service by the holder.
 - (C) The number of households in the holder's telecommunications service area in the State.
 - (D) The number of households in the holder's telecommunications service area in the State that are offered access to cable service or video service by the holder.
 - (E) The exchanges or local units of government in which the holder added cable service or video service in the prior year.
- (2) Low-income household information:
 - (A) The number of low-income households in the holder's telecommunications service area within each designated market area in which it offers video service.
 - (B) The number of low-income households in the holder's telecommunications service area within each designated market area that are offered access to video service by the holder.
 - (C) The number of low-income households in the holder's telecommunications service area in the State.
 - (D) The number of low-income households in the holder's telecommunications service area in the State that are offered access to video service by the holder.

required to deploy cable or video service so that at least 30% of the total households with access to the holder's cable or video service shall be low-income. The holder is also obligated to provide access to cable or video service to a percentage of low-income households that is at least equal to the percentage of the total low-income households within that exchange.

Once the holder of a State-issued authorization has satisfied the build-out requirements of Section 21-1101(d),⁵ the holder is required to annually report relative to Section 21-1101(j-10), as follows:

(1) Cable service and video service information:

- (A) The number of households in the holder's footprint in which it offers cable service or video service.
- (B) The number of households in the holder's footprint that are offered access to cable service or video service by the holder.
- (C) The exchanges or local units of government in which the holder added cable service or video service in the prior year.

(2) Low-income household information:

- (A) The number of low-income households in the holder's footprint in which it offers cable service or video service.
- (B) The number of low-income households in the holder's footprint that are offered access to cable service or video service by the holder.

The Cable and Video Law directs the Commission to include the deployment information supplied to it by holders of State-issued video and cable services authorizations in an annual report to the General Assembly. Section 21-1101(k) of the Cable and Video Law⁶ provides that:

The Commission, within 30 days of receiving the first report from holders under this Section, and annually no later than July 1 thereafter, shall submit to the General Assembly a report that includes, based on year-end data, the information submitted by holders pursuant to subdivisions (1) and (2) of subsections (j), (j-5), and (j-10) of this Section. The Commission shall make this report available to any member of the public or any local unit of government upon request. All information

⁵ Section 21-1101(d) addresses all holders other than those referenced in Section 21-1101(c). Within 3 years, such holders shall provide cable or video service to at least 35% of the households within each exchange or local unit of government within its service area. Within 5 years, such holders shall provide cable or video service to at least 50% of the households within each exchange or local unit of government within its service area. Section 21-1101(d) holders are also required to deploy cable or video service so that at least 30% of the total households with access to the holder's cable or video service shall be low-income. The holder is also obligated to provide access to cable or video service to a percentage of low-income households that is at least equal to the percentage of the total low-income households within that exchange or local unit of government.

⁶ 220 ILCS 5/21-1101(k).

submitted to the Commission and designated by holders as confidential and proprietary shall be subject to the disclosure provisions in subsection (c) of Section 21-401 of this Act. No individually identifiable customer information shall be subject to public disclosure.

Commission Activities Related to the Cable and Video Competition Law of 2007

Since the Cable and Video Law took effect on June 30, 2007, the Commission has approved sixteen applications from companies seeking authorization to provide cable or video services.

- On October 24, 2007 in Docket No. 07-0493, the Commission approved the application of Illinois Bell Telephone Company (“AT&T Illinois”) to provide video service, and authorized AT&T Illinois to use, occupy and construct facilities in the public rights of way for the delivery of video service in the service area footprint.
- On April 21, 2010 in Docket No. 10-0048, the Commission approved WideOpenWest Illinois, LLC’s application to provide video service, and authorized WideOpenWest Illinois, LLC to use, occupy and construct facilities in the public rights of way for the delivery of video service in the service area footprint.
- On February 10, 2011 in Docket No. 11-0029, the Commission approved Highland Communication Services’ application to provide video service, and authorized Highland Communication Services to use, occupy and construct facilities in the public rights of way for the delivery of video service in the service area footprint.
- On January 23, 2014 in Docket Nos. 14-0009, 14-0010, 14-0109, and 14-0194, the Commission approved Mediacom Illinois LLC’s application to provide cable service, and authorized Mediacom Illinois LLC to use, occupy and construct facilities in the public rights of way for the delivery of cable service in the service area footprint.
- On March 5, 2014 in Docket Nos. 14-0100, 14-0193, and 14-0195, the Commission approved MCC Illinois LLC’s application to provide cable service, and authorized MCC Illinois LLC to use, occupy and construct facilities in the public rights of way for the delivery of cable service in the service area footprint.
- On August 1, 2014 in Docket No. 14-0450, the Commission approved the application of US Sonet LLC to provide cable service, and authorized US Sonet LLC to use, occupy and construct facilities in the public rights of way for the delivery of cable service in the service area footprint.
- On September 19, 2014 in Docket Nos. 14-0531, 14-0532 and 14-0533, the Commission approved the application of three Comcast affiliates, Comcast of

Florida/Georgia/Illinois/Michigan, LLC, Comcast of Illinois III, Inc. d/b/a CHICAGO CABLE TV-IV, and Comcast of South Chicago, Inc. to provide cable service, and authorized Comcast to use, occupy and construct facilities in the public rights of way for the delivery of cable service in Chicago vicinity known as Chicago Areas 2 and 3, Chicago Area 4, and Chicago Area 5, respectively. At its April 23, 2015 Bench Session, the Commission approved the application of the Comcast affiliate Comcast of Chicago, Inc. to also provide cable service in Chicago Area 1.

- On March 12, 2015 in Docket No. 15-0118, the Commission approved the application of Computer Techniques, Inc. d/b/a CTI Fiber to provide cable service, and authorized Computer Techniques, Inc. d/b/a CTI Fiber to use, occupy and construct facilities in the public rights of way for the delivery of cable service in the service area footprint.
- On March 26, 2015 in Docket No. 15-0170, the Commission approved the application of Illinois Rural Electric Cooperative to provide video service, and authorized Illinois Rural Electric Cooperative to use, occupy and construct facilities in the public rights of way for the delivery of video service in Calhoun County, the Village of Bluffs, and the Cities of Barry and Winchester.
- On June 5, 2015 in Docket No. 15-0352, the Commission approved the application of Mediacom Southeast LLC to provide cable service, and authorized Mediacom Southeast LLC to use, occupy and construct facilities in the public rights of way for the delivery of cable service in the Village of Alto Pass.
- On July 9, 2015 in Docket No. 15-0396, the Commission approved the application of RCN Telecom Services of Illinois, LLC to provide cable service, and authorized RCN Telecom Services of Illinois, LLC to use, occupy and construct facilities in the public rights of way for the delivery of cable service in the Village of Lincolnwood.
- On February 24, 2016 in Docket No. 16-0051, the Commission approved the application of Co-Mo Comm, Inc. to provide video service, and authorized Co-Mo Comm, Inc. to use, occupy and construct facilities in the public rights of way for the delivery of video service in Scott and Calhoun Counties, the Village of Bluffs, and the Cities of Barry and Winchester.
- On June 1, 2016 in Docket No. 16-0311, the Commission approved the application of iTV-3, LLC d/b/a iTV-3 of Central Illinois, LLC to use, occupy and construct facilities in the public rights of way for the delivery of video service in Champaign/Urbana and the Village of Dunlap.
- On October 19, 2016, in Docket No. 16-0445, the Commission approved the amended application of Frontier North Inc. to use, occupy and construct facilities

in the public rights of way for the delivery of video service in its service area footprint. Frontier North Inc. subsequently experienced negotiation difficulty on retransmission rights, and on March 13, 2017 submitted a supplemental amended application seeking re-authorization, which the Commission granted on April 17, 2017.

- On January 11, 2017 in Docket No. 16-0592, the Commission approved the application of Wabash Independent Networks, Inc. to use, occupy and construct facilities in the public rights of way for the delivery of video service in the Villages of Odin, Iuka, and Sandoval.
- On May 10, 2017 in Docket No. 17-0199, the Commission approved the application of Consolidated Communications Enterprise Services, Inc. to use, occupy and construct facilities in the public rights of way for the delivery of video service in 41 central Illinois communities.

Summary of Reports

AT&T Illinois' Ninth Annual Report to the Commission

On March 16, 2017, AT&T Illinois submitted to the Commission a document entitled "Re: Docket 07-0493 AT&T Illinois Ninth Annual Video Service Access Report," included as Attachment A. The AT&T Illinois report consists of a summary letter, a page of Definitions and Descriptions, and one attachment for the year ending December 31, 2016.

For 2013, AT&T Illinois reported satisfying the requirements of Section 21-1101(c) of the Cable and Video Law. Accordingly, AT&T Illinois' Ninth Annual Report was submitted in compliance with Section 21-1101(j-5) of the Cable and Video Law, which is described in the Introduction section of this report. AT&T Illinois reported, among other information:

- The number of households in AT&T Illinois' telecommunications service area within the Champaign & Springfield-Decatur DMA in which it offers video service has increased from 96,606 in 2015 to 97,198 in 2016.
- The number of households in AT&T Illinois' telecommunications service area within the Chicago DMA in which it offers video service has increased from 2,219,502 in 2015 to 2,222,623 in 2016.
- The number of households in AT&T Illinois' telecommunications service area within the St. Louis DMA in which it offers video service has increased from 79,914 in 2015 to 81,054 in 2016.
- The number of households in AT&T Illinois' telecommunications service area in the State that are offered access to video service by AT&T Illinois has increased from 2,396,022 in 2015 to 2,400,874 in 2016.

- The number of exchanges or local units of government in which AT&T Illinois added video service was 2 in 2016.
- The number of low-income households in AT&T Illinois' telecommunications service area within the Champaign & Springfield-Decatur DMA in which it offers video service has increased from 42,814 in 2015 to 43,669 in 2016.
- The number of low-income households in AT&T Illinois' telecommunications service area within the Chicago DMA in which it offers video service has increased from 616,502 in 2015 to 621,996 in 2016.
- The number of low-income households in AT&T Illinois' telecommunications service area within the St. Louis DMA in which it offers video service has increased from 26,647 in 2015 to 27,647 in 2016.
- The number of low-income households in AT&T Illinois' telecommunications service area in the State that are offered access to video service by AT&T Illinois has increased from 685,964 in 2015 to 693,311 in 2016.

WideOpenWest Illinois, LLC's Seventh Annual Report to the Commission

WideOpenWest Illinois, LLC provided its seventh annual report to the Commission on January 19, 2017, included as Attachment B. WideOpenWest Illinois, LLC indicated that, as of December 31, 2016, its State-Issued Authorization area encompassed 24 service areas, including the cities of Chicago (Area 5), Naperville, Elgin, and Schaumburg, adding Gilbert in 2016. WideOpenWest Illinois, LLC previously reported compliance with the three-year and five-year build-out requirements in Sections 21-1101(d)(1) and 21-1101(d)(2).

WideOpenWest, LLC indicated that it offers cable service to 435,569 of its 530,609 households, or 82%, and has deployed to all low income households in its State-Issued Authorization area or (a 35% low-income build out).

Highland Communication Services Sixth Report to the Commission

Highland Communication Services provided its sixth annual report to the Commission on April 12, 2017, included as Attachment C. Highland Communication Services provides video services for the City of Highland and surrounding areas. Highland Communication Services previously reported compliance with the three-year build out requirements in Sections 21-1101(d)(1) and 21-1101(d)(2).

Highland Communication Services indicated that it offers cable service to 3,840 of its 4,639 households, or 83%. Highland Communication Services reports a 29% low-income build out and provides access to a percentage of low-income households that is at least

equal to the percentage of the total low-income households within the local unit of government that it serves.

Mediacom Illinois LLC's Third Report to the Commission

Mediacom Illinois LLC submitted its revised third annual report on May 8, 2017 for the year ending December 31, 2016, included as Attachment D. Mediacom Illinois LLC provides cable services to 164 distinct service areas throughout Illinois, including Carbondale, Effingham, Marion, Murphysboro, and Mattoon.

Mediacom Illinois LLC indicated that it offers cable service to 195,126 of its 195,875 households, or 99%, already surpassing the 5-year 50% build out compliance requirements per Section 21-1101(d)(1) of the PUA. In areas where Mediacom Illinois LLC is an incumbent provider of cable services it is, pursuant to Section 21-301(b) "obligated to provide access to cable services or video services within any local unit of government at the same levels required by the local franchising authorities for the local unit of government on June 30, 2007."

Mediacom Illinois LLC's report indicated compliance with the low-income provision of Section 21-1101(d)(2) of the PUA that requires at least 30% of the total households with access to its cable or video services to be low-income within 3 years after the date that it received authorization from the Commission to provide service. As of December 31, 2016, Mediacom Illinois LLC reports a 40% low-income build out.

Mediacom Illinois LLC is in compliance with the low-income provisioning requirement of Section 21-1101(d)(2) of the PUA, which requires Mediacom Illinois LLC to provide access to a percentage of low-income households that is at least equal to the percentage of the total low-income households within the local unit of government that it serves. Mediacom Illinois LLC provides service to 40% of low-income households in its service territory, which contains 40% low-income households.

MCC Illinois LLC's Third Report to the Commission

MCC Illinois LLC submitted its revised third annual report on May 8, 2017 for the year ending December 31, 2016, included as Attachment E. Mediacom Illinois LLC identified 28 cable service areas, including Moline, Williamson County and Coles County.

MCC Illinois LLC indicated that it offers cable service to 64,428 of its 94,614 households, or 68%, already surpassing the 5-year 50% build out compliance requirements per Section 21-1101(d)(1) of the PUA. In areas where MCC Illinois LLC is an incumbent provider of cable services it is, pursuant to Section 21-301(b) "obligated to provide access to cable services or video services within any local unit of government at the same levels

required by the local franchising authorities for the local unit of government on June 30, 2007.”

MCC Illinois LLC’s report indicated compliance with the low-income provision of Section 21-1101(d)(2) of the PUA that requires at least 30% of the total households with access to its cable or video services to be low-income within 3 years after the date that it received authorization from the Commission to provide service. As of December 31, 2016, MCC Illinois LLC reports a 43% low-income build out.

MCC Illinois LLC is also in compliance with the low-income provisioning requirement of Section 21-1101(d)(2) of the PUA, which requires MCC Illinois LLC to provide access to a percentage of low-income households that is at least equal to the percentage of the total low-income households within the local unit of government that it serves.

US Sonet LLC’s (“Lightspeed”) Third Report to the Commission

Per communication with US Sonet LLC’s (“Lightspeed”) Acting CEO/President on May 3, 2017 and Wabash Independent Networks’ (“WIN”) Executive Vice President/General Manager on May 8, 2017, Lightspeed’s service territory was acquired by WIN on March 24, 2017.

Comcast’s Third Report to the Commission

Comcast of Florida/Georgia/Illinois/Michigan, LLC, Comcast of Illinois III, Inc. d/b/a CHICAGO CABLE TV-IV, and Comcast of South Chicago, Inc. received State-issued authorization to provide cable services to the City of Chicago Areas 2, 3, 4 and 5 on September 19, 2014. Comcast of Chicago, Inc. received Commission approval to provide cable service to the City of Chicago Area 1 on April 23, 2015. Comcast of Florida/Georgia/Illinois/Michigan, LLC, Comcast of Illinois III, Inc. d/b/a CHICAGO CABLE TV-IV, Comcast of South Chicago, Inc., and Comcast of Chicago, Inc. (“Comcast”) submitted its third annual report on February 15, 2017 for year ending December 31, 2016, included as Attachment G.

Comcast reported that, with respect to the City of Chicago, Comcast is an “incumbent cable operator” because Comcast, on January 1, 2007, provided cable service in and throughout the City of Chicago pursuant to franchise agreements. Pursuant to and in accordance with those local franchise agreements, Comcast provided cable service access to 100% of low income households throughout its City of Chicago “footprint.” Because Comcast is an incumbent cable operator under the Cable and Video Competition Law of 2007 (“Act”), Comcast must provide cable access in its service territory (i.e., City of Chicago) on the same terms and in a geographic area no smaller than it did on June 30, 2007. Therefore, Comcast contends it is fully compliant with these obligations under the Act.

Comcast states that the United States Census Bureau's most recent estimate of the number of "low income households," as defined in Section 21-201(p) of the Illinois Public Utilities Act, located within the City of Chicago is 399,850, and that Comcast provides access to 100% of those low income households.

Computer Techniques, Inc. d/b/a CTI Fiber's Second Report to the Commission

Computer Techniques, Inc. d/b/a CTI Fiber submitted its second annual report on January 9, 2017 for the year ending December 31, 2016, included as Attachment H. Computer Techniques, Inc. d/b/a CTI Fiber provides cable services to the City of Taylorville.

Computer Techniques, Inc. d/b/a CTI Fiber indicated that it offers cable service to 4,647 of its 4,956 households, or 94%, already surpassing 3-year 35% build out as well as the 5-year 50% build out compliance requirements per Section 21-1101(d)(1) of the PUA.

Computer Techniques, Inc. d/b/a CTI Fiber's report indicated compliance with the low-income provision of Section 21-1101(d)(2) of the PUA that requires at least 30% of the total households with access to its cable or cable services to be low-income within 3 years after the date that it received authorization from the Commission to provide service. As of December 31, 2016, Computer Techniques, Inc. d/b/a CTI Fiber reports a 43% low-income build out.

Computer Techniques, Inc. d/b/a CTI Fiber is also in compliance with the low-income provisioning requirement of Section 21-1101(d)(2) of the PUA, which requires Computer Techniques, Inc. d/b/a CTI Fiber to provide access to a percentage of low-income households that is at least equal to the percentage of the total low-income households within the local unit of government that it serves.

Illinois Rural Electric Cooperative's Second Report to the Commission

Illinois Rural Electric Cooperative submitted its second annual report on May 3, 2017 for the year ending December 31, 2016, included as Attachment I. Illinois Rural Electric Cooperative provides video services to the City of Winchester and the Village of Bluffs.

Illinois Rural Electric Cooperative indicated that it offers cable service to 1,444 of its 1,444 households, or 100%, already surpassing the 3-year 35% build out as well as the 5-year 50% build out compliance requirements per Section 21-1101(d)(1) of the PUA.

Illinois Rural Electric Cooperative's report indicated work remains to be done relative to the low-income provision of Section 21-1101(d)(2) of the PUA that requires at least 30% of the total households with access to its cable or video services to be low-income within 3 years after the date that it received authorization from the Commission to provide service. As of December 31, 2016, Illinois Rural Electric Cooperative reports a 14% low-income build out.

Illinois Rural Electric Cooperative is in compliance with the low-income provisioning requirement of Section 21-1101(d)(2) of the PUA, which requires Illinois Rural Electric Cooperative to provide access to a percentage of low-income households that is at least equal to the percentage of the total low-income households within the local unit of government that it serves.

Mediacom Southeast LLC's Second Report to the Commission

Mediacom Southeast LLC submitted its revised second annual report on May 8, 2017 for the year ending December 31, 2016, included as Attachment J. Mediacom Southeast LLC provides cable services to Perry County and Mound.

Mediacom Southeast LLC indicated that it offers cable service to 184 of its 374 households, or 49%, already surpassing the 3-year 35% build out compliance requirements per Section 21-1101(d)(1) of the PUA. In areas where Mediacom Southeast LLC is an incumbent provider of cable services it is, pursuant to Section 21-301(b) "obligated to provide access to cable services or video services within any local unit of government at the same levels required by the local franchising authorities for the local unit of government on June 30, 2007."

Mediacom Southeast LLC's report indicated compliance relative to the low-income provision of Section 21-1101(d)(2) of the PUA that requires at least 30% of the total households with access to its cable or cable services to be low-income within 3 years after the date that it received authorization from the Commission to provide service. As of December 31, 2016, Mediacom Southeast LLC reports a 49% low-income statewide build out.

Mediacom Southeast LLC is in compliance with the low-income provisioning requirement of Section 21-1101(d)(2) of the PUA, which requires Mediacom Southeast LLC to provide access to a percentage of low-income households that is at least equal to the percentage of the total low-income households within the local unit of government that it serves.

RCN Telecom Services of Illinois, LLC's Second Report to the Commission

RCN Telecom Services of Illinois, LLC submitted its second annual report on March 23, 2017 for the year ending December 31, 2016, included as Attachment K. RCN Telecom Services of Illinois, LLC provides cable services to the Village of Lincolnwood.

RCN Telecom Services of Illinois, LLC indicated that it offers cable service to 4,304 of its 4,640 households, or 93%, already surpassing the 3-year 35% build out as well as the 5-year 50% build out compliance requirements per Section 21-1101(d)(1) of the PUA..

RCN Telecom Services of Illinois, LLC's report indicates it is not yet in compliance relative to the low-income provision of Section 21-1101(d)(2) of the PUA that requires at least 30% of the total households with access to its cable or cable services to be low-income within 3 years after the date that it received authorization from the Commission to provide service. As of December 31, 2016, RCN Telecom Services of Illinois, LLC reports a 18% low-income build out.

RCN Telecom Services of Illinois, LLC is in compliance with the low-income provisioning requirement of Section 21-1101(d)(2) of the PUA, which requires RCN Telecom Services of Illinois, LLC to provide access to a percentage of low-income households that is at least equal to the percentage of the total low-income households within the local unit of government that it serves.

Co-Mo Comm, Inc.'s First Report to the Commission

Co-Mo Comm, Inc. submitted its first annual report on April 14, 2017 for the year ending December 31, 2016, included as Attachment L. Co-Mo Comm, Inc. provides cable services to 27 towns and counties in west-central Illinois.

Co-Mo Comm, Inc. reported that it offers cable service to 2,921 of its 9,955 households, or 29%, approaching the 3-year 35% build out compliance requirements per Section 21-1101(d)(1) of the PUA.

Co-Mo Comm, Inc.'s report indicates it is not yet in compliance relative to the low-income provision of Section 21-1101(d)(2) of the PUA that requires at least 30% of the total households with access to its cable or cable services to be low-income within 3 years after the date that it received authorization from the Commission to provide service. As of December 31, 2016, Co-Mo Comm, Inc. reports a 29% low-income build out.

Co-Mo Comm, Inc. is in compliance with the low-income provisioning requirement of Section 21-1101(d)(2) of the PUA, which requires Co-Mo Comm, Inc. to provide access to a percentage of low-income households that is at least equal to the percentage of the total low-income households within the local unit of government that it serves.

iTV-3, LLC d/b/a iTV-3 of Central Illinois, LLC's First Report to the Commission

iTV-3, LLC d/b/a iTV-3 of Central Illinois, LLC submitted its first annual report on March 31, 2017 for the year ending December 31, 2016, included as Attachment M. iTV-3, LLC d/b/a iTV-3 of Central Illinois, LLC provides cable services to Champaign/Urbana and the Village of Dunlap.

iTV-3, LLC d/b/a iTV-3 of Central Illinois, LLC reported that it offers cable service to 5,700 of its 49,173 households, or 12%.

iTV-3, LLC d/b/a iTV-3 of Central Illinois, LLC's report indicates it is not yet in compliance relative to the low-income provision of Section 21-1101(d)(2) of the PUA that requires at least 30% of the total households with access to its cable or cable services to be low-income within 3 years after the date that it received authorization from the Commission to provide service. As of December 31, 2016, iTV-3, LLC d/b/a iTV-3 of Central Illinois, LLC reports a 5% low-income build out.

iTV-3, LLC d/b/a iTV-3 of Central Illinois, LLC is not yet in compliance with the low-income provisioning requirement of Section 21-1101(d)(2) of the PUA, which requires iTV-3, LLC d/b/a iTV-3 of Central Illinois, LLC to provide access to a percentage of low-income households (42%) that is at least equal to the percentage of the total low-income households (46%) within the local unit of government that it serves.

Frontier North Inc.

Frontier North Inc. was not required to submit an annual report for calendar year 2016 since it did not receive final State-issued authorization to provide video services until April 27, 2017.

Wabash Independent Networks, Inc.

Wabash Independent Networks, Inc. was not required to submit an annual report for calendar year 2016 since it did not receive State-issued authorization to provide video services until January 11, 2017.

Consolidated Communications Enterprise Services, Inc.

Consolidated Communications Enterprise Services, Inc. was not required to submit an annual report for calendar year 2016 since it did not receive State-issued authorization to provide video services until May 10, 2017.

Conclusion

As required by the Cable and Video Law, the Commission provides this report summarizing deployment information supplied to it by holders of State-issued video. The Commission will, consistent with its statutory obligations, continue to monitor and annually report on cable and video deployment efforts pursuant to Section 21-1101(k) of the Illinois Public Utilities Act.

Springfield, Illinois 62794

ILLINOIS COMMERCE COMMISSION
CHIEF CLERK'S OFFICE

Re: Docket 07-0493 AT&T Illinois Ninth Annual Video Service Access Report

Dear Ms. Rolando:

This Ninth Annual Video Service Access Report issued by Illinois Bell Telephone Company (AT&T Illinois) is transmitted to you for filing.

This filing complies with the annual report requirement in Section 1101(j-5) of the Cable and Video Competition Law of 2013 (the "Act") (220 ILCS 5/21-100. et seq.).

On October 24, 2007, the Illinois Commerce Commission (the "Commission") approved the "Application for State-issued Authorization to Provide Video Service," filed by AT&T Illinois and granted it authority to provide video service in the requested video service area footprint. As a holder of that State-issued authorization, AT&T Illinois is subject to the video service access requirements in Section 21-1101(c) of the Act, and is required to file with the Commission video services access reports no later than April 1 annually. This annual report provides to the Commission the service access information and low-income information required by Section 21-1101(j-5) of the Act.

As demonstrated with the Fifth Annual Video Service Access Report, AT&T Illinois fully satisfied all requirements in subsection (c) as of its filing on March 22, 2013. As such only the subsection (j-5) reporting requirements continue to apply. To satisfy the subsection (j-5) reporting requirement, AT&T Illinois submits Attachment 1.

We respectfully request Commission acceptance of this Report.

Any questions and correspondence regarding this filing should be directed to Deno Perdiou, Director-External & Regulatory Affairs, who may be reached at:

AT&T Illinois
555 East Cook St., Floor 1E
Springfield, IL 62703
Tel. No.: (217) 789-5174

Please acknowledge receipt of this Report by returning the extra copy of this letter.

Sincerely,

A handwritten signature in black ink that reads "Deno Perdiou". The signature is written in a cursive style with a large initial "D" and "P".

Director – External & Regulatory Affairs

Enclosure

AT&T Illinois Ninth Annual Video Service Access Report

Data as of December 31, 2016

Definitions and Descriptions

Attachment 1 – Statewide and Designated Market Areas

Definitions and Descriptions for Attachments 1

“Access” means that AT&T Illinois is capable of providing video services at the household address using any technology, other than direct-to-home satellite service, which provides two-way broadband internet capability and video programming, content and functionality, regardless of whether any customer has ordered service or whether the owner or landlord or other responsible person has granted access to the household.

“HH” or “Household” means a house, an apartment, a mobile home, a group of rooms, or a single room that is intended for occupancy as separate living quarters. Separate living quarters are those in which the occupants live and eat separately from any other persons in the building and which have direct access from the outside of the building or through a common hall.

“LI” or “Low-income household” means those residential households located within the AT&T Illinois’ existing telecommunications service area where the average annual household income is less than \$35,000 based on the United States Census Bureau estimates adjusted annually to reflect rate of change and distribution.

“Designated Market Area” or “DMA” means a designated market area, as determined by Nielsen Media Research and published in the 1999-2000 Nielsen Station Index Directory and Nielsen Station Index United States Television Household Estimates or any successor publication. For any designated market area that crosses State lines, only households in the portion of the designated market area that is located within AT&T Illinois’ telecommunications service area where access to video service will be offered is included.

“Telco Footprint” shows the number of households in AT&T Illinois’ telecommunications service area at statewide and DMA levels.

“Current Build Footprint” and “Current Build Coverage %” shows the number and percent of households with access to video service in areas within AT&T Illinois’ State-issued authorization at statewide and DMA levels.

“Footprint LI” and “Footprint LI %” shows the number and percent of low-income households in AT&T Illinois’ Telecommunications service area at statewide and DMA levels.

“Current Build LI” and “Current Build LI %” shows the number and percent of low-income households with access to video service in areas within AT&T Illinois’ State-issued authorization at statewide and DMA levels.

Attachment 1

AT&T Illinois Annual Video Service Access Report

State	Telco HH Footprint	Current Build Footprint	Current Build Coverage %	Footprint LI	Current Build LI	Footprint LI%	Current Build LI%
Illinois	4,241,557	2,400,874	57%	1,295,581	693,311	31%	29%

Designated Market Area (DMA)	Telco HH Footprint	Current Build Footprint	Current Build Coverage %	Footprint LI	Current Build LI	Footprint LI%	Current Build LI%

RE: WideOpenWest Illinois, LLC (WOW): Annual Cable Service Report
Docket Number 10-0218

Dear Clerk:

In accordance with Section 21-1101(j) of the Public Utilities Act, we enclose for filing WideOpenWest Illinois, LLC's annual cable service information report.

By way of background, WOW filed its "Application for State Issued Authorization to Provide Cable Service" on March 23, 2010, which was approved in this docket on April 21, 2010.

The attached spreadsheet provides household and subscriber information relative to WOW's State Issued Authorization service area footprint as of December 31, 2016.

If you have any questions regarding these matters, please call me at 630-536-3121.

Sincerely,

A handwritten signature in cursive script that reads "Dominick Silvio".

RE: Highland Communication Services: Annual Cable Service Report, Docket Number 11-0029

Dear Clerk,

In accordance with Section 21-1101(j) of the Public Utilities Act, we enclose for filing Highland Communication Services' annual cable service information report.

By way of background, Highland Communication Services filed its original "Application for State-Issued Authorization to Provide Cable Service" on January 11, 2011, which was approved on January 21, 2011. As of May 19, 2015, Highland Communication Services had completed Phase 1, 2 and 3 of the designated area. Video was operational on December 1, 2011.

The attached spreadsheet provides households and subscriber information relative to Highland Communication Service State-Issued Authorization service area footprint as of April 12, 2017.

Please contact the undersigned if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Mark Latham". The signature is written in a cursive, flowing style.

Mark Latham,

Re: Annual Cable Service Report; Comcast of Chicago, Inc.; Comcast of Florida/Georgia/Illinois/Michigan, LLC; Comcast of Illinois III, Inc.; and Comcast of South Chicago, Inc.

Dear Chief Clerk Rolando:

In accordance with Section 21-1101(j) of the Cable and Video Competition Law of 2007 ("Act"), provided below is the Annual Cable Service Report through December 31, 2016, for: Comcast of Chicago, Inc. (Chicago Area 1); Comcast of Florida/Georgia/Illinois/Michigan, LLC (Chicago Areas 2 and 3); Comcast of Illinois III, Inc. (Chicago Area 4); Comcast of South Chicago, Inc. (Chicago Area 5).

With respect to the City of Chicago, Comcast is an "incumbent cable operator"¹ because Comcast, on January 1, 2007, provided cable service in and throughout the City of Chicago pursuant to local franchise agreements. Pursuant to and in accordance with those local franchise agreements, Comcast provided cable service access to 100% of low-income households throughout its City of Chicago "footprint". Because Comcast is an incumbent cable operator under the Act, Comcast must provide cable access in its service territory (i.e. City of Chicago) on the same terms and in a geographic area no smaller than it did on June 30, 2007. Comcast continues to provide cable service in Chicago at the same levels and throughout the same geographic area as it did on June 30, 2007. Therefore, Comcast is fully compliant with these obligations under the Act.

The United States Census Bureau's most recent estimate of the number of "low-income households"², as defined in Section 21-201(p) of the Illinois Public Utilities Act, located within the City of Chicago is 399,850. Comcast provides access to 100% of low-income households (i.e. 399,850) throughout the City of Chicago.

Please contact me at (224) 229-5036 if you have any questions or need additional information.

Sincerely,

Matthew Summy
Vice President, External and Government Affairs

¹ "Incumbent cable operator" means a person or entity that provided cable services or video services in a particular area under a franchise agreement with a local unit of government pursuant to Section 11-42-11 of the Illinois Municipal Code (65 ILCS 5/11-42-11) or Section 5-1095 of the Counties Code (55 ILCS 5/5-1095) on January 1, 2007. [See 220 ILCS 5/21-201 (m)]

² The Census Bureau reported number of "low-income households" has been updated utilizing the 2011-2015 American Community Survey 5-Year Estimates which provides estimates of various demographic data, including household income, annually through the American Community Survey.

RE: Computer Techniques, Inc. d.b.a CTI Fiber annual cable service report

Dear Clerk,

In accordance with Section 21-1101(j) of the Public Utilities Act, we enclose for filing Computer Techniques, Inc. d.b.a CTI Fiber's annual cable service information report.

Computer Techniques, Inc. filed for its original "Application for State-Issued Authorization to Provide Cable Service" on February 23rd, 2015 and was approved on March 11th, 2015.

This is Computer Techniques, Inc.'s second annual report since authorized to provide cable service. Computer Techniques, Inc. is currently constructing facilities in Taylorville, IL and is on Phase 8 of an 8 phase construction project.

The attached spreadsheet provides households and subscriber information relative to Computer Techniques, Inc.'s service area footprint as of January 6th, 2017.

Please contact me if you have any questions.

Sincerely,

Billy J. Williams

President, Computer Techniques, Inc.
