Local Access and Transport Area. The area within which the Company provides local and long distance ("intraLATA") service. For call to numbers outside the area ("interLATA") service is provided by long distance companies.

LINK

The physical facility from the network interface on an end-user's or carrier's premises to the point of interconnection on the main distribution frame of the Company's central office.

LOCAL CALL

A call which, if placed by a customer over the facilities of the Company, is not rated as a toll call.

LOCAL CALLING AREA

The area, consisting of one or more central office districts, within which a subscriber for exchange service may make telephone calls without a toll charge.

LOCAL SERVICE

Telephone exchange service within a local calling area.

LOOP START

Describes the signaling between the terminal equipment or PBX/key system interface and the Company's switch. It is the signal requesting service.

EXPLANATION OF TERMS (Cont'd)

LOOPS

Segments of a line which extend from the serving central office to the originating and to the terminating point.

MESSAGE RATE SERVICE

A type of exchange service provided at a monthly rate with an additional charge for local calling based on the usage of the local network. One completed call is equal to one message.

MOVE

The disconnection of existing equipment at one location and reconnection of the same equipment at a new location in the same building or in a different building on the same premises.

MULTILINE HUNT

A method of call signaling by which a call placed to one number is subsequently routed to one or more alternative numbers when the called number is busy.

ON-NET

Telecommunications services which are transported exclusively over facilities installed by the Company rather than the facilities of another carrier.

PORT

A connection to the switching network with one or more voice grade communications channels, each with a unique network address (telephone number) dedicated to the customer. A port connects a link to the public switched network.

2.1.1 Obligation of the Company

In furnishing facilities and service, the Company does not undertake to transmit messages, but furnishes the use of its facilities to its customers for communications. The Company undertakes to furnish communications service pursuant to the terms of this Tariff in connection with one-way and/or two-way information transmission between points within the State of Illinois.

- A. The Company reserves the right to limit or to allocate the use of existing facilities, or of additional facilities offered by the Company, when necessary because of lack of facilities, or due to some other cause beyond the Company's control.
- B. The furnishing of service under this Tariff is subject to the availability on a continuing basis of all the necessary facilities and is limited to the capacity of the Company's facilities as well as facilities the Company may obtain from other carriers to furnish service from time to time as required at the sole discretion of the Company.

The Company's obligation to furnish facilities and service is dependent upon its ability (a) to secure and retain, without unreasonable expense, suitable facilities and rights for the construction and maintenance of the necessary circuits and equipment; (b) to secure and retain, without unreasonable expense, suitable space for its plant and facilities in the building where service is or will be provided to the customer; or (c) to secure reimbursement of all costs where the owner or operator of a building demands relocation or rearrangement of plant and facilities used in providing service therein.

2.1 USE OF FACILITIES AND SERVICES (Cont'd)

2.1.3 Use of Service

Any service provided under this Tariff may be resold to or shared (jointly used) with other persons at the customer's option. The customer remains solely responsible for all use of service ordered by it or billed to its telephone number(s) pursuant to this Tariff, for determining who is authorized to use its service, and for promptly notifying the Company of any unauthorized use. The customer may advise its customers that a portion of its service is provided by the Company, but the customer shall not represent that the Company jointly participates with the customer in the provision of the service.

2.1.4 Use and Ownership of Equipment

The Company's equipment, apparatus, channels and lines shall be carefully used. Equipment furnished by the Company shall remain its property and shall be returned to the Company whenever requested, within a reasonable period following the request, in good condition, reasonable wear and tear accepted. The customer is required to reimburse the Company for any loss of, or damage to, the facilities or equipment on the customer's premises, including loss or damage caused by agents, employees or independent contractors of the customer through any negligence.

2.1.5 Directory Errors

In the absence of gross negligence or willful misconduct and except for the allowances stated below, no liability for damages arising from errors or mistakes in or omissions of directory listings, or errors or mistakes in or omissions of listings obtainable from the directory assistance operator, including errors in the reporting thereof, shall attach to the Company.

2.1.5 Directory Errors (Cont'd)

An allowance for errors or mistakes in or omissions of published directory listings or for errors or mistakes in or omissions of listings obtainable from the directory assistance operator shall be given as follows:

- A. Free Listings: For free or no-charge published directory listings, credit shall be given at the rate of two times the monthly Tariff rate for an additional or charge listing for each individual, auxiliary or party line, PBX trunk or Centrex attendant loop affected, for the life of the directory or the charge period during which the error, mistake or omission occurs.
- B. Charge Listings: For additional or charge published directory listings, credit shall be given at the monthly Tariff rate for each such listing for the life of the directory or the charge period during which the error, mistake or omission occurs.
- C. Operator records: For free or charge listings obtainable from records used by the directory assistance operator, upon notification to the Company of the error, mistake or omission in such records by the subscriber, the Company shall be allowed a period of three business days to make a correction. If the correction is not made in that time, credit shall be given at the rate of 2/30ths of the basic monthly rate for the line or lines in question for each day thereafter that the records remain uncorrected. (Where Centrex attendant loops are involved, credit shall be given at the rate of 2/30ths of the basic monthly rate for PBX trunks.)

4. Credit limitation: The total amount of the credit provided for the preceding paragraphs 1, 2, and 3 shall not exceed, on a monthly basis, the total of the charges for each charge listing plus the basic monthly rate, as specified in paragraph 3, for the line or lines in question.
5. Definitions: As used in Paragraphs 1, 2, 3, and 4 above, the terms "error," "mistake" or "omission" shall refer to a discrepancy in the directory listing or directory assistance records which the Company has failed to correct and where the error affects the ability to locate a particular subscriber's correct telephone number. The terms shall refer to addresses only to the extent that an error, mistake or omission of an address places the subscriber on an incorrect street or in an incorrect community.
6. Notice: Such allowances or credits as specified in Paragraphs 1, 2, and 3 above, shall be given upon notice to the Company by the subscriber that such error, mistake or omission has occurred; provided, however, that when it is administratively feasible for the Company to have knowledge of such error, mistake or omission, the Company shall give credit without the requirement of notification by the subscribers.

2.2 MINIMUM PERIOD OF SERVICE

The minimum period of service is one month except as otherwise provided in this Tariff. The customer must pay the regular Tariffed rate for the service they subscribe to for the minimum period of service. If a customer disconnects service before the end of the minimum service period, that customer is responsible for paying the regular rates for the remainder of the minimum service period. When the service is moved within the same building, to another building on the same premises, or to a different premises entirely, the period of service at each location is accumulated to calculate if the customer has met the minimum period of service obligation.

If service is terminated before the end of the minimum period of service as a result of condemnation of property, damage to property requiring the premises to be abandoned, or by the death of the customer, the customer is not obligated to pay for service for the remainder of the minimum period.

If service is switched over to a new customer at the same premises after the first month's service, the minimum period of service requirements are assigned to the new customer if the new customer agrees in writing to accept them. For facilities not taken over by the new customer, the original customer is responsible for the remaining payment for the minimum service period in accordance with the terms under which the service was originally furnished.

2.3 PAYMENT FOR SERVICES RENDERED

2.3.1 Responsibility for All Charges

Any applicant for facilities or service may be required to sign an application form requesting the Company to furnish the facilities or service in accordance with the rates, charges, rules and regulations from time to time in force and effect. The customer is responsible for all local and toll calls originating from the customer's premises and for all calls charged to the customer's line where any person answering the customer's line agrees to accept such charge.

2.3.2 Deposits

Pursuant to 83 Illinois Administrative Code, Sections 735.100 and 735.110, the Company may request deposits of applicants for service and existing customers. All deposits will be based on the following:

- A. An applicant for business service may be required to pay an amount not to exceed four (4) months of the applicant's estimated monthly billing, based upon the average monthly bill for that class and type of service.
- B. An applicant for residential service may be required to pay an amount not to exceed two (2) months of the applicant's estimated monthly billing, based upon the average monthly bill for that class and type of service.
- C. A business service Customer may be required to pay an amount not to exceed four (4) months, based upon the Customer's average monthly billing for the past six (6) months. If the Customer has had service for less than six (6) months, the amount of the deposit will not exceed four (4) months of the estimated monthly billing for that class and type of service.

2.3.2 Deposits (Cont'd)

- D. A residential service Customer may be required to pay an amount not to exceed two (2) months, based upon the Customer's average monthly billing for the past six (6) months. If the Customer has had service for less than six (6) months, the amount of the deposit will not exceed two (2) months of the estimated monthly billing for that class and type of service.

For all applicants, one-half (1/2) of the amount of any deposit will be due prior to initiation of service. For all existing customers, one-half (1/2) of the amount of any deposit will be due within twelve (12) days from the date that a request for a deposit is made. The remaining one-half (1/2) of any deposit will be paid over the next two (2) billing periods. At the option of the applicant or Customer, a deposit may be paid on a more expedited schedule.

The amount of a deposit may be adjusted when the character or degree of the Customer's use of service has materially changed, or when it can be determined that the character or degree of the Customer's use will materially change, and such change is not temporary.

The Company will pay interest on all deposits made for the purpose of establishing credit at the percentage rate determined by the Commission, and will be compounded annually. In no case will interest be allowed for a period extending beyond the date a refund is due or the date service is terminated, whichever date is earlier. Interest will be computed from the date the deposit is paid and will be distributed to the Customer in accordance with the following:

- A. As an annual credit to the Customer's account, not to be performed more than once in a twelve (12) month period; or
- B. As an annual payment, not to be distributed more than once in a twelve (12) month period, as requested by the Customer; or

The Company will refund deposits, including accrued interest, when one of the following conditions are met:

- A. Within twelve (12) months upon surrender of the properly-endorsed receipt for the certificate of deposit or delivery of a cancellation receipt for the deposit, if the Company so requests, when all of the following are satisfied:
 - 1. The Customer has paid any past due bill for service owed to the Company; and
 - 2. Service has not been discontinued for nonpayment; and
 - 3. The Customer has not been delinquent in paying monthly bills a total of three (3) times; and (per 735.120.c.1.c, "customer has not paid late four (4) times)
 - 4. The Company has not presented evidence that the Customer used a device or scheme to obtain service without payment.

When service is terminated or the application is canceled and there are charges due the Company, the deposit and the interest will be applied to the charges, and the balance, if any, will be returned to the Customer or applicant.

Section 2 - GENERAL RULES AND REGULATIONS (Cont'd)

2.3 PAYMENT FOR SERVICES RENDERED (Cont'd)

2.3.3 Payment of Charges

Charges for facilities and service, other than usage charges, are due monthly in advance. All other charges are payable upon request of the Company. Bills are due on the due date shown on the bill and are payable at any business office of the Company, by U.S. Mail, or at any location designated by the Company. If objection is not received by the Company within three months after the bill is rendered, the items and charges appearing thereon shall be determined to be correct and binding upon the customer. A bill will not be deemed correct and binding upon the customer if the Company has records on the basis of which an objection may be considered, or if the customer has in his or her possession such Company records. If objection results in a refund to the customer, such refund will be with interest at the greater of the unadjusted customer deposit rate or the applicable late payment rate, if any, for the service classification under which the customer was billed. Interest will be paid from the date when the customer overpayment was made, adjusted for any changes in the deposit rate or late payment rate, compounded monthly, until the overpayment is refunded. Notwithstanding the foregoing, no interest will be paid by the Company on customer overpayments that are refunded within 30 days after the Company receives the overpayment.

In the case of a dispute between the Customer and the Company for service furnished to the Customer, which cannot be settled with mutual satisfaction, the Customer can take the following course of action:

- A. First, the Customer may request, and the Company will perform, an in-depth review of the disputed amount.
- B. Second, if there is still disagreement over the disputed amount after the investigation and review by a manager of the Company, the Customer may appeal to the Consumer Affairs Division of the Illinois Commerce Commission for its investigation and decision.

2.3.6 Customer Overpayments

The Company will provide interest on customer overpayments that are not refunded within 30 days of the date the Company receives the overpayment. An overpayment is considered to have occurred when payment in excess of the correct charges for service is made because of erroneous Company billing. The customer will be issued reimbursement for the overpayment, plus interest, or, if agreed to by the customer, credit for the amount will be provided on the next regular Company bill. The rate of interest shall be the greater of the customer deposit interest rate or the Company's applicable Late Payment Charge.

Interest shall be paid from the date when overpayment was made, adjusted for any changes in the deposit rate or late payment rate, and compounded monthly, until the date when the overpayment is refunded. The date when overpayment is considered to have been made will be the date on which the customer's overpayment was originally recorded to the customer's account by the Company.

2.4 INSTALLATION SERVICE

The Company provides a Half-Day Installation Plan, which offers customers half-day appointments (i.e., morning/afternoon or a rolling interval) for connection of Commission regulated service involving a customer premise visit.

2.6 TELEPHONE SURCHARGES/TAXES

2.6.1 General

In addition to the rates and charges applicable according to the rules and regulations of this Tariff, various surcharges and taxes may apply to the customer's monthly billing statement. The Customer is responsible for payment of any fees (including franchise and right-of-way fees), charges, surcharges and taxes (however designated) (including without limitation sales, use, gross receipts, excise, access or other taxes but excluding taxes on the Company's net income) imposed by any local, state, or federal government on or based upon the provision, sale or use of Network Services. Fees, charges, and taxes imposed by a city, county, or other political subdivision will be collected only from those Customers receiving service within the boundaries of that subdivision.

Company may discontinue service according to the following conditions upon five (5) days written notice:

- A. For violation of Company's filed tariffs; or
- B. For the non-payment of any proper charge as provided by Company's tariff, including one for the same class of service furnished to the applicant or Customer at the same or another location, or where the applicant or Customer voluntarily assumed, in writing, responsibility for the bills of another applicant or Customer; or
- C. For failure to make payment in accordance with the terms of a deferred payment agreement as defined in 83 Illinois Administrative Code, Part 735; or
- D. When the Company has reason to believe that a Customer has used a device or scheme to obtain service without payment and where the Company has so notified the Customer prior to disconnection; or
- E. Failure to meet or maintain the Company's credit requirements; or
- F. If the Customer provides false information to the Company regarding the Customer's identity, address, credit-worthiness, past, current or planned use of Company's services; or
- G. For Customer's breach of the contract for service between the Company and Customer; or
- H. Unauthorized resale of equipment or service.

In the event of disconnection, the notice to the Customer will inform the Customer of the right to appeal to the Consumer Affairs Division of the Illinois Commerce Commission, pursuant to 83 Illinois Administrative Code, Part 735.

2.8 SUSPENSION OR TERMINATION OF SERVICE

Notice of disconnection will be conducted according to the procedures of 83 Illinois Administrative Code, Section 735.130.

2.8.2 Exceptions to Suspension and Termination

Telephone service shall not be suspended or terminated for:

- a. Nonpayment of bills rendered for charges other than telephone service or deposits requested in connection with telephone service;
- b. Nonpayment for service for which a bill has not been rendered;
- c. Nonpayment for services, which have not been rendered;
- d. Nonpayment of any billed charge which is in dispute or for the nonpayment of a deposit which is in dispute during the period before a determination of the dispute is made by the Company in accordance with Company's complaint handling procedures. These procedures shall be in accordance with the Commission's Rules and Regulations.

Telephone service may be suspended or terminated for nonpayment of the undisputed portion of a disputed bill or deposit if the customer does not pay the undisputed portion after being asked to do so.

- e. Nonpayment of back-billed amounts as outlined in Section 2.10.12.

Section 2 - GENERAL RULES AND REGULATIONS (Cont'd)

2.8 SUSPENSION OR TERMINATION OF SERVICE (Cont'd)

2.8.3 Verification of Nonpayment

Telephone service shall not be suspended or terminated for nonpayment of a bill rendered or a required deposit unless:

- a. The Company has verified, in a manner approved by the Commission, that payment has not been received at any office of the Company or at any office of an authorized collection agent through the end of the period indicated in the notice, and
- b. The Company has checked the customer's account on the day that suspension or termination is to occur to determine whether payment has been posted to the customer's account as of the opening of business on that day.

2.8 SUSPENSION OR TERMINATION OF SERVICE (Cont'd)

2.8.4 Termination For Cause Other Than Nonpayment

a. General

The Company, after notice in writing to the customer and after having given the customer an appropriate opportunity to respond to such notice, may terminate service and sever the connection(s) from the customer's premises under the following conditions:

1. in the event of prohibited, unlawful or improper use of the facilities or service, or any other violation by the customer of the rules and regulations governing the facilities and service furnished, or
2. if, in the judgment of the Company, any use of the facilities or service by the customer may adversely affect the Company's personnel, plant, property or service. The Company shall have the right to take immediate action, including termination of the service and severing of the connection, without notice to the customer when injury or damage to telephone personnel, plant, property or service is occurring, or is likely to occur, or
3. in the event of unauthorized use, where the customer fails to take reasonable steps to prevent the unauthorized use of the facilities or service received from the Company, or
4. in the event that service is connected for a customer who is indebted to the Company for service or facilities previously furnished, that service may be terminated by the Company unless the customer satisfies the indebtedness within 20 days after written notification. See Section 2.10.7 regarding Deferred Payment Agreements.

b. Prohibited, Unlawful or Improper Use of the Facilities or Service

Prohibited, unlawful or improper use of the facilities or service includes, but is not limited to:

1. The use of facilities or service of the Company without payment of Tariff charges;
2. Calling or permitting others to call another person or persons so frequently or at such times of the day or in such manner as to harass, frighten, abuse or torment such other person or persons;
3. The use of profane or obscene language;
4. The use of the service in such a manner such that it interferes with the service of other customers or prevents them from making or receiving calls;
5. The use of a mechanical dialing device or recorded announcement equipment to seize a customer's line, thereby interfering with the customer's use of the service;
6. Permitting fraudulent use.

d. Change in the Company's Ability to Secure Access

Any change in the Company's ability (a) to secure and retain suitable facilities and rights for the construction and maintenance of the necessary circuits and equipment or (b) to secure and retain suitable space for its plant and facilities in the building where service is provided to the customer may require termination of a customer's service until such time as new arrangements can be made. No charges will be assessed the customer while service is terminated, and no connection charges will apply when the service is restored.

2.8.5 Emergency Termination of Service

The Company will immediately terminate the service of any customer, on request, when the customer has reasonable belief that an unauthorized person or persons are using the service. The Company may require that the request be submitted in writing as a follow-up to a request made by telephone.

Section 2 - GENERAL RULES AND REGULATIONS (Cont'd)

2.9 ADDITIONAL PROVISIONS APPLICABLE TO BUSINESS CUSTOMERS

2.9.1 Application of Rates

- a. Business rates as described in this Tariff apply to service furnished:
1. In office buildings, stores, factories and all other places of a business nature;
 2. In hotels, apartment houses, clubs and boarding and rooming houses except when service is within the customer's domestic establishment and no business listings are provided; colleges, hospitals and other institutions; and in churches except when service is provided to an individual of the clergy for personal use only and business service is already established for the church at the same location;
 3. At any location when the listing or public advertising indicates a business or a profession;
 4. At any location where the service includes an extension which is at a location where business rates apply unless the extension is restricted to incoming calls;
 5. At any location where the customer resells or shares exchange service;
- b. Public Access Line service is classified as business service regardless of the location.
- c. The use of business facilities and service is restricted to the customer, customers, agents and representatives of the customer, and joint users.

Section 2 - GENERAL RULES AND REGULATIONS (Cont'd)

2.9 ADDITIONAL PROVISIONS APPLICABLE TO BUSINESS CUSTOMERS (Cont'd)

2.9.2 Telephone Number Changes

When a business customer requests a telephone number change, the referral period for the disconnected number is 90 days.

The Company reserves all rights to the telephone numbers assigned to any customer. The customer may order a Customized Number where facilities permit for an additional charge as specified in Section 5.11 of this Tariff.

When service in an existing location is continued for a new customer, the existing telephone number may be retained by the new customer only if the former customer consents in writing, and if all charges against the account are paid or assumed by the new customer.

2.9.3 Deposits

Pursuant to 83 Illinois Administrative Code, Sections 735.100 and 735.110, the Company may request deposits of applicants for service and existing customers. All deposits will be based on the following:

- A. An applicant for business service may be required to pay an amount not to exceed four (4) months of the applicant's estimated monthly billing, based upon the average monthly bill for that class and type of service.
- B. A business service Customer may be required to pay an amount not to exceed four (4) months, based upon the Customer's average monthly billing for the past six (6) months. If the Customer has had service for less than six (6) months, the amount of the deposit will not exceed four (4) months of the estimated monthly billing for that class and type of service.

2.9.4 Dishonored Checks

If a business customer who has received a notice of discontinuance pays the bill with a check that is subsequently dishonored, the account remains unpaid and the Company is not required to issue any additional notice before disconnecting service.

2.10 ADDITIONAL PROVISIONS APPLICABLE TO RESIDENTIAL CUSTOMERS

2.10.1 Application of Rates

Residential rates as described in this Tariff apply to service furnished in private homes or apartments (including all parts of the customer's domestic establishment) for domestic use. Residential rates also apply in college fraternity or sorority houses, convents and monasteries, and to the clergy for domestic use in residential quarters.

Residential rates do not apply to service in residential locations if the listing indicates a business or profession. Residential rates do not apply to service furnished in residential locations if there is an extension line from the residential location to a business location unless the extension line is limited to incoming calls.

The use of residential service and facilities is restricted to the customer, members of the customer's domestic establishment, and joint users.

2.10.2 Telephone Number Changes

When a residential customer requests a telephone number change, the referral period for the disconnected number is 90 days.

The Company reserves all rights to any telephone number assigned to a customer for local service. The customer may order a Customized Number where facilities permit for an additional charge as specified in Section 5.11 of this Tariff.

General

A seasonal customer is an individual who applies for and receives telephone service periodically each year, intermittently during the year or at other regular intervals scheduled at the time of application. A seasonal customer may be required to post a deposit.

b. Customers Exempt from Deposits

1. A new customer or existing customer who is 62 years of age or older shall be exempt from any deposit requirement unless such person's telephone service was terminated for nonpayment during the preceding six months. Proof of age will be required from any person claiming exemption from deposit requirements because of age. If the proof requested by the Company is not received within 30 days from the date service is connected, or 30 days from the date that verification of age is requested from an existing customer, the Company may suspend or terminate service unless the customer pays the required deposit. Any new customer or existing customer 62 years of age or older shall be permitted to pay a deposit in installments over a period not to exceed 12 months.
2. The Company shall not require any person it knows to be a recipient of public assistance, supplemental security income or additional state payments to post a deposit.

c. Recent Payment History

A customer who has a recent payment history (within the preceding twelve months) with the Company are entitled to service without payment of a deposit unless their records indicate that they are delinquent in payment or have had service terminated for nonpayment. A customer who still owes money to the Company for residential service on a prior account shall be offered a deferred payment plan provided that the customer had service for three months and was not terminated for nonpayment during that period. (See Deferred Payment Agreements, Section 2.10.7 below.)

New deposits from a residential customer is reviewed after the first 3 monthly bills have been rendered; if too much has been taken, the excess is returned. The entire deposit is returned to a residential customer after 1 year, unless the customer is delinquent in payment, in which case the Company may continue to retain the deposit until the delinquency is satisfied. If the service is discontinued, the deposit is applied against the final bill, and any balance is returned to the customer.

2.10.4 Installment Billing for Nonrecurring Charges

A residential customer may elect to pay service connection and other nonrecurring charges associated with a service order in monthly installments for up to a 12-month period. When installment billing is requested, all nonrecurring charges associated with a given service order will be included in the calculation of the monthly installment.

- a. Installment billing may be used only by residential customers;
- b. Charges will be billed in the number of installments of equal dollar amounts as requested by the customer up to a maximum of 12 installments over the course of 12 months;
- c. A customer may not pay a portion of the charges and then request installment billing for the remaining charges;
- d. More than one installment plan may be in effect for the same customer at the same time;
- e. If a customer disconnects service during the installment payment period, all unbilled charges will be included in the final bill rendered;
- f. A customer may elect to pay the unbilled charges before the expiration of the installment plan;
- g. Installment billing payments will continue even when an account is temporarily suspended;
- h. No interest or carrying charges will be applied to the outstanding balance during the installment period.

2.10.5 Adjusted Payment Schedule

A customer on a fixed income (e.g., pension and public assistance) shall be offered the opportunity to pay his or her bills on a reasonable schedule that is adjusted for periodic receipt of income.

2.10.6 Suspension or Termination for Nonpayment

- a. Suspension/termination notices may not be issued until at least 25 days after the date of the bill. Bills must be mailed to the customer no later than 6 business days after the date of the bill.
- b. After issuing the written notification in accordance with the terms of this Tariff, at least one attempt shall be made during non-working hours to contact the residential customer by telephone before the scheduled date of suspension/termination.
- c. Suspension/termination may occur only between the hours of 8 a.m. and 4 p.m. Monday through Thursday, provided that such day or the following day is not a public holiday or a day on which the main office is closed. In addition, service may not be disconnected during the periods of December 23 through the 26 and December 30 through January 2. (735.130.f.1- "service may be discontinued only between the hours of 8 am and 2pm unless the company is prepared to restore service within three hours after receipt of payment." Does this company have the 3 hour capability after 4pm?)
- d. Telephone service may be suspended or terminated for nonpayment of the undisputed portion of a disputed bill or deposit if the customer does not pay the undisputed portion after being asked to do so. Suspended or terminated residential service shall be reconnected within 24 hours following payment or within 24 hours of the end of circumstances beyond the Company's control which delay the reconnection. The Commission may direct that service be reconnected in less than 24 hours. (see above for info regarding reconnection turnaround time)

2.10.7 Deferred Payment Agreements

Service will not be suspended or terminated unless the customer has been advised that a deferred payment plan can be arranged. An existing residential customer with three or more months service and for whom service has not been terminated for nonpayment is eligible for Deferred Payment Arrangements (DPA). Final notice of suspension/termination will advise the customer of deferred payment arrangements and will include, in bold print, a notice that assistance in reaching an agreement may be obtained from the Commission. The DPA notice will be mailed no less than six days before termination of total service.

A Deferred Payment Agreement will be for a period agreed to by both the customer and the Company.

If the Company believes that the customer has the resources to pay the bill, it shall notify both the customer and the Commission in writing of the reasons for its belief. The Commission shall make the final determination as to whether a DPA should be provided. A customer with medical emergencies and a customer who is elderly, blind or disabled shall be exempt from such eligibility criteria.

2.10.8 Dishonored Checks

When a check received from a residential customer is dishonored, the company shall make two attempts, one outside of normal business hours, to contact the customer within 24 hours. The customer shall be given an additional 24 hours to pay before suspension/termination. The additional notice will be given provided that the customer has not submitted a dishonored check within the past 12 months.

2.10.9 Suspension or Termination - Abandonment

Suspension/termination of residential service for abandonment or unauthorized use may occur only after the Company makes a reasonable attempt to determine occupancy or authorized use, or the customer takes reasonable steps to prevent unauthorized use. A notice must be sent to the customer five days before such suspension or termination. The notification requirement is waived when previous mailings are returned by the Post Office or the company is advised that a new customer has moved into the location.

2.10.10 Suspension or Termination - Medical Emergencies

In the event of a medical emergency, an additional 30 days will be allowed for a residential customer before suspension or termination. A medical certificate must be supplied. The medical emergency status may be extended beyond 30 days upon submission of specified documentation. During the emergency, the customer will be able to defer payment of monthly charges up to an amount specified by the Commission until the emergency ceases or it is determined that the customer has the ability to pay the charges. Charges in any month in excess of the amount specified are due by the due date of the bill.

2.10.12 Backbilling for Residential Customers

The Company shall not charge a residential customer for previously unbilled service or adjust upward a bill previously rendered when the period for the unbilled service or billing adjustment is more than twenty-four (735.70.g.1- indicates a twelve month limit for customer liability for unbilled services) months prior to the mailing of the bill or the upward adjustment unless the conduct of the customer caused or contributed to the failure of the Company to render timely accurate billing. Unless the customer causes the late billing, the Company shall explain the reason for the late billing and shall advise the customer that suspension/termination of service is not permitted for charges billed in excess of six months after the service was provided. The customer will be given the opportunity to pay the charges under an installment plan on a schedule equal in time to the length of the backbilling period.

2.11 ALLOWANCES FOR INTERRUPTIONS IN SERVICE

Interruptions in service, which are not due to the negligence of, or non-compliance with the provisions of this Tariff by the Customer, or the operation or malfunction of the facilities, power, or equipment provided by the Customer, will be credited to the Customer as set forth below for the part of the service that the interruption affects. A credit allowance will be made when an interruption occurs because of a failure of any component furnished by the Company under this Tariff.

Section 2 - GENERAL RULES AND REGULATIONS (Cont'd)

2.11 ALLOWANCES FOR INTERRUPTIONS IN SERVICE (Cont'd)

2.11.1 Credit for Interruptions

- a. An interruption period begins when the Customer reports a service, facility, or circuit to be interrupted and releases it for testing and repair. An interruption period ends when the service, facility, or circuit is operative. If the Customer reports a service, facility, or circuit to be inoperative but declines to release it for testing and repair, it is considered to be impaired, but not interrupted.
- b. For calculating credit allowances, every month is considered to have 30 days. A credit allowance is applied on a pro rata basis against the rates specified hereunder and is dependent upon the length of the interruption. Only those facilities on the interrupted portion of the circuit will receive a credit.
- c. A credit allowance will be given, upon request of the customer to the business office, for interruptions of 30 minutes or more. Credit allowances will be calculated as follows:
 - i. If interruption continues for less than 24 hours:
 - a. 1/30th of the monthly rate if it is the first interruption in the same billing period.
 - b. 2/30ths of the monthly rate if there was a previous interruption of at least 24 hours in the same billing period.

2.11.1 Credit for Interruptions (Cont'd)

c. (Cont'd)

ii. if interruption continues for more than 24 hours:

- a) if caused by storm, fire, flood or other condition out of Company's control, 1/30th of the monthly rate for each 24 hours of interruption.
- b) for other interruption, 1/30 of the monthly rate for the first 24 hours and 2/30ths of such rate for each additional 24 hours (or fraction thereof); however, if service is interrupted for over 24 hours, more than once in the same billing period, the 2/30ths allowance applies to the first 24 hours of the second and subsequent interruptions

Two or more interruptions of 15 minutes or more during any one 24-hour period shall be considered as one interruption.

d. Credit to Customer

Credits attributable to any billing period for interruptions of service shall not exceed the total charges for that period for the service and facilities furnished by the Company rendered useless or substantially impaired.

Section 2 - GENERAL RULES AND REGULATIONS (Cont'd)

2.11 ALLOWANCES FOR INTERRUPTIONS IN SERVICE (Cont'd)

2.11.1 Credit for Interruptions (Cont'd)

e. "Interruption" Defined

For the purpose of applying this provision, the word "interruption" shall mean the inability to complete calls either incoming or outgoing or both due to equipment malfunction or human errors. "Interruption" does not include and no allowance shall be given for service difficulties such as slow dial tone, circuits busy or other network and/or switching capacity shortages. Nor shall the interruption allowance apply where service is interrupted by the negligence or willful act of the subscriber or where the Company, pursuant to the terms of the Tariff, suspends or terminates service because of nonpayment of bills due to the company, unlawful or improper use of the facilities or service, or any other reason covered by the Tariff. No allowance shall be made for interruptions due to electric power failure where, by the provisions of this Tariff, the subscriber is responsible for providing electric power. Allowance for interruptions of measured rate service will not affect the subscriber's local call allowance during a given billing period.

2.12.1 Regulations

The Company will provide Automatic Number Identification (ANI) associated with an intrastate service, by Tariff, to any entity (ANI recipient), only under the following terms and conditions:

- a. The ANI recipient or its designated billing agent may use or transmit ANI information to third parties for billing and collection, routing, screening, ensuring network performance, and completion of a telephone subscriber's call or transaction, or for performing a service directly related to the telephone subscriber's original call or transaction, or for performing a service directly related to the telephone subscriber's original call or transaction.
- b. The ANI recipient may offer to any telephone subscriber with whom the ANI recipient has an established customer relationship, a product or service that is directly related to products or service previously purchased by the telephone subscriber from the ANI recipient.
- c. The ANI recipient or its designated billing agent is prohibited from utilizing ANI information to establish marketing lists or to conduct outgoing marketing calls, except as permitted by the preceding paragraph, unless the ANI recipient obtains the prior written consent of the telephone subscriber permitting the use of ANI information for such purposes. The foregoing provisions notwithstanding, no ANI recipient or its designated billing agent may utilize ANI information if prohibited elsewhere by law.

Section 2 - GENERAL RULES AND REGULATIONS (Cont'd)

2.12 AUTOMATIC NUMBER IDENTIFICATION (Cont'd)

2.12.1 Regulations (Cont'd)

- d. The ANI recipient or its designated billing agent is prohibited from reselling, or otherwise disclosing ANI information to any other third party for any use other than those listed in Provision 1, unless the ANI recipient obtains the prior written consent of the subscriber permitting such resale or disclosure.
- e. Violation of any of the foregoing terms and conditions by any ANI recipient other than a Telephone Corporation shall result, after a determination through the Commission's complaint process, in suspension of the transmission of ANI by the Telephone Corporation until such time as the Commission receives written confirmation from the ANI recipient that the violations have ceased or have been corrected. If the Commission determines that there have been three or more separate violations in a 24-month period, delivery of ANI to the offending party shall be terminated under terms and conditions determined by the Commission.

2.12.2 Terms and Conditions

Violation of any of the foregoing terms and conditions by a Telephone Corporation may result in Commission prosecution of penalty and enforcement proceedings.

Section 3 - CONNECTION CHARGES

3.1 CONNECTION CHARGE

3.1.1 General

The Connection Charge is a nonrecurring charge which applies to the following: (a) the installation of a new service; (b) the transfer of an existing service to a different location; (c) a change from one class of service to another at the same or a different location; or (d) restoral of service after suspension or termination for nonpayment. Connection Charges are listed with each service to which they apply.

The connection Charge is comprised of two charges:

- a. Service Order;
- b. Premises Visit

Both charges may not be applicable in all cases.

The general application of these charges is as follows:

- a. A Service Order charge applies per customer order for all work or service ordered to be provided at one time, on the same premises, for the same customer. The charge recovers the cost of receiving, recording, and processing a customer's request for service.
- b. A Premises Visit charge applies per customer order when the company must dispatch an employee to complete a customer-requested installation or service charge. Only one charge applies per customer order.

Section 3 - CONNECTION CHARGES (Cont'd)

3.1 CONNECTION CHARGE (Cont'd)

3.1.2 Exceptions to the Charge

- a. No charge applies for a change to a service for which a lower monthly rate applies, made within 90 days after any general rate increase, if a lower grade of service is offered in the customer's exchange.
- b. No charge applies for one change in the class of residence service, provided that the change is ordered within 90 days of the initial connection of the customer's exchange service.
- c. The Company may from time to time waive or reduce the charge as part of a promotion. See Section 5.4, Service and Promotional Trials.

3.2 RESTORAL CHARGE

A restoral charge applies each time a service is reconnected after suspension or termination for nonpayment but before cancellation of the service.

Section 3 - CONNECTION CHARGES (Cont'd)

3.3 MOVES, ADDS AND CHANGES

The Company alone may make changes in the location of its lines and equipment. When it is found that a move or change of such lines or equipment has been made by others, the Connection Charge for the underlying service will apply as if the work had been done by the Company.

The customer will be assessed a charge for any move, add or change of a Company service. Move, Add and Change are defined as follows:

Move: The disconnection of existing equipment at one location and reconnection of the same equipment at a new location in the same building or in a different building on the same premises.

Add: The addition of a vertical service to existing equipment and/or service at one location.

Change: Change - including rearrangement or reclassification - of existing service at the same location.

3.4 RECORD ORDER CHARGE

A Record Order Charge applies for work performed by the Company in connection with receiving, recording, and processing customer requests for the following.

- a. addition of directory listings
- b. change in listed name
- c. change of address
- d. change of billing party
- e. change in listed service to non-published service, not involving a change of telephone number.

A Record Order Charge does not apply when a Service Order charge also applies.

Section 3 - CONNECTION CHARGES (Cont'd)

3.5 CHARGES ASSOCIATED WITH PREMISES VISIT

3.5.1 Terms and Conditions

The customer may request an estimate or a firm bid before ordering wire installation work to be done. When an estimate is provided, the estimate is not binding on the Company and the charge to be billed will be based on the actual time and materials charges incurred. When a firm bid is provided at customer request, the charge to be billed is the amount quoted to the customer for the work requested.

Inside Wire charges apply per service call when billable premises work is performed on noncomplex premises wire and jacks. Residence and Business charges may differ. Such charges are due and payable when billed.

Noncomplex wire, jacks and materials include:

- 2 to 6 pair inside wire
- Faceplates
- RJ11C, RJ14C, RJ11W and RJ14W type station jacks
- Staples, screws, nail, tape, connectors, etc.

3.5.2 Trouble Isolation Charge

When a visit to the customer's premises is necessary to isolate a problem reported to the Company but identified by the Company's technician as attributable to customer-provided equipment or inside wire, a separate charge applies in addition to all other charges for the visit.

Section 3 - CONNECTION CHARGES (Cont'd)

3.5 CHARGES ASSOCIATED WITH PREMISES VISIT (Cont'd)

3.5.3 Inside Wire Maintenance and Installation

The customer may provide inside wiring for single-line station equipment or may elect to have the Company's technicians install or maintain inside wire.

a. Inside Wire Installation Charge

Charge to be billed will be based on the actual time and materials charges incurred when a customer requests new wire and jack installation or requests existing wire and jack moves, changes, removals, rearrangements, replacements or pre-wiring.

b. Inside Wire Maintenance Charge

The Inside Wire Maintenance Charge applies when a customer requests wire and jack maintenance. Charge to be billed will be based on the actual time and materials charges incurred when a customer requests maintenance of wiring.

3.6 PRIMARY INTEREXCHANGE CARRIER (PIC) CHANGE CHARGE

The customer will incur a charge each time there is a change in the long distance carrier associated with the customer's line after the initial installation of service.

Section 4 - SUPPLEMENTAL SERVICES

4.1 CENTREX SERVICE

4.1.1 General

The features in this section are made available on an individual basis or as part of multiple feature packages. All features are provided subject to availability; features may not be available with all classes of service. Transmission levels may not be sufficient in all cases.

4.1.2 Description of Features

a. Three Way Conference, Consultation, Transfer

The Three Way Calling feature allows a customer to add a third party to an existing two-way call and form a three-way call. The call must have been originated from outside the station group and terminate to a station within the station group. The Call Hold feature allows a customer to put any in-progress call on hold by flashing the switchhook and dialing a code. This frees the line to allow the customer to make an outgoing call to another number. Only one call per line can be on hold at a time. The third party cannot be added to the original call.

b. Call Pickup

This feature allows a user to answer any call within an associated preset pickup group. If more than one line in the pickup group has an unanswered incoming call, the call to be answered is selected by the switching system. Call Pickup answers a call that has been directed to another station within the same preset Call Pickup group.

Section 4 - SUPPLEMENTAL SERVICES (Cont'd)

4.1 CENTREX SERVICE (Cont'd)

4.1.2 Description of Features (Cont'd)

c. Call Transfer - All Calls

Call Transfer allows a station user to transfer an established call to another station. The station from which the call is transferred will be assessed any long distance charges incurred as a result of the transfer.

d. Directed Call Pickup with Barge-In

This feature answers calls directed to a specific line from any other telephone line in the user group.

e. Directed Call Pickup without Barge-In

This feature is identical to the Directed Call Pickup with Barge-In except, if the line being picked up has already been answered, the party dialing the pickup code is routed to reorder (i.e., fast busy) rather than permitted to barge in on the established connection and create a three-way call.

f. Distinctive Ringing

This feature enables a user to determine the source of an incoming call from a distinctive ring. The pattern is based on whether the call is from within the station group, external to the station group, forwarded from the attendant position, or from a station within the Call Waiting feature.

Section 4 - SUPPLEMENTAL SERVICES (Cont'd)

4.1 CENTREX SERVICE (Cont'd)

4.1.2 Description of Features (Cont'd)

g. Distinctive Ringing / Call Waiting Tone (Centrex only)

This feature applies a distinctive ringing or call waiting tone that enables a user to determine the source of an incoming call. The pattern is based on whether the call is from within the station group, external to the station group, forwarded or extended from the attendant position, or from a station within the Call Waiting feature.

h. Regular Multiline Hunting

This feature is a line hunting arrangement that provides sequential search of available numbers within a multiline group.

i. Circular Hunting

This feature (similar to regular hunting) is a line hunting arrangement that allows all lines in a multi-line hunt group (MLHG) to be tested for busy, regardless of the point of entry into the group. When a call is to a line in a MLHG, a regular hunt is performed starting at the station associated with the dialed number. It continues to the last station in the MLHG, then proceeds to the first station in the group and continues to hunt sequentially through the remaining lines in the group. Busy tone is returned if the original called station is reached without finding a station that is idle.

Section 4 - SUPPLEMENTAL SERVICES (Cont'd)

4.1 CENTREX SERVICE (Cont'd)

4.1.2 Description of Features (Cont'd)

j. Speed Calling (Centrex only)

This feature allows a user to dial selected numbers using one and two digits. Up to eight telephone numbers may be selected.

k. Terminal Group and Station Restriction (Centrex only)

This feature defines a station's network access capability, either individually within a Centrex group, or for the group as a whole. It defines the Centrex group and what level of access a station will have; i.e. intragroup only, toll restriction, etc.

l. Series Completion

This feature is a form of hunting similar to the multiline hunt group hunting and the Call Forwarding Busy Line feature. It allows calls to be made to a busy directory number to be routed to another specified directory number. The series completion hunt begins with the originally dialed member of the series completion group, and searches for an idle directory number from the list of directory numbers.

m. Uniform Call Distribution (Uniform Hunting) (Centrex only)

This feature is a hunting arrangement that assigns incoming calls uniformly among the stations in the group.

Section 4 - SUPPLEMENTAL SERVICES (Cont'd)

4.1 CENTREX SERVICE (Cont'd)

4.1.2 Description of Features (Cont'd)

n. Account Codes

This feature adds an account number (code) to an Automatic Message Accounting (AMA) and/or Message Detail Recording (MDR) record for assigning customer charges. The Company will define the number of digits in a customer's account code group.

o. Terminal Group and Station Restriction

This feature defines a station's network access capability either individually within a Centrex group or for the group as a whole. It defines the Centrex group and what level of access a station will have; i.e., intragroup only, toll restriction, etc.

p. Uniform Call Distribution (Uniform Hunting)

This feature is a hunting arrangement that assigns incoming calls uniformly among the stations in the group.

q. Call Forwarding

Call Forwarding, when activated, redirects attempted terminating calls to another customer-specific line. The customer may have to activate and deactivate the forwarding function and specify the desired terminating telephone number during each activation procedure. Call originating ability is not affected by Call Forwarding.

Section 4 - SUPPLEMENTAL SERVICES (Cont'd)

4.1 CENTREX SERVICE (Cont'd)

4.1.2 Description of Features (Cont'd)

q. Call Forwarding (Cont'd)

The calling party is billed for the call to the called number. If the forwarded leg of the call is chargeable, the customer with the Call Forwarding is billed for the forwarded leg of the call.

Call Forwarding - Busy automatically reroutes an incoming call to a customer predesignated number when the called number is busy.

Call Forwarding - Don't Answer automatically reroutes an incoming call to a customer predesignated number when the called number does not answer within the number of rings programmed by the Company.

Call Forwarding - Variable allows the customer to choose to reroute incoming calls to another specified telephone number. The customer must activate and deactivate this feature.

r. Call Waiting/Cancel Call Waiting

Call Waiting provides a tone signal to indicate to a customer already engaged in a telephone call that a second caller is attempting to dial in. It will also permit the customer to place the first call on hold, answer the second call and then alternate between both callers. Cancel Call Waiting (CCW) allows a Call Waiting (CW) customer to disable CW for the duration of an outgoing telephone call. CCW is activated (i.e., CW is disabled) by dialing a special code prior to placing a call, and is automatically deactivated when the customer disconnects from the call.

Section 4 - SUPPLEMENTAL SERVICES (Cont'd)

4.1 CENTREX SERVICE (Cont'd)

4.1.3 Rates and Charges

a. Monthly Rates

Rates for this service are located in Section 12, Residential Network Switched Service, and Section 12, Business Network Switched Service.

b. Connection Charges

Connection charges may apply when a customer requests connection to one or more features. Orders requested for the same customer account made at the same time for the same premises will be considered one request. These charges may not apply if the features are ordered at the same time as other work for the same customer account at the same premises.

See Rate Schedule in Section 12 of this Tariff.

c. Trial Period

The Company may elect to offer a free or reduced rate trial of any new Centrex feature(s) to prospective customers within 90 days of the establishment of the new feature. See Section 5.4, Service and Promotional Trials.

Section 4 - SUPPLEMENTAL SERVICES (Cont'd)

4.2 SERVICE AND PROMOTIONAL TRIALS

4.2.1 General

The Company may establish temporary promotional programs wherein it may waive or reduce nonrecurring or recurring charges, to introduce a present or potential customer to a service not previously subscribed to by the customer.

4.2.2 Regulations

- a. Appropriate notification of the Trial will be made to all eligible customers and to the Commission. Appropriate notification may include direct mail, bill inserts, broadcast or print media, direct contact or other comparable means of notification.
- b. During a Service Trial, the service(s) is provided automatically to all eligible customers, except those customers who choose not to participate. Customers will be offered the opportunity to decline the trial service both in advance and during the trial. A customer can request that the designated service be removed at any time during the trial and not be billed a recurring charge for the period that the feature was in place. At the end of the trial, customers that do not contact the Company to indicate they wish to retain the service will be disconnected from the service at no charge.
- c. During a Promotional Trial, the service is provided to all eligible customers who ask to participate. Customers will be notified in advance of the opportunity to receive the service in the trial for free. A customer can request that the service be removed at any time during the trial and not be billed a recurring charge for the period that the service was in place. At the end of the trial, customers that do not contact the Company will be disconnected from the service.

4.2.2 Regulations (Cont'd)

- d. Customers can subscribe to any service listed as part of a Promotional Trial and not be billed the normal Connection Charge. The offering of this trial period option is limited in that a service may be tried only once per customer, per premises.
- e. The Company retains the right to limit the size and scope of a Promotional Trial.

4.3 LOCAL OPERATOR SERVICE

Local calls may be completed or billed with the live or mechanical assistance by the Company's operator center. Calls may be billed collect to the called party, to an authorized 3rd party number, to the originating line, or to a valid authorized calling card. Local calls may be placed on a station to station basis or to a specified party (see Person to Person), or designated alternate. Usage charges for local operator assisted calls are those usage charges that would normally apply to the calling party's service.

4.4 STAND ALONE VOICE MAIL SERVICE

4.4.1 Description

Stand Alone Voice Mail Service is offered to a customer when a physical Service Line is not necessary. The customer must access Voice Mail through the use of other network access service provided by the Company or other telecommunications common carriers. Such access, including applicable local usage and toll charges, is the responsibility of the Voice Mail Service customer. Voice mail that is offered in conjunction with line-based service is offered pursuant to the terms specified in the applicable section of this Tariff pertaining to the associated line-based service.

4.4.2 Recurring and Nonrecurring Charges

See Rate Schedule in Section 12 of this Tariff.

4.5 BLOCKING SERVICE

4.5.1 General

Blocking service is a feature that permits customers to restrict access from their telephone line to various discretionary services. The following blocking options are available to residential and business customers:

- a. 900, 700 Blocking - allows the subscriber to block all calls beginning with the 900 and 700 prefixes (i.e. 900-XXX-XXXX) from being placed.
- b. 900, 971, 974 & 700 Blocking - allows the subscriber to block all calls beginning with the 900, 971, 974 and 700 prefixes from being placed.

4.5.1 General (Cont'd)

- c. Third Number Billed and Collect Call Restriction - provides the subscriber with a method of denying all third number billed and collect calls to a specific telephone number provided the transmitting operator checks their validation data base.
- d. Toll Restriction (1+ and 0+ Blocking) - provides the subscriber with local dialing capabilities but blocks any customer-dialed call that has a long distance charge associated with it.

Toll Restriction will not block the following types of calls: 911 (Emergency), toll-free, and operator assisted toll calls.
- e. Toll Restriction Plus - provides subscribers with Toll Restriction, as described in 1.d. of this Section, and blocking of 411 calls.
- f. Direct Inward Dialing Blocking (Third Party and Collect Call) - provides business customers who subscribe to DID service to have Third Party and Collect Call Blocking on the number ranges provided by the Company.

- b. Blocking Service is available where equipment and facilities permit.

4.5.3 Rates and Charges

See Rate Schedule in Section 12 of this Tariff.

4.6 CUSTOMER REQUESTED SERVICE SUSPENSIONS

4.6.1 General

At the request of the customer the Company will suspend incoming and outgoing service on the customer's access line for a period of time not to exceed one year. The equipment is left in place and directory listings are continued during the suspension period without change. At the customer's request the Company will provide the customer with an intercept recording referring callers to another number.

4.6.2 Rate Adjustment

The company will assess a lower monthly rate for Customer Requested Service Suspension as noted below. However, any mileage charges, monthly cable charges or monthly construction charges are still due, without reduction during the period of suspension.

4.7 REMOTE CALL FORWARDING SERVICE

Service Area: Where facilities are available, the service area is defined by the NPA-NXX Codes and Exchanges listed below.

Local Calling Area: Exchanges and zones included in the local calling area for the NXX designations are specified below. NXXs associated with each particular exchange or zone may be found in the directory listings directory published by the incumbent local exchange carrier in the Customer's exchange area.

4.7.1 General

Remote Call Forwarding (RCF) is a local exchange service that utilizes a telephone number and Electronic Central Office facilities by which all incoming calls to the RCF telephone number are forwarded automatically to the subscriber's central office line in the same exchange as the RCF number or in a different exchange or to an inward WATS (Toll-Free Service) access line.

4.7 REMOTE CALL FORWARDING SERVICE (Cont'd)

4.7.2 Regulations

- a. Remote Call Forwarding service is offered in Electronic offices where facilities permit.
- b. RCF paths may be used singly, in groups, or as overflow paths for foreign exchange trunk groups. Only one forwarding number is permitted per group.
- c. Remote Call Forwarding is not offered where the terminating number is a coin telephone.
- d. Identification of the originating telephone number is not provided to the Remote Call Forwarding customer.
- e. Transmission may not be satisfactory on all calls.
- f. Remote Call Forwarding is not represented as suitable for the transmission of data.
- g. [Reserved for Future Use]
- h. Remote Call Forwarding is provided on condition that the customer subscribe to sufficient RCF paths and terminating facilities to adequately handle calls to the RCF customer without interfering with or impairing any other services offered by the Company.

- i. The minimum charge for the RCF Service is the monthly rate for one month plus the Service Connection Charge.
- j. Charges for the call to the Remote Call Forwarding directory number shall be paid by the calling party.
- k. Each RCF group is entitled to one alphabetical and one classified listing at no additional charge in the directory which serves the associated RCF central office. Overflow paths associated with foreign exchange trunk groups are not listed. All other listing regulations for business individual lines apply, except that no charge applies for non-published service in connection with RCF.

4.7.3 Rates

In addition to the rates specified in Section 12 of this Tariff, the subscriber to Remote Call Forwarding is responsible for dial type (DDD) station-to-station local and toll charges applicable to calls transferred from the forwarding location to the terminating location. The charge applies for each call answered, including person-to-person and collect calls which are refused at the terminating location. For calls transferred within the same local calling area, the message rate schedule for business service in the RCF central office applies. In exchanges where only flat rate service is furnished, the charge for each local call transferred is a Rate Band 1 (A) charge. No allowance for local calls is included in the RCF monthly rate.

Section 5 - RESIDENTIAL NETWORK SWITCHED SERVICES

5.1 GENERAL

Residential Network Switched Service provides a residential customer with a connection to the Company's switching network which enables the customer to:

- a. place and receive calls from other stations on the public switched telephone network;
- b. access the Company's local calling service;
- c. access the Company's operators and business office for service related assistance; access toll-free telecommunications services such as 800 NPA; and access 911 service for emergency calling; and
- d. access the service of providers of interexchange service. A customer may presubscribe to such provider's service to originate calls on a direct dialed basis or to receive toll-free service from such provider, or may access a provider on an ad hoc basis by dialing the provider's Carrier Identification Code (101XXXX). At the time of initial subscription, the customer shall designate a Primary Interexchange Carrier (PIC) for intra-LATA and inter-LATA toll service. If the customer does not select an intra-LATA PIC, and does not request blocking of intra-LATA toll calls, the Company shall be deemed to have been designated as the customer's intra-LATA PIC.

d. Integrated Services Digital Network - Basic Rate Interface (ISDN-BRI)

(1) Description

ISDN is a single integrated digital telecommunications network architecture which provides for the simultaneous access, transmission and switching of voice data and image services via channelized transport facilities over a set of standard multipurpose user-network interfaces.

- a. The ISDN-BRI feature supports one 16 kb/s D-channel path between customer digital PBS equipment and the protocol handler in a PSU of the 5ESS(R) switch. This feature also provides the administration software for up to 2 B-channels associated with a D-channel in the same T1 facility (1.544 Mb/s for domestic). This interface supports both ISDN PBSs and host computers.

b. Recurring and Nonrecurring Charges

In addition to the nonrecurring charges listed below, service order charges apply as described in Section 3 of this Tariff. In certain circumstances, service to customers may require the use of a link (and, or) number portability arrangement provided by the Incumbent Local Exchange Carrier. In such circumstances, the monthly recurring charge to the customer will be the greater of the company's Base Service Line charge set forth below or the charge to the company by the Incumbent Local Exchange Carrier for the link used to serve the customer. If the customer is served through a Number Portability Arrangement, the monthly charge to the customer will be increased by the applicable charge from the Incumbent Local Exchange Carrier to the company of the Number Portability arrangement.

Charges for each Flat Rate Service line include a monthly recurring Base Service Charge. See Rate Schedule in Section 12 of this Tariff.

Section 6 - BUSINESS NETWORK SWITCHED SERVICES

6.1 GENERAL

Business Network Switched Service provide a business customer with a connection to the Company's switching network which enables the customer to:

- a. receive calls from other stations on the public switched telephone network;
- b. access the Company's local calling service;
- c. access the Company's operators and business office for service related assistance; access toll-free telecommunications service such as 800 NPA; and access 911 service for emergency calling; and
- d. access the service of providers of interexchange service or intraLATA toll service. A customer may presubscribe to such provider's service to originate calls on a direct dialed basis or to receive toll-free service from such provider, or may access a provider on an ad hoc basis by dialing the provider's Carrier Identification Code (101XXXX). At the time of initial subscription, the customer shall designate a Primary Interexchange Carrier (PIC) for intra-LATA and inter-LATA toll service. If the customer does not select an intra-LATA PIC, and does not request blocking of intra-LATA toll calls, the Company shall be deemed to have been designated as the customer's intra-LATA PIC.

Business Network Switched Service is provided via one or more channels terminated at the customer's premises. Each Business Network Switched Service channel corresponds to one or more analog, voice-grade telephonic communications channels that can be used to place or receive one call at a time.

Connection charges as described in Section 3 apply to all service on a one-time basis unless waived pursuant to this Tariff.

a. Description

Centrex Service is a multi-station system offered to the business customer with 4 or more lines or trunks. It consists of digital switching equipment in the Company's switches connected to station lines on the customer's premises. Centrex Service enables the customer to originate and receive local calls within its system at no additional charge. Local measured usage charges apply to all other local calls. Local calling areas are as specified in Section 11.

Centrex Service is offered on a contracted basis with four terms: 24, 36, 60 and 84 months. Thirty days prior to the expiration of the contract term, the subscriber may cancel service or renew for a new term commitment. If the subscriber does not cancel or renew the service, service will continue on a month to month basis at the monthly rate associated with the twenty-four month term plan.

Digital Centrex is a telephone service provided through the public switched telephone network (PSTN) via ISDN basic rate interface (BRI) lines. BRI provides a capability of up to three digital channels, two bearer (B) channels and 64 Kbps, and one data (D) channel at 16 Kbps. BRI is also commonly known as 2B+D. The B channels are capable of carrying voice, data, image, or video transmissions. The D Channel is used for out-of-band signaling or data transmission. Digital Centrex Service is provided via the central office (CO) of the local Telephone Company. An Individualized dialing plan (IDP) is offered with digital Centrex service that incurs a common equipment charge. An IDP allows for four-digit dialing between Centrex stations defined within the same IDP group. Default features are provided through Digital Centrex service to the customer such as transfer and 3way conference calling. Enhanced features are also available for an additional charge. These features are charged on a per feature basis. Digital Centrex service provides telephone system capabilities through the CO, eliminating the need for customer premise switching equipment.

6.2.5 Term Liability/Termination Charges

Several of the services offered above are available at reduced prices if the Customer agrees at the time the order is placed to continued service for a specified period of time ("term"). If the Customer terminates service prior to the end of the term, in part or in whole, then termination charges may apply. If a customer disconnects service prior to the fulfillment of the term plan contracted, then a termination liability will be due to Company from Customer. The termination liability charge will be the difference between the monthly rate for the highest term period which could have been satisfied prior to service discontinuance and the monthly rate for the selected commitment period multiplied by the actual number of months the plan has been in effect. The monthly rates used for this calculation will be those in effect at the time the service is disconnected.

point, while the “down” speeds represent “transmission speeds in kilobytes and megabits,” from the Company’s ADSL connection point to the CDL. The connection point is the aggregation point designated by the Company for connecting multiple Company ADSL serving wire centers via the backbone network services to the CDL.

A nonrecurring charge and a monthly rate apply for the installation of ADSL Service. The nonrecurring charge is also applicable when changing bandwidth.

ADSL Service is based on the following volume levels: 1 to 499, 500 to 1500 and Over 1500. The regulations applicable to ADSL Service provided under a TVP arrangement are specified under 16.6(F)(3). Various ADSL Service Package levels (will be combined to determined the volume level for rate application. Customers with more than one ADSL Service with different term periods will not be aggregated for determining the volume level rate.

Access to ADSL Service will be provided via Frame Relay Service. The associated regulations, rates and charges in Section 16.3 for Frame Relay Service will apply in addition to the rates and charges associated with the ADSL Service rate element.

6.2.8 Frame Relay Service

A. General Description

ROUTE24 COMPUTERS, INC Frame Relay is a low to medium speed, statistically multiplexed packet data service. It is a connection-oriented data service that relays variable length frames (packets) across Permanent Virtual Connections (PVC's).

6.2 SERVICE DESCRIPTIONS AND RATES (Cont'd)

6.2.8 Frame Relay Service (Cont'd)

EGIX Network Services Frame Relay is available to customers through the following:

- User-to-Network Interface (UNI) Connection
- Network-to-Network Interface (NNI) Connection
- Hubbed User-to-Network interface (H UNI) Connection
- Hubbed Network-to-Network Interface (H NNI) Connection
- Permanent Virtual Connections (PVC)

The service is comprised of two public interfaces-, a User-to-Network Interface (UNI) and a Network-to-Network Interface (NNI).

- (1) The UNI is a public interface which provides connectivity between customer premises equipment, excluding frame relay switches, and a frame relay switch.
- (2) The NNI is a public interface which provides connectivity between frame relay switches.
- (3) PVC's are the end-to-end, bi-directional, logical channels that connect one frame relay switch port to another frame relay switch port as requested by the customer.

EGIX Network's Frame Relay UNI Connections and NNI Connections are available to customers from designated Frame Relay Service Points (FRSPs) at locations specified in the National Exchange Carrier Association, Inc. Tariff F.C.C. No. 4.

Hubbed UNI Connections are available to customer from designated Frame Relay Service Access Points (FRSAPs) at locations specified in the National Exchange Carrier Association, Inc. Tariff F.C.C. No. 4.

Hubbed NNI Connections are available to customers from designated Frame Relay Service Access Points (FRSAPs) at locations specified in the National Exchange Carrier Association, Inc. Tariff F.C.C. No. 4.

6.2 SERVICE DESCRIPTIONS AND RATES (Cont'd)

The dedicated channel which connects a customers premises to an FRSP will be rated as a Local Distribution Channel (LDC). When the customer's serving wire center is not a designated FRSP location, Channel Mileage Termination (GMT) and Channel Mileage (CM) will apply from the customers serving Wire center to the closest FRSP. Optional Features and Functions as described in 7.2.9 (B) (4) preceding are also available with their channels and transport facilities.

When the customer requests either a Hubbed UNI Connection or a Hubbed NNI(C) Connection, the customer must obtain the appropriate dedicated channel between their premises and the closest FRSAP. The customer must provide the Connecting Facility Assignment (CFA) to the Telephone Company at either a DSO level or at the appropriate interface level in the case of higher speed multiplexing. Either a Hubbed UNI Connection Cross-connect or a Hubbed NNI Connection Cross-connect will apply to each dedicated channel connected at the FRSAP.

When utilizing EGIX Networks DS1 Service as a component in EGIX Networks Frame Relay, it must be ordered with the "Clear Channel Capability" option as described in 7.2.0 (B) (4) (c) preceding.

B. Service Elements

(1) Committed Information Rate (CIR)

CIR represents the base-level bandwidth on a specific DLCI by which the data is sent through the network. This bit rate is lower than or equal to the bit rate of the associated UNI or NNI connection and allows customers to reserve bandwidth on a per DLCI basis in order to prioritize critical data.

(2) Data Link Connection Identifier (DLCI)

A DLCI is the address information assigned to customer designated and points used to identify a customer's PVC and to correctly route customers data between end locations.

(3) Permanent Virtual Connections (PVCs)

PVCs. are the end-to-end, bi-directional logical channels that connect UNIs or NNIs within the EGIX Networks Frame Relay network as requested by the customer. PVC's are made up of two Data Link Connection Identifiers (DLCIs). Multiple PVC's can be established over a single physical access circuit, providing a single access line the capability to transmit data to multiple destinations. PVC's are defined in software tables and do not tie-up capacity when not in use.

(4) Oversubscription

Oversubscription allows the cumulative total Committed Information Rate of the DLCIs associated with single UNIs or NNIs to exceed the bit rate of that UNI or NNI. When this occurs, there is no guarantee that the bandwidth defined for any DLCI will be available at any given time.

(5) UNI Connection

UNI Connection provides a frame relay UNI from a designated Frame Relay Service Point (FRSP). The customer must obtain the appropriate dedicated channel between their premises and the closest FRSP per 8.5.7 following.

UNI Speed	Available CIR
56 Kbps	0, 8, 9.6, 16, 19.2, 28, 32 and 56 Kbps
64 Kbps	0, 8, 9.6, 16, 19.2, 28, 32, 56 and 64 Kbps

44.736 Mbps	0, 5, 9.6, 15, 19.2, 28, 32, 64, 126, 192, 256, 320, 384, 448, 612, 576, 640, 704, 765, 832, 896 and 960 Kbps 1 V24, 1.088, 1.152, 1.216, 1.280, 1.344, 1.408, 1.472, 1.536, 1.544, 3.088, 4.632, 6.176, 7.720, 9.264, 10.808, 12.350, 13.896, 15.440, 16.984, 18.528 and 20.072 Mbps

These UNIs are available on a limited basis where facilities and conditions permit.

(6) NNI Connection

NNI Connection provides a frame relay NNI from a designated Frame Relay Service Point (FRSP). NNI Connections are available at 56 Kbps, 64 Kbps, 1.544 Mbps and 44.736 Mbps. The customer must obtain the appropriate dedicated channel between their premises and the closest FRSP.

(7) Hubbed UNI Connection

Hubbed UNI Connection allows a customer to cross-connect a frame relay UNI to a higher speed service at a designated Frame Relay Service Access Point (FRSAP) location. Hubbed UNI Connections are available at 58 Kbps, 64 Kbps, 1.544 Mbps and 44.736 Mbps and require the Cross-Connect Function following.

(8) Hubbed NNI Connection

Hubbed NNI Connection allows a customer to cross-connect a frame relay NNI to a higher speed service at 2 designated Frame Relay Service Access Point (FRSAP) location. Hubbed NNI Connections are available at 56 Kbps, 64 Kbps, 1.544 and 44.736 Mbps, and require the Cross-Connect Function per 8.5.7 following,

EGIX Networks Frame Relay is available at the option of the Company where facilities permit. If appropriate facilities are not available. Special Construction charges may apply.

The customer must specify the Committed Information Rate (CIR) and the Permanent Virtual Connection (PVC) mapping at the time the service is ordered.

The customer shall provide compatible equipment (Router, Data Service Units (DSUs)[Channel Service Units (CSUs), etc-), in accordance with interface specifications necessary to connect to the frame relay equipment as developed by the Frame Relay Forum, ANSI and ITU-T committees. This equipment is responsible for all error correction that may be required when the frame relay network discards frames.

6.2.8 Frame Relay Service (Cont'd)

B. Service Elements (Cont'd)

EGIX Networks Frame Relay is available only from wire centers designated as either FRSPs. or FRSAPs. If a customer's serving wire center is not a designated FRSP or FRSAP, Channel Mileage (CM) from the customer's serving wire center to the nearest FRSP or FRSAP will be required-

The customer shall designate both ends of the PVC's which need to communicate with one another, and these PVC's are then provisioned through the network.

EGIX Networks Frame Relay allows oversubscription of Committed Information Rate as follows;

(i) Oversubscription of up to 200% is allowed on the UNI.

(ii) Oversubscription of up to 200% is allowed on the NNI.

The minimum service period for EGIX Networks Frame Relay is 12 months.

A Change Charge will be applied whenever a change is made to the customer's network map, including changes to CIR or remapping PVC's. Only one Change Charge will apply for multiple changes made at the same time to the same UNI or NNI. Each order can be for a maximum of 20 changes.

Due dates for service installation or changes will be assigned as specified in EGIX Networks Interval Guide AM TR-MK- 000088.

Cancellation of an application for EGIX Networks Frame Relay may result in charges to the customer as shown in 8.5.7 following. Cancellation of dedicated services associated with EGIX Networks Frame Relay may result in charges as described in Section 8.5.7 preceding.

A customer may delay an order at any time prior to the three calendar days immediately prior to the due date without penalty. If the delay is within three calendar days, a Customer Requested Order Delay Charge will apply.

B. Service Elements (Cont'd)

If a customer is not ready on the due date and has not requested a delay prior to the due date, the service will commence on the due date originally established.

A customer may change CIR or PVC speed at any time prior to the three calendar days immediately prior to the due date without penalty. If the change is within three days, a Change Charge and an Administrative Charge will apply.

The customer can upgrade or downgrade CIR speed at any time without termination liability. A Change Charge and Administrative Charge will apply.

EGIX Networks will perform routine maintenance as required to reasonably maintain service performance. Outages shall also be required to provide hardware, software and facility upgrades. Such upgrades shall occur between 2 am and 6 am on Sundays (Central Standard Time [CST]). Additional maintenance may be necessary and will be scheduled at mutually agreeable times.

(9) Customer Requested Order Delay Charge

The Customer Requested Order Delay Charge applies once per UNI or NNI connection whose Installation is delayed per 2 customer request. The nonrecurring Customer Requested Order Delay Charge for EGIX Networks Frame Relay is set forth in 8.5.7 following.

(10) Change Charge

The Change Charge applies whenever a change is made to the customers network map. Up to 20 changes may be requested per order- The nonrecurring Change Charge for EGIX Networks Frame Relay is set forth in 8.5.7 following.

C. Additions to Frame Relay Serving Arrangements

A subsequent order to add additional connections to an existing frame relay arrangement must be for a period of 12, 36 or 60 months or for the remainder of the existing Frame Relay OPP provided that the existing OPP has a minimum of 12 months remaining.

D. Termination Liabilities

Customers requesting termination of service prior to the expiration date of the OPP term will be liable for a termination charge. The termination charge will be calculated as follows,

The dollar difference between the current OPP rate for the OPP term that could have been completed during the time the service was actually in service, or the entire 12 month OPP rate for a service in place less than 12 months, and the customers current OPP rate for each month the service was provided.

For example, a customer subscribed to a 60 month OPP term and disconnected service during the 37th month. This customers termination charge would be:

$[35 \text{ month OPP Rate} - 60 \text{ month OPP rate}] \times 37 = \text{Termination Charge.}$

The 36 month OPP term could have been completed during the months the service was actually in service.

All termination charges Will be based on the OPP rates in effect at the time of termination.

Section 7 - INTRALATA TOLL USAGE AND MILEAGE CHARGES

7.1 GENERAL

7.1.1 Description

IntraLATA toll service is furnished for communication between telephones in different local calling areas within a particular LATA in accordance with the regulations and schedules of charges specified in this Tariff. The toll service charges specified in this section are in payment for all service furnished between the calling and called telephone, except as otherwise provided in this Tariff.

IntraLATA toll calling includes the following types of calls: direct dialed, calling card, collect, 3rd number billed, special toll billing, requests to notify of time and charges, person to person calling and other station to station calls.

7.1.2 Classes of Calls

Service is offered as two classes: station to station calling and person to person calling.

- a. Station-to-Station Service is that service where the person originating the call dials the telephone number desired or gives the Company operator the telephone number of the desired telephone station or system.
- b. Person to Person Service is that service where the person originating the call specifies to the Company operator a particular person to be reached, a particular mobile unit to be reached, or a particular station, department or office to be reached. The call remains a person to person call when, after the telephone, mobile telephone, or PBX system has been reached and while the connection remains established, the person originating the call requests or agrees to talk to any person other than the person specified, or to any other agreed upon alternate.

7.2 TIMING OF CALLS

- 7.2.1 Unless otherwise indicated, all calls are timed in one minute increments and all calls which are fractions of a minute are rounded up to the next whole minute.
- 7.2.2 For station to station calls, call timing begins when a connection is established between the calling telephone and the called telephone station.
- 7.2.3 For person to person calls, call timing begins when connection is established between the calling person and the particular person, station or mobile unit specified or an agreed alternate.
- 7.2.4 Call timing ends when the calling station "hangs up," thereby releasing the network connection. If the called station "hangs up" but the calling station does not, chargeable time ends when the network connection is released either by automatic timing equipment in the telephone network or by the Company operator.
- 7.2.5 Calls originating in one time period as defined in Section 8.3 and terminating in another will be billed the rates in effect at the beginning of each minute.
- 7.2.6 All times refer to local time.

* The time shown indicates the termination of one rate application period and the beginning of the next. Calls connected at exactly the time shown are considered in the next time period.

7.4 REGULATIONS AND COMPUTATION OF MILEAGE

Calls for which rates are mileage sensitive are rated on the airline distance between the originating rate center and the terminating rate center.

7.4.1 Originating Rate Center

A customer's primary local exchange number includes an NXX code that is associated with a specific rate center. The originating point of all calls charged to that customer's account shall be the location of the customer's rate center.

7.4 REGULATIONS AND COMPUTATION OF MILEAGE (Cont'd)

7.4.2 Terminating Rate Center

The terminating point for all calls shall be the location of the local rate center associated with the called number.

7.4.3 Calculation of Mileage

Usage charges for all mileage sensitive products are based on the airline distance between serving wire centers associated with the originating and terminating points of the call. The serving wire centers of a call are determined by the area codes and exchanges of the origination and destination points.

The distance between any two rate centers is determined as follows:

Airline mileage, where mileage is the basis for rating calls, is obtained by using the "V" and "H" coordinates assigned to each rate center and contained in NECA FCC Tariff No. 4 or successor Tariffs. To determine the airline distance between any two locations, proceed as follows:

- a. Obtain the "V" and "H" coordinates for each location. The "V" coordinate is the first four digits in the "VH" column. The "H" coordinate is the next four digits.
- b. Obtain the difference between the "V" coordinates of each of the locations. Obtain the difference between the "H" coordinates.
- c. Square each difference obtained in step b., above.

7.5 CALL CHARGES

Rates are based on the duration of the call as measured according to Section 8.2 above, time of day rate period of the call as described in Section 8.3 and the airline mileage between points of the call as described in Section 8.4. In addition, where live or automated operator assistance is required for call completion or billing, a per call service applies.

Charges for all classes of calls may be to the calling station, to the called station when the called party agrees to accept the charges, to an authorized telephone number which is not the called station or the calling station (3rd number billing), or to an authorized calling card.

7.5.1 Usage Charges:

- a. Business Two-Point Message Toll Service

See Rate Schedule in Section 12 of this Tariff.

- b. Residence Two-Point Message Toll Service

See Rate Schedule in Section 12 of this Tariff.

7.5.2 Per Call Service Charges

The service charges listed in the Rate Schedule specified in Section 12 of this Tariff apply to intraLATA toll calls for which live or automated operator assistance is provided for call completion and/or billing.

Section 8 - SPECIAL SERVICES AND PROGRAMS

8.1 TELEPHONE ASSISTANCE PROGRAMS

8.1.1 General

- a. To qualify for low-income assistance, the applicant must participate in any of the following assistance programs. The Illinois Department of Human Services will certify the applicant's participation in assistance programs (a) and (b), below for purpose of eligibility.
 - (a) Medicaid
 - (b) Food Stamps
 - (c) Supplemental Security Income (SSI)
 - (d) Federal Housing Assistance
 - (e) Low Income Home Energy Assistance (LIHEAP)
- b. The low-income programs are funded through voluntary contributions from Illinois customers.
- c. ROUTE24 COMPUTERS, INC's verification through the Department of Human Services or, in lieu of electronic verification, applicant's signature on the form contained in Part 757 as exhibit E, shall constitute proof of income eligibility.
- d. The low-income assistance shall be available to only one access line per low-income household.

8.1.2 Supplemental Link-Up Assistance

- a. A credit of up to 50% of the connection charge, not to exceed \$30.00, will be applied to each new eligible customer.

8.1.3 Supplemental Lifeline Assistance

- a. Eligible customers may receive a discount of \$1.50 on their monthly service.

8.2 VOLUNTARY CONTRIBUTIONS

- a. Customers wishing to participate in the funding of Universal Telephone Service Assistance Program (UTSAP) may do so by electing to contribute, on a monthly basis, a fixed amount to be included by the company on the customer's telephone bill. The voluntary contributions shall not reduce the customer's telephone bill. The voluntary contributions shall not reduce the customer's total monthly bill amount due the Company for telephone services or other charges.

(1) Residential customers may elect to contribute:

- (a) \$0.50
- (b) \$1.00
- (c) \$2.00
- (d) \$5.00

(2) Business customers may elect to contribute:

- (a) \$1.00
- (b) \$5.00
- (c) \$10.00
- (d) \$25.00

- b. Customers may elect to discontinue or change the amount of monthly contributions on their bill at any time upon providing at least 30 days notice to ROUTE24 COMPUTERS, INC
- c. Failure by the customer in any month to remit the entire billed amount shall reduce the UTSAP contribution accordingly.

8.2 LINK UP AMERICA

The Link Up America program is a connection assistance plan which provides for the reduction of one-half of the charges associated with connection of telephone service, up to \$30.00, subject to the following eligibility criteria:

- a. The applicant must meet the requirements for qualification for Lifeline Telephone Service stipulated in Section 9.1.2, above;
- b. The assistance can only apply for a single telephone line at the principal place of residence of the applicant;
- c. The applicant must not be a dependent for federal income tax purposes, unless he or she is more than 60 years old.

8.3 SPECIAL EQUIPMENT FOR THE HEARING OR SPEECH IMPAIRED CUSTOMER

8.3.1 The Company will provide, upon request, specialized telecommunications equipment for a customer certified as hearing or speech impaired.

8.3.2 A customer can be certified as hearing or speech impaired by a licensed physician, otolaryngologist, speech-language pathologist, audiologist or an authorized representative of a social agency that conducts programs for persons with hearing or speech impairments in cooperation with an official agency of the State of Illinois.

8.3.3 The Company will make every reasonable effort to locate and obtain equipment for a certified customer.

8.3.4 The customer may purchase equipment at a price not to exceed the actual purchase price (including any applicable shipping costs) the Company pays.

8.4 DISCOUNTED SERVICE FOR THE HEARING OR SPEECH IMPAIRED CUSTOMER

8.4.1 General

A handicapped person who has been certified to the Company as having a hearing or speech impairment which requires that he or she communicate over telephone facilities by means other than voice, and who either use non-voice equipment or make calls through an interpreter, will receive, upon application to the Company, a fifty percent (50%) discount on local message rate service.

8.4.2 Certification

Acceptable certifications are:

1. Those made by a licensed physician, otolaryngologist, speech-language pathologist or audiologist or an authorized representative of a social agency that conducts programs for persons with hearing or speech impairment in cooperation with an official agency of the State of Illinois or
2. A pre-existing certification establishing the impairment of hearing or speech such as those which qualify the handicapped person for social security benefits on the basis of total hearing impairment or for the use of facilities of an agency for a person with hearing or speech impairment.

8.4.3 Qualification

A customer qualifying for the discount is one whose impairment is such that competent authority would certify him or her as being unable to use a telephone for voice communication. See Section 9.1.2 for a listing of the necessary qualifications.

8.4.4 Billing

The reduction in charges is applied only at one location, designated by the impaired person.

8.5 UNIVERSAL EMERGENCY TELEPHONE NUMBER SERVICE

8.5.1 General

Universal Emergency Telephone Number Service (911 Service) is an arrangement of Company central office and trunking facilities whereby any telephone user who dials the number 911 will reach the emergency report center for the telephone from which the number is dialed or will be routed to an operator if all lines to an emergency report center are busy. If no emergency report center customer exists for a central office entity, a telephone user who dials the number 911 will be routed to an operator. The telephone user who dials the 911 number will not be charged for the call.

8.5 UNIVERSAL EMERGENCY TELEPHONE NUMBER SERVICE (Cont'd)

8.5.2 Regulations

- a. This service is furnished to municipalities and other governmental agencies only for the purpose of voice reporting of emergencies by the public. For this service, the municipality or government agency(s) designated by the customer as responsible for the control and staffing of the emergency report center is referred to as the "Agency".
- b. When 911 service replaces an existing emergency number, intercept service shall be the responsibility of the Agency. However, if the Agency is unable to provide this service, the operator will intercept and forward requests for emergency aid for a period of at least one year
- c. 911 service is furnished for incoming calls only.

8.5.3 Conditions of Furnishing Service

This service is offered solely as an aid in handling assistance calls in connection with fire, police, medical, and other emergencies. The Company is not responsible, in the absence of gross negligence or willful misconduct, for any losses, claims, demands, suits, or any liability, whether suffered, made, instituted, or asserted by the customer or by any other party or person, for any personal injury to or death of any person or persons, and for any loss, damage, or destruction of any property, whether owned by the customer or others, caused or claimed to have been caused by the installation, operation, failure to operate, maintenance, removal, presence, condition, location, or use of such facilities. By dialing 911, the customer agrees to release, indemnify, defend, and hold harmless the Company from any and all loss or claims, whatsoever, whether suffered, made, instituted, or asserted by the destruction of any property, whether owned by the customer or others. Notwithstanding any provision to the contrary, in no event shall the Company be liable for any special, incidental, consequential, exemplary, or punitive damages of any nature whatsoever.

8.5 UNIVERSAL EMERGENCY TELEPHONE NUMBER SERVICE (Cont'd)

8.5.3 Conditions of Furnishing Service (Cont'd)

The Company is not responsible for any infringement or invasion of the right of privacy of any person or persons, caused, or claimed to have been caused, directly or indirectly, by the installation, operation, failure to operate, maintenance, removal, presence, condition, occasion or use of the 911 service features and the equipment associated therewith, including, but not limited to, the identification of the telephone number, address or name associated with the telephone used by the party or parties accessing the 911 service.

8.6 ENHANCED UNIVERSAL EMERGENCY TELEPHONE NUMBER SERVICE

8.6.1 General

Enhanced Universal Emergency Telephone Number Service (E911 Service) is a Call Delivery Network whereby any telephone user who dials the number 911 will reach a designated Public Safety Answering Point (PSAP). E911 Service is offered in the Company's serving area subject to the availability of stored program control central office facilities, Enhanced 911 software, and ANI equipment. The telephone user who dials the 911 number will not be charged for the call.

8.6.2 Regulations

- a. In addition to the following, the regulations in Section 9.5.2 apply.

Section 8 - SPECIAL SERVICES AND PROGRAMS (Cont'd)

8.6 ENHANCED UNIVERSAL EMERGENCY TELEPHONE NUMBER SERVICE
(Cont'd)

8.6.2 Regulations (Cont'd)

- b. This Tariff does not provide for the inspection or constant monitoring of facilities to discover errors, defects, or malfunctions in the service, nor does the company undertake such responsibility. The Agency shall make such operational tests as in their judgment are required to determine whether the system is functioning properly for its use. The Agency shall promptly notify the Company in the event the system is not functioning properly.
- c. E911 information, consisting of the names, addresses, and telephone numbers of all telephone customers, is confidential. The Company will release such information to the Agency periodically for the update of their systems.
- d. The E911 calling party, by dialing 911, waives the privacy afforded by non-listed and non-published service to the extent that the telephone number ("ANI") and address ("ALI") associated with the originating station location are furnished to the PSAP, on a call by call basis, after an E911 call has been received.
- e. Service boundaries of the Company and political subdivision boundaries may not coincide. In the event that the Agency does not subscribe to Selective Routing, it must make arrangements to handle all 911 calls that originate from telephones served by Central offices in the local service areas (i.e., exchange) whether or not the calling telephone is situated on property within the geographical boundaries of the Agency's public safety jurisdiction.

(Cont'd)

8.6.3 Conditions of Furnishing Service

This service is offered solely as an aid in handling assistance calls in connection with fire, police, medical, and other emergencies. The Company is not responsible, in the absence of gross negligence or willful misconduct, including default routing, for any losses, claims, demands, suits, or any liability, whether suffered, made, instituted, or asserted by the customer or by any other party or person, for any personal injury to or death of any person or persons, and for any loss, damage, or destruction of any property, whether owned by the customer or others, caused or claimed to have been caused by the installation, operation, failure to operate, maintenance, removal, presence, condition, location, or use of such facilities. By dialing 911, the customer agrees to release, indemnify, defend, and hold harmless the Company from any and all loss or claims, whatsoever, whether suffered, made, instituted, or asserted by the destruction of any property, whether owned by the customer or others. Notwithstanding any provision to the contrary, in no event shall the Company be liable for any special, incidental, consequential, exemplary, or punitive damages of any nature whatsoever, including for default routing.

The Company is not responsible for any infringement or invasion of the right of privacy of any person or persons, caused, or claimed to have been caused, directly or indirectly, by the installation, operation, failure to operate, maintenance, removal, presence, condition, occasion or use of the 911 service features and the equipment associated therewith, including, but not limited to, the identification of the telephone number, address or name associated with the telephone used by the party or parties accessing the 911 service.

8.7 TELECOMMUNICATIONS RELAY SERVICE

8.7.1 General

The Company will provide access to a telephone relay center for the Illinois Relay Service. The service permits telephone communications between hearing and/or speech impaired individuals who must use a Telecommunications Device for the Deaf (TDD) or a Teletypewriter (TTY) and individuals with normal hearing and speech. The Relay Service can be reached by dialing an toll-free number. Specific toll-free numbers have been designated for both impaired and non-impaired customers to use.

Concurrence in regulations and charges of the Illinois Telecommunications Access Corporation are as follows:

- A. ROUTE24 COMPUTERS, INC concurs in the Rates, Rules and Regulations governing: (1) intrastate Telecommunications Provisions for the Hearing-and Voice-Impaired as filed by the Illinois Telecommunications Access Corporation in its ILL.C.C, No. 3 tariff; (2) intrastate Telecommunications Provisions for the Deaf and Severely Hearing-Impaired for Telecommunications Relay Service as filed by the Illinois Telecommunications Access Corporation in its ILL.C.C No. 4 tariff.
- B. ROUTE24 COMPUTERS, INC extends this concurrence to any and all changes which may be made subsequent to this date by the Illinois Telecommunications Access Corporation in its ILL.C.C. No. 3 and ILL.C.C. No. 4 tariffs.
- C. ROUTE24 COMPUTERS, INC hereby expressly reserves the right to cancel and make void this statement of concurrence at any time.

8.7.2 Regulations

- a. Only intrastate calls can be completed using the Illinois Relay Service under the terms and conditions of this Tariff.

8.7.2 Regulations (Cont'd)

- b. Charges for calls placed through the Relay Service will be billed as if direct distance dialed (DDD) from the point of origination to the point of termination. The actual routing of the call does not affect billing.
- c. Calls through the Relay Service may be billed to a third number only if that number is within the State of Illinois. Calls may also be billed to calling cards issued by the Company or other carriers who may choose to participate in this service.
- d. The following calls may not be placed through the Relay Service:
 - 1. calls to informational recordings and group bridging service;
 - 2. calls to time or weather recorded messages;
 - 3. station sent paid calls from coin telephones; and
 - 4. operator-handled conference service and other teleconference calls.

8.7.3 ITAC Supplement Charges

Pursuant to the Order dated May 5, 1999, the Illinois Commerce Commission in Docket No. 99-0182, ROUTE24 COMPUTERS, INC will impose a supplemental charge of six cents per month per line for all subscriber lines other than Centrex-type lines, and a charge of .6 cents for each Centrex-type line, effective with bills rendered on or after June 1, 1999 or at the beginning of the first cycle after June 1, 1999.

Section 9 - SPECIAL ARRANGEMENTS**9.1 SPECIAL CONSTRUCTION****9.1.1 Basis for Charges**

Basis for Charges where the Company furnishes a facility or service for which a rate or charge is not specified in the Company's Tariffs, charges will be based on the costs incurred by the Company (including return) and may include:

- a. nonrecurring charges;
- b. recurring charges;
- c. termination liabilities; or
- d. combinations of a., b., and c.

9.1.2 Basis for Cost Computation

The costs referred to in 10.1.1 preceding may include one or more of the following items to the extent they are applicable:

- a. Costs to install the facilities to be provided including estimated costs for the rearrangements of existing facilities. These costs include:
 - (1) equipment and materials provided or used;
 - (2) engineering, labor, and supervision;
 - (3) transportation; and
 - (4) rights of way and/or any required easements.
- b. Cost of maintenance.
- c. Depreciation on the estimated cost installed of any facilities provided, based on the anticipated useful service life of the facilities with an appropriate allowance for the estimated net salvage.

Section 9 - SPECIAL ARRANGEMENTS (Cont'd)

9.1 SPECIAL CONSTRUCTION (Cont'd)

9.1.2 Basis for Cost Computation (Cont'd)

- d. Administration, taxes, and uncollectible revenue on the basis of reasonable average cost for these items.
- e. License preparation, processing, and related fees.
- f. Tariff preparation, processing and related fees.
- g. Any other identifiable costs related to the facilities provided; or
- h. An amount for return and contingencies.

9.1.3 Termination Liability

To the extent that there is no other requirement for use by the Company, a termination liability may apply for facilities specially constructed at the request of a customer.

- a. The period on which the termination liability is based is the estimated service life of the facilities provided.

Section 9 - SPECIAL ARRANGEMENTS (Cont'd)

9.1 SPECIAL CONSTRUCTION (Cont'd)

9.1.3 Termination Liability (Cont'd)

- b. The amount of the maximum termination liability is equal to the estimated amounts (including return) for:
- (1) Costs to install the facilities to be provided including estimated costs for the rearrangements of existing facilities. These costs include:
 - (a) equipment and materials provided or used;
 - (b) engineering, labor, and supervision;
 - (c) transportation; and
 - (d) rights of way and/or any required easements;
 - (2) license preparation, processing, and related fees;
 - (3) Tariff preparation, processing and related fees;
 - (4) cost of removal and restoration, where appropriate; and
 - (5) any other identifiable costs related to the specially constructed or rearranged facilities.
- c. The termination liability method for calculating the unpaid balance of a term obligation is obtained by multiplying the sum of the amounts determined as set forth in Section 10.1.3.b. preceding by a factor related to the unexpired period of liability and the discount rate for return and contingencies. The amount determined in Section 10.1.3.b. preceding shall be adjusted to reflect the redetermined estimated net salvage, including any reuse of the facilities provided. This amount shall be adjusted to reflect applicable taxes.

9.2 NON-ROUTINE INSTALLATION AND/OR MAINTENANCE

At the customer's request, installation and/or maintenance may be performed outside the Company's regular business hours, or (in the Company's sole discretion and subject to any conditions it may impose) in hazardous locations. In such cases, charges based on the cost of labor, material, and other costs incurred by or charged to the Company will apply. If installation is started during regular business hours but, at the Customer's request, extends beyond regular business hours into time periods including, but not limited to, weekends, holidays, and/or night hours, additional charges may apply.

9.3 INDIVIDUAL CASE BASIS (ICB) ARRANGEMENTS

Rates for ICB arrangements will be developed on a case-by-case basis in response to a bona fide request from a customer or prospective customer for service which vary from Tariffed arrangements. Rates quoted in response to such requests may be different for Tariffed service than those specified for such service in this Tariff. ICB rates will be offered to customers in writing and will be made available to similarly situated customers.

Section 10 - DIRECTORY

10.1 ALPHABETICAL DIRECTORY

10.1.1 Main Listings

- a. The Company contracts with an outside provider, which may be the Incumbent Local Exchange Carrier, for directory listings. All references to the directory of the Company will mean the directory published by the outside provider.
- b. The term "listing" refers to the information in light face type in the alphabetical directory and the Directory Assistance Records of the Company.
- c. Listings provided without charge are as follows:
 1. One listing for each individual line. Where individual lines are grouped for incoming service, only one listing will be provided for each such group.
 2. One listing for each PBX or interconnecting system.
- d. The name listed in the directory has no bearing on who is responsible for payment of the account associated with the number being listed.

Section 10 - DIRECTORY (Cont'd)

10.1 ALPHABETICAL DIRECTORY (Cont'd)

10.1.2 Composition of Listings

- a. Listings are limited to information essential to the identification of the listed party.
- b. Addresses
 1. Each listing normally includes the number and street name location where the telephone service is furnished. The name of a building may be shown in case of buildings commonly known by name.
 2. Upon Customer request, the address may be omitted, a post office box number may be shown, or a partial address (omitting number) may be shown. In directories where locality names are normally part of the address, a partial address consisting of the name of a locality may be shown.
- c. The Customer may request a main listing different from the billing name and address of the service. All such requests will be honored to the extent possible under the terms of the contract described in Section 11.1.1.a above.

10.1.3 Types of Listings

In addition to the main listing as described above, the following options are available for an additional charge.

Section 10 - DIRECTORY (Cont'd)

10.1 ALPHABETICAL DIRECTORY (Cont'd)

10.1.3 Types of Listings (Cont'd)

a. Indented Listings

An indented listing is indented under a standard listing or under a caption, and may not include more than a designation, address, and telephone number. A caption consists of a name, and may include a designation, but not a telephone number. An address may be included only if all of the services listed under the caption are located at the same address. When the same designation is appropriate for two or more indented listings, it may be shown as a sub-caption. Indented listings are permissible when a Customer is entitled to two or more listings of the same name with different addresses or different telephone numbers.

b. Duplicate Listings

Any listing may be duplicated in a different directory (where offered) or under a separate geographical heading in the same directory. Such listing may be duplicated in indented form.

c. Reference Listing

A Customer with a listing in a different geographic heading may have an indented listing in reference form ("See . . .") in lieu of a duplicate listing.

Section 10 - DIRECTORY (Cont'd)

10.1 ALPHABETICAL DIRECTORY (Cont'd)

10.1.3 Types of Listings (Cont'd)

d. Cross Reference Listing

A Customer may have a related listing in the same alphabetic group listing when required for identification of the listed party and not designated for advertising purposes.

e. Alternate Telephone Number Listings

Any listed party who has made arrangements for receiving calls at a different telephone number during an absence or at night may have the alternate numbers listed in the directory. Such listings may be furnished as an indented listing or as a sub-caption.

f. Semi-Private Listing

At the request of the Customer, the telephone number is omitted from the Company's alphabetical directory and designated as a "non listed" telephone number and the telephone number is included in the Directory Assistance records available to the general public. In addition, the telephone number is displayed for 911 and E911 emergency service and provided when a law enforcement agency requests it in writing.

Section 10 - DIRECTORY (Cont'd)

10.1 ALPHABETICAL DIRECTORY (Cont'd)

10.1.4 Non-Published Service

a. General

The telephone numbers of non-published service are not listed in either the Company's alphabetical directory or Directory Assistance records available to the general public. However, where a government agency subscribes to Universal Emergency Telephone Number Service (911) or Enhanced Universal Emergency Telephone Service (E911), the telephone number, name, and address of a Customer with non-published service will be displayed when the Customer dials 911 and is connected to a Public Safety Answering Point (PSAP) for dispatch of emergency service. In addition, the Company will provide a Customer's non-published number when a law enforcement agency requests it in writing.

b. Regulations

1. Except as otherwise provided in this paragraph, incoming calls to non-published service will be completed only when the calling party places the call by number. In claims of emergencies involving life and death, the operator will call the non-published number and request permission to make an immediate connection to the calling party. If the connection is refused, the calling party will be advised.
2. The acceptance by the Company of the Customer's request to refrain from publishing his or her telephone number in the Directory does not create any relationship or obligation, direct or indirect, to any person other than the Customer.

10.3 DIRECTORY INFORMATION REQUESTS

Requests for directory information are provided by dialing Directory Assistance. (See Section 5.7.) Information will not be issued by the Company outside of normal directory assistance procedures unless the request is made by an emergency agency. Directory information will only be provided to emergency agencies after a formal request is presented to the Company in writing. The requesting agency must agree to pay for the costs incurred by the Company in providing the information, and must certify that the information will be used only for the purpose of providing its services to the community.

10.4 LIABILITY OF THE COMPANY FOR ERRORS

10.4.1 General

In the absence of gross negligence or willful misconduct, and except for the allowances stated elsewhere in this Tariff, no liability for any damage of any nature whatsoever arising from errors in directory listings or errors in listings obtainable from the Directory Assistance operator, including errors in reporting thereof, shall attach to the Company. A listing is considered in error only when it shows the Customer on the wrong street, or in the wrong community. The Customer must notify the Company of an error.

10.4.2 Allowance for Errors

An allowance for errors in published directory listings or for errors in listings obtainable from the Directory Assistance operator shall be given as follows:

Section 10 - DIRECTORY (Cont'd)

10.4 LIABILITY OF THE COMPANY FOR ERRORS (Cont'd)

10.4.2 Allowance for Errors (Cont'd)

a. Free Listings

For Free or non-charge published directory listings, credit shall be given at the rate of two times the monthly rate for an additional or charge listing affected, for each month of the life of the directory or the charge period during which the error occurs. The Company may issue the credit in a lump sum if it chooses to do so.

b. Charge Listings

For each additional or charge published directory listing, credit shall be given at the monthly Tariff rate for each individual line affected, for each month of the life of the directory or the charge period during which the error occurs.

c. Operator Records

For free or charge listings obtainable from records used by the Directory Assistance operator, upon notification to the Company of the error in such records by the Customer, the Company shall be allowed a period of three business days to make the correction. If the correction is not made in that time for reasons within the control of the Company, credit shall be given at the rate of two-thirtieths (2/30) of the basic monthly rate for the line or lines in question for each day thereafter that the records remain uncorrected.

The total amount of any credit shall not exceed, on a monthly basis, the total of the charges for each listing plus the basis monthly rate for the line(s) in question. No allowance will be provided for errors caused by other carriers or operator service providers.

Section 12 – Digital Divide Elimination Fund Program

Digital Divide Elimination Fund Program is created as a special fund in the State Treasury to foster elimination of the Digital Divide. All monies in the Fund will be collected by the Company and reported to the Department of Commerce and Community Affairs, who will issue grants to the various communities based upon their needs.

- A. Customers wishing to participate in the funding of the Program may do so by electing to contribute, on a monthly basis, a fixed amount to be included on the Customer's monthly bill. This contribution shall not reduce the customer's total amount due for telecommunications services or other charges appearing on the bill.
- B. This contribution will be a line item on the bill and be identified as the Digital Divide Fund.
- C. Customers may elect to contribute \$.50, \$1.00, \$2.00, \$5.00, \$10.00, \$15.00 or \$25.00 per month per line.
- D. Customers may elect to discontinue or change the amount of the monthly contribution on their bill at any time upon providing at least 30 days notice by telephone, e-mail or mail to the Company.
- E. Failure by the customer in any month to remit the entire billed amount may reduce the contribution accordingly.
