| 23 | Line Loss | SBC to determine if other situations exist that cause line loss notifications to be inaccurate or untimely, and correct those situations immediately. | SBC Illinois has an on-going process through which it monitors and corrects any such situations that may arise. This commitment is completed. |
| 24 | Line Loss | SBC to clearly state all the problems it has uncovered relating to loss notifications since January 2001 and to communicate those in an Accessible Letter. The Accessible Letter should indicate when the problem was first identified, what software versions it lies to, what action SBC has taken to correct each issue and when the action was taken, any plan or future action SBC plans to take, and an estimate of when the action will be taken. | Accessible Letter CLECAM02-400 was distributed on September 24, 2002. This Accessible Letter included problem start and end dates, the scope of the problem, the corrective action taken and the timing of that action. See Attachment 16. In addition, Accessible Letters CLECAM02-122, CLECAM02-123, CLECAM03-019, CLECAM03-021 and CLECAM03-035 were distributed on November 12 and November 13, 2002 and March 6, March 14 and May 21, 2003 respectively. These letters were the initial notification and follow-up related to line loss incidences after the September Accessible Letter was distributed. See Attachments 17, 18, 14, 15 and 19. This commitment is completed. Any future issues will be reported consistent with the Line Loss Notifier Plan. This commitment is completed. |
| 25 | Line Loss | On a CLEC by CLEC basis, SBC to determine the accounts for which loss notifications have never been sent or incorrectly sent and will communicate these instances to the affected CLECs. If issues persist, such reconciliation will be done on a monthly basis until | SBC Illinois has engaged in account reconciliation with individual CLECs in order to accommodate the business objectives and system capabilities of each CLEC. This has included activities such as resending line loss notifications for past periods, and providing reports of end user account status for comparison with the CLEC's customer database. Information regarding some of the reconciliation activities may be found in Accessible Letters CLECAM02-170 and CLECAM02- |
