

**ICC Docket No. 03-0553**

**SBC Illinois  
Kent 5.0 Surrebuttal**

**Schedule MK-S1**

**Request 4.1:** In his rebuttal testimony, Mr. Loch states that SBC Illinois should be required “. . . to provide termination charge calculations to competing suppliers if authorized to do so by the customer, as specified in Finding (10) of the ASCENT Order” (p. 9). Is TDS Metrocom requesting that SBC Illinois be required to provide termination charge calculations to CLECs, with customer authorization, for all products and services offered by SBC Illinois pursuant to term agreements or just for the ValueLink family of services?

**Response:** TDS Metrocom is requesting that SBC Illinois be required to provide termination charge calculations to CLECs, with customer authorization, for all products and services offered by SBC Illinois pursuant to term agreements, and not just for the ValueLink family of services.
