Issue #	Issue	Appendix & Sections	MCI Language	MCI Position	SBC ILLINOIS Language	SBC ILLINOIS Preliminary Position
	Operator Services (OS)	Appendix XV: Operator Services				
OS 1	<p>SBC: Should SBC ILLINOIS be required to provide OS as a UNE?</p> <p>MCI: Should the Operator Service Appendix refer to whether OS is a UNE?</p>	OS 2.1.2	<p>SBC ILLINOIS shall provide Operator Services <i>as an unbundled Network Element at TELRIC-based rates</i>, unless SBC ILLINOIS provides MCI with customized routing as defined in Appendix UNE <i>and unless authorized to discontinue unbundled Operator Services by the Commission.</i></p>	Both OS and DA are considered Unbundled Network Elements to be offered at TELRIC-based rates unless and until the CLEC (in this case MCI) can truly take advantage of third party providers (including self provisioning) via customized routing.	SBC ILLINOIS shall provide Operator Services <u>in accordance with the terms and conditions herein</u> , unless SBC ILLINOIS provides MCI with customized routing as defined in Appendix UNE.	<p>SBC IL currently provides OS/DA as a UNE as ordered by the ICC in Docket Nos. <u>96-0486/0569</u> per Tariff 20, Part 19 Section 8.</p> <p>OS is not a UNE where the service is made available in a nondiscriminatory manner and where custom routing is offered. The Commission must decide whether SBC Illinois offers such customized routing.</p>
