RE: Docket T04-0012: TR14A, TR 139, CH 13, TR 151, & 43rd. ST.

Dear Joe,

I recently spoke with Mr. Phil Tegeler of Bernardin & Lockmueller and Associates, Inc., the consultant who is designing the 43rd. street plans and the relocation of TR 151. The 43rd. street and TR 151 plans are almost complete as is the plat for the additional R.O.W. necessary for the TR 151 relocation.

Upon completion, they will be submitted to I.D.O.T. for their approval. Once this process is complete, I will notify you and send you copies of the approval.

The plans for County Highway 13 are for all practical purposes, complete. Once we get approval from the railroad/Commerce Commission we will let the project and complete the approach work on County Highway 13.

And, yes, the Temporary Stop signs have been installed by C.N.I.C.

Sincerely,

Frederick J. Sherer P.E.
Coles County Highway Engineer
