RE: Errata to CUB-CCSAO Exhibit 3.0, Rebuttal Testimony of Christopher C. Thomas on behalf of the Citizens Utility Board and the Cook County State's Attorney's Office, ICC Docket No. 04-0779

Dear Ms. Rolando:

On May 3, 2005, CUB submitted CUB-CCSAO Exhibit 3.0, Rebuttal Testimony of Christopher C. Thomas on behalf of the Citizens Utility Board and the Cook County State's Attorney's Office.

One sentence in the testimony contained an error that is key to the appropriate understanding of the sentence. On page 35, lines 789-790, the sentence currently reads "The Commission should include \$10 million in Nicor's rate base earmarked for EE initiatives." The sentence *should* read, "The Commission should include \$10 million in Nicor's **base rates as an operating expense** earmarked for EE initiatives." CUB and CCSAO apologize for any inconvenience this may have caused. CUB/CCSAO will provide a completely corrected version of Mr. Thomas's Rebuttal Testimony for admission into the record during evidentiary hearings in this case.

Copies of this letter have been served upon all parties designated on the Commission's official service list and counsel for Staff. Thank you for your attention to this matter.

Sincerely,

Robert J. Kelter
