Please state your complaint briefly. Number each of the paragraphs. Please include time period and dollar amounts involved with your complaint. Use an extra sheet of paper if needed.

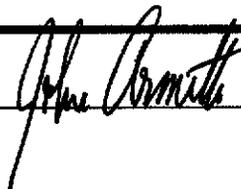

1. During certain months of the 86 month period, from 05/13/92 until 07/12/99, Commonwealth Edison Company billed us \$41,278.19 more for incorrectly measuring the quantity or volume of electricity than we actually consumed, and also during some of those months and also during other months within the same period, they also charged us \$47,625.36 more on higher rates - on an incorrect class of service - for our electricity than we qualified for.
2. We first had conclusive knowledge of ComEd's errors in December 2002 and then requested a refund = \$88,903.55 within our letter dated 01/28/03; then notified the I.C.C. on 07/02/04. (See the attached affidavits)
3. ComEd took our money, which has now accumulated to be over \$100,000, including interest, and they manufactured an excuse to keep it, saying that our claim was "time-barred".
4. Our earliest suspicion of ComEd's mistakes was in August/September 2002; then, we filed an Informal Complaint with the I.C.C. 22 months later on 07/02/04, well within the 24 month time required as stated within the I.C.C. Public Utilities Act 5/9-252.1.

Please clearly state what you want the Commission to do in this case:

Compel Commonwealth Edison Company to return our overpayments for electricity with interest = \$100,000.00, which they didn't earn and the validity of which they are not contesting.
