## NOTES:

- (1) The Company's residential rates differentiate between residential customers (a) with and without space heating, and (b) multi family (mf) and single family (sf) residences. The charges are based on ICC-jurisdictional delivery service rates and riders in effect during 2004.
- (2) Total Rider 21 charge for a residential customer is \$0.45.
- (3) Franchise Cost Addition is based on an estimated system average percentage of net charges.
- (4) Bills are calculated on a pretax basis since the state tax charge is kWh based and is identical for the delivery service calculations. Municipal tax charges are kWh based and vary among municipalities in the service territory. These total delivery service and applicable rider charges are for illustrative bill comparison purposes only.

## NOTES:

- (1) The Company does not have rates that differentiate between commercial and industrial customers. Therefore all applicable designated usage levels for both commercial and industrial hypothetical customers are included herein. The charges are based on ICC-jurisdictional delivery service rates and riders.
- (2) Total Rider RCA charge for nonresidential less than 10,000 kW \$4.50; nonresidential 10,000 kW or greater \$337.50.
- (3) The Instrument Funding Charge is illustrative.
- (4) Rider 31 - Decommissioning Expense Adjustment Clause has a scheduled "End Date" of December 31, 2006.
- (5) Franchise Cost Addition is based on an estimated system average percentage of net distribution charges.
- (6) Bills are calculated on a pretax basis since the state tax charge is kWh based and is identical for the delivery service calculations. Municipal tax charges are kWh based and vary among municipalities in the service territory. These total delivery service and applicable rider charges are for illustrative bill comparison purposes only.
