MEMORANDUM

TO: The Commission

FROM: Leslie Haynes and Katina Haloulos,
Administrative Law Judges

DATE: May 25, 2006

SUBJECT: Paul Pals
-vs-
Northern Illinois Gas Company d/b/a Nicor Gas Company

Complaint as to billing/charges in Crete, Illinois.

RECOMMENDATION: Enter Order denying Complaint.

This matter concerns a Complaint filed by Paul Pals against The Peoples Gas Light and Coke Company ("Respondent"), requesting reimbursement of \$514.15 and permanent removal of a 1.119 pressure factor from his bill. The attached Order finds that Complainant's bills are consistent with Respondent's tariff for two-pound service. The evidence shows that Mr. Pals has two-pound service to his home and that he is receiving more gas through his meter than his meter is capable of reading. If the Company did not apply the pressure factor, Mr. Pals would be billed for less gas than he is receiving each month.

The Administrative Law Judge's Proposed Order was served on April 24, 2006. No briefs on exception were filed. Accordingly, we recommend that the attached Order denying the Complaint be entered by the Commission.
