Dear Sir or Madam:

A review of Annual Gross Revenue Tax Returns filed with the Illinois Commerce Commission has indicated that certain telecommunications carriers may not be reporting payphone and/or incorrectly deducting collocation revenues from the calculation of the tax.

Payphone and collocation revenues are taxable and should also be tariffed. Please complete the attached worksheet and return it to me by December 31, 2004. The worksheet requests your company's intrastate pay telephone revenues and/or collocation revenues for each of the years 1998 through 2003.

Please review your company's Annual Gross Revenue Tax Returns for the years 1998 through 2003 and verify that these revenues were properly reported and included in the tax calculations on the tax returns filed for these years. Complete your company's certification by checking the appropriate box on the back of the worksheet.

If your company did not correctly report these revenues and/or calculate the tax amount, please submit Revised Amended Gross Revenue Tax Returns along with your remittance for the additional taxes due by December 31, 2004. Tax Returns are available on our website: www.icc.state.il.us.

Penalties and interest on the Revised Amended Gross Revenue Tax Returns will be waived if received by December 31, 2004. A return envelope is enclosed for your convenience.

If you have any questions, please contact me at (217) 785-1015. If I am not available you may also contact Janet Hulett at (217) 782-4086.

Sincerely,

A handwritten signature in cursive script that reads "Bill Baima".
