

ATTACHMENT Q

Electric Choice Enrollment Monthly Report
All Utilities Where Choice is Available in Maryland
Month Ending December 2006

A description of all terms used in these tables is provided on the last page following the tables.

Number of Customers Served by Electric Suppliers

Distribution Utility	Residential	Small C & I	Mid C & I	Large C & I	All C & I
Allegheny Power	8	2,263	661	108	3,032
Baltimore Gas and Electric	18,305	27,587	5,764	563	33,914
Delmarva Power & Light	422	3,148	469	75	3,692
Potomac Electric Power	25,661	8,877	7,083	505	16,465
Total	44,396	41,875	13,977	1,251	57,103

Total Number of Distribution Service Accounts

Distribution Utility	Residential	Small C & I	Mid C & I	Large C & I	All C & I
Allegheny Power	214,151	27,386	1,270	143	28,799
Baltimore Gas and Electric	1,093,302	108,626	10,020	619	119,265
Delmarva Power & Light	170,207	30,793	841	82	31,716
Potomac Electric Power	471,982	32,121	15,192	579	47,892
Total	1,949,642	198,926	27,323	1,423	227,672

Percentage of Customers Served by Electric Suppliers

Distribution Utility	Residential	Small C & I	Mid C & I	Large C & I	All C & I
Allegheny Power	0.0%	8.3%	52.0%	75.5%	10.5%
Baltimore Gas and Electric	1.7%	25.4%	57.5%	91.0%	28.4%
Delmarva Power & Light	0.2%	10.2%	55.8%	91.5%	11.6%
Potomac Electric Power	5.4%	27.6%	46.6%	87.2%	34.4%
Total	2.3%	21.1%	51.2%	87.9%	25.1%

Total Demand in MW (Peak Load Obligation) Served by Electric Suppliers

	Residential	Small C & I	Mid C & I	Large C & I	All C & I

Distribution Utility					
Allegheny Power	0.0	32.1	116.5	567.5	716.1
Baltimore Gas and Electric	70.62	224.46	946.70	1369.90	2541.06
Delmarva Power & Light	1.5	39.7	79.7	122.2	241.6
Potomac Electric Power	106.9	42.5	570.1	764.3	1376.9
Total	179.1	338.8	1713.0	2823.9	4875.7

Total MW Peak Load Obligation for all Distribution Accounts

Distribution Utility	Residential	Small C & I	Mid C & I	Large C & I	All C & I
Allegheny Power	635.0	191.4	192.9	616.3	1000.6
Baltimore Gas and Electric	3659.06	708.67	1409.21	1430.73	3548.61
Delmarva Power & Light	523.1	176.6	120.3	129.4	426.3
Potomac Electric Power	1607.7	134.9	894.4	821.8	1851.0
Total	6424.8	1211.5	2616.8	2998.3	6826.5

Percentage of Peak Load Obligation Served by Electric Suppliers

Distribution Utility	Residential	Small C & I	Mid C & I	Large C & I	All C & I
Allegheny Power	0.0%	16.8%	60.4%	92.1%	71.6%
Baltimore Gas and Electric	1.9%	31.7%	67.2%	95.7%	71.6%
Delmarva Power & Light	0.3%	22.5%	66.3%	94.4%	56.7%
Potomac Electric Power	6.7%	31.5%	63.7%	93.0%	74.4%
Total	2.8%	28.0%	65.5%	94.2%	71.4%

Number of Electric Suppliers Serving Enrolled Customers

Distribution Utility	Residential	Small C & I	Mid C & I	Large C & I	
Allegheny Power	3	11	13	11	
Baltimore Gas and Electric	11	17	17	15	
Delmarva Power & Light	9	16	13	12	
Potomac Electric Power	7	14	18	14	

Note: Suppliers may serve more than one customer type and operate in more than one service territory

Special Analysis Tables

Number of Customers that Switched from or to a Supplier During This Reporting Month

Note: A switch from a supplier can be either to another supplier or to utility Standard Offer Service

Distribution Utility	Residential	Small C & I	Mid C & I	Large C & I	All C & I
AP Switches from Supplier	0	6	50	12	68
AP Switches to Supplier	0	1438	96	22	1556
BGE Switches from Supplier	495	121	31	20	172
BGE Switches to Supplier	1894	515	140	28	683
Delmarva Switches from Supplier	5	26	6	2	34
Delmarva Switches to Supplier	64	260	27	2	289
Pepco Switches from Supplier	0	29	36	24	89
Pepco Switches to Supplier	222	390	297	21	708
Total Switches from Suppliers	500	182	123	58	363
Total Switches to Suppliers	2180	2603	560	73	3236

Residential Time-Of-Use Enrollment

This table focuses only on BGE and Pepco Residential Time-Of-Use metered customers*

The customers and load represented in this table are included in the total residential information above

	BGE	Pepco
Residential TOU accounts served by suppliers	1,737	4,599
Total number of all residential TOU accounts	76,301	55,819
Percentage of Res. TOU accounts served by suppliers	2.28%	8.24%
Residential TOU MW Load served by suppliers	8.27	20.05
Total MW load of all residential TOU accounts	346.5	305.2
Percentage of Res. TOU MW load served by suppliers	2.39%	6.57%

*Only BGE and Pepco have significant number of Residential TOU customers

Large C&I Customers on Utility Service					
For those large C&I customers who are NOT served by suppliers, this table outlines number of customer and amount of load served under the Type 3 fixed price and the hourly priced options					
		AP	BGE	Delmarva	Pepco
Type 3 Fixed Price customers		35	0	0	0.0
Type 3 Fixed Price MW Load		48.8	0.0	0.0	0.0
Hourly Priced customers		0	56.00	7.0	74.0
Hourly Priced MW Load		0.0	60.83	7.2	57.5
Terms and clarifications for Enrollment Report Tables					
<p>All investor owned utility customers are eligible to take service from competitive retail electric suppliers. Market based generation rates go into effect for all customers, with the exception of BGE and AP residential customers, effective January 1, 2007. The new generation rates are based on the Case 8908 Standard Offer Service framework. BGE and AP residential customers continue to have frozen rates based on their restructuring settlements through June 2006 (BGE) and December 31, 2008 (AP).</p>					
<p>Small C&I customers are commercial or industrial customers with demands less than or equal to 50 kW for AP, 60 kW for BGE and Delmarva and 25 kW for Pepco these customers are eligible for "Type 1" fixed price utility Standard Offer Service if they do not switch to a supplier</p>					
<p>Mid-sized C&I customers are commercial or industrial customers with demands greater than the level for small C&I (Type 1 SOS) for each utility but less than 600 kW. These customers are eligible for "Type 2" fixed price utility Standard Offer Service if they do not switch to a supplier</p>					
<p>Large C&I customers are commercial or industrial customers with demands equal to or greater than 600 kW, these customers have an option of either "Type 3" fixed price utility Standard Offer Service or hourly priced service (based on PJM hourly LMP) if they do not switch to a supplier</p>					
<p>The format for these reports changed effective May, 2004. To compare these reports to reports prior to May, 2004, Residential information is comparable before and after the format change, the "All C&I" column is comparable to the "Residential" column in prior reports, and the "Total" columns are comparable to prior reports. There is no information in prior reports that is comparable to the "Special Analysis" tables.</p>
