I have been requested to remind the RR's that per the terms of the Commission Order, the RR's are to send in a progress report to the Director of Processing and Information, Transportation Division, on the status of the project. To date, we have not received the progress report from the railroads. Please submit the status as soon as possible. Thank you. If you have any questions, call Dan Drewes or myself at 217 782-7660.
