## RESIDENTIAL ELECTRIC SERVICE

### AVAILABILITY

Available for any customer, either urban or rural, for Company's standard service for residential purposes. Where a residence and business are combined in one premise, the service shall be treated as commercial, and will not be furnished under this rate.

### NET RATE PER MONTH

#### Customer Charge

\* \$5.21

#### Energy charge

\*4.903 ¢ per KWH for all KWH used

### MINIMUM BILL

The minimum bill shall be the net monthly customer charge.

### TERMS OF PAYMENT

Accounts not paid within 21 days of the date of the postmark of the bill shall be considered delinquent.

### TERMS AND CONDITIONS

(1) Service will be furnished under Company's Standard Rules, Regulations and conditions of Service and the following further conditions.

(2) Rural Service shall further be subject to special terms and conditions set out on Ill C C No 8, sheets No 15 and 15.1 of this Schedule.

### FUEL CLAUSE

The charge per kilowatt hour (KWH) shall be adjusted upward or downward by an amount per KWH as computed by the procedure of Rider B. Except as specified above, all other provisions of the rate shall apply.

Applies to Mt Carmel Service Area

## RESIDENTIAL ELECTRIC SPACE HEATING SERVICE

### AVAILABILITY

Available upon application for any residential customer served by the Company under the Residential Electric Service Rate who has permanently installed and is using a heat pump or resistance heating as the primary source of space heating the customer's premises used for residential purposes.

### NET RATE PER MONTH

#### Customer Charge

\*\$5.44

#### Energy charge

\*3.956 ¢ per KWH for all KWH used each month.

### MINIMUM BILL

The minimum bill shall be the net monthly customer charge.

### TERMS OF PAYMENT

Accounts not paid within 21 days of the date of the postmark of the bill shall be considered delinquent.

### TERMS AND CONDITIONS

(1) Service will be furnished under Company's Standard Rules, Regulations and conditions of Service and the following further conditions.

(2) Service will not be furnished for heating units totaling in excess of 6 kilowatts operated by a single control.

(3) The Company shall be consulted before installation and/or building construction is started. The Company recommends that the installation be made in accordance with approved electric heating standards for best electric heating results. Company may require inspection of the electric heating installation by its representatives to determine that the installation conforms with these requirements, but the Company will accept no responsibility for the design or installation of such equipment nor for the proper functioning of such equipment following installation.

### FUEL CLAUSE

The charge per kilowatt hour (KWH) shall be adjusted upward or downward by an amount per KWH as computed by the procedure of Rider B. Except as specified above, all other provisions of the rate shall apply.

Applies to Mt Carmel Service Area.

## COMMERCIAL ELECTRIC SERVICE

### AVAILABILITY

Available for any customer using the Company's standard service for lighting or commercial power or both. Service under this rate shall be for a single premise only and shall be measured through one meter unless, at the option of the Company, more than one meter is considered necessary, in which case the readings of such meters will be combined for billing purposes.

### NET RATE PER MONTH

#### Customer Charge

\* \$13.06

#### Energy charge

\*5.071 ¢ per KWH for all KWH used.

### MINIMUM BILL

The minimum bill shall be the net monthly customer charge.

### TERMS OF PAYMENT

Accounts not paid within 14 days of the date of the postmark of the bill shall be considered delinquent.

### TERMS AND CONDITIONS

(1) Service will be furnished under Company's Standard Rules, Regulations and conditions of Service and the following further conditions.

(2) Service to commercial customers in rural territory shall further be subject to special terms and conditions set out on Ill C C No 8, sheets No 15 and 15.1 of this Schedule.

### FUEL CLAUSE

The charge per kilowatt hour (KWH) shall be adjusted upward or downward by an amount per KWH as computed by the procedure of Rider B. Except as specified above, all other provisions of the rate shall apply.

Filed pursuant to Commission Order in Docket 97-0513 & 97-0514 and entered April 8, 1998.

## CONTROLLED ELECTRIC WATER HEATING SERVICE

### AVAILABILITY

Available for either residential or commercial customers for 115/230 volt, single phase, alternating current service for automatic storage type electric water heaters of standard make and design approved by the Company where the demand of such heaters is limited to 5 KW, provided no additional distribution system investment (except for time-switch and meter) shall be required to render the service.

### RATE

Energy used during any portion of the period, designated by the Company as the off-peak period, shall be billed at 1.869 ¢ per KWH net.

### TERMS OF PAYMENT

Residential accounts not paid within 21 days of the date of the postmark of the bill shall be considered delinquent. Commercial accounts not paid within 14 days of the date of the postmark of the bill shall be considered delinquent.

### SPECIAL TERMS AND CONDITIONS

Service supplied through a separate circuit, enclosed in rigid conduit or armored cable and measured through a separate meter. A suitable time-switch will be supplied by the Company to control the periods when energy shall be supplied for heating. The hours of operation of off-peak service may be limited by the Company as deemed advisable, but under no conditions shall they be less than ten hours during any twenty-four hour period. Twin unit heaters will be so controlled that both units cannot operate simultaneously.

### FUEL CLAUSE

The charge per kilowatt hour (KWH) shall be adjusted upward or downward by an amount per KWH as computed by the procedure of Rider B. Except as specified above, all other provisions of the rate shall apply.

Filed pursuant to Commission Order in Docket 95-0418 and entered April 24, 1996.  
Issued April 26, 1996

Effective May 1, 1996

Issued by Philip Barnhard IV

President

316 Market Street, Mt Carmel, IL 62863

Applies to Mt Carmel Service Area

**AVAILABILITY**

Available upon application for any commercial customer who is normally served under Company's Commercial Electric Service Schedule who has permanently installed and is using a heat pump or resistance heating as the primary source of space heating in that section of the customer's premises where it is used and the space so heated is adequately separated from spaces heated by other than electric heating.

**NET RATE PER MONTH**

\*4.067 ¢ per kilowatt hour for all kilowatt hours used each month.

The above rate applies to all kilowatt hours used each month through the separate meter, hereinafter specified, during the monthly billing period ending in October of each year and the following seven consecutive monthly billing periods. The Customer's use in the remaining monthly billing periods shall be combined with the monthly use of the Customer for lighting and power service for billing purposes.

**CUSTOMER CHARGE**

\*The heating season monthly customer charge shall be \$28.28.

**TERMS OF PAYMENT**

Accounts not paid within 14 days of the date of the postmark of the bill shall be considered delinquent.

**TERMS AND CONDITIONS**

(1) Service will be furnished under Company's Standard Rules, Regulations and conditions of Service and the following further conditions.

(2) All resistance units, to be served under the provisions of this rate, totaling in excess of 6 kilowatts operated by a single control must be approved by the Company.

(3) Service will be supplied through a separate circuit, furnished by customer, to which no apparatus other than equipment designated in the provisions of this rate may be connected and will be measured through a meter furnished and owned by the Company.

(4) When all water heating and cooking is furnished by electrical equipment for the area heated electrically, such equipment, subject to the provisions of this rate, may be connected to the space heating circuit. Space cooling equipment which provides cooling in such areas heated electrically, subject to the provisions of this rate, may also be connected to the space heating circuit.

s of the rate shall apply.

Applies to Mt Carmel Service Area

**COMMERCIAL ELECTRIC SPACE HEATING**

(5) The Company shall be consulted before installations and/or building construction is started. The Company recommends that the installation be made in accordance with approved electric heating standards for best electric heating results. The Company may require inspection of the electric heating installation by its representatives to determine that the installation conforms with these requirements, but the Company will accept no responsibility for the design or installation of such equipment nor the proper functioning of such equipment following installation.

**FUEL CLAUSE**

The charge per kilowatt hour (KWH) shall be adjusted upward or downward by an amount per KWH as computed by the procedure of Rider B. Except as specified above, all other provisions of the rate shall apply.

Applies to Mt. Carmel Service Area

**LARGE LIGHT AND POWER ELECTRIC SERVICE**

**AVAILABILITY**

Available for any customer within territory served by Company guaranteeing a demand of not less than 10 kilowatts each month for billing purposes.

**NET RATE PER MONTH**

**Customer Charge:**

\*\$61.57 for customers that had less than 10 megawatts peak demand during the previous calendar year, and \$394.57 for customers having a peak demand equal to or greater than 10 megawatts during the previous calendar year.

**Demand Charge:**

\*\$7.85 per kilowatt for all kilowatts of the Customer's monthly maximum demand.

**Monthly Maximum Demand**

The monthly maximum demand shall be the highest rate of use of energy during any 15 consecutive minutes occurring in such month. Company may determine the average lagging power factor each month, and if found to be less than 85 percent, the demand charge in such month shall be increased by an amount equal to 23 cents for each kilovolt-ampere, or fraction thereof, of capacitors required to correct the power factor from the percent to 85 percent lagging.

**Energy charge**

\*1.404 ¢ per KWH for all KWH used

**Voltage Credit**

When the customer agrees to accept delivery of energy at the available primary voltage (a) without additional expense to the Company and (b) the customer assumes the responsibility and expense of subsequent voltage reduction, if any, a credit equal to 6 percent of the amount of the customer's net demand charges will be allowed.

When the customer agrees to accept delivery of energy at the available transmission voltage (a) without additional expense to the Company and (b) the customer assumes the responsibility and expense of subsequent voltage reduction, if any, a credit equal to 10 percent of the amount of the customer's net demand charges will be allowed.

Applies to Mt Carmel Service Area

### LARGE LIGHT AND POWER ELECTRIC SERVICE

#### FUEL CLAUSE

The charge per kilowatt hour (KWH) shall be adjusted upward or downward by an amount per KWH as computed by the procedure of Rider B. Except as specified above, all other provisions of the rate shall apply.

#### TERMS OF PAYMENT

Accounts not paid within 14 days of the date of the postmark of the bill shall be considered delinquent.

#### TERMS AND CONDITIONS

- (1) Service will be furnished under Company's Standard Rules, Regulations and Conditions of Service and the following further conditions.
- (2) Loads to be served under this schedule may be subject to special contract arrangements.
- (3) A written service agreement may be required to take service for a period of years as agreed to by and between Customer and Company.
- (4) A written service agreement shall be entered into to take service for not less than one year. If, upon expiration of such term, customer continues to use service, the term will automatically extend for successive periods of one year each, subject to termination at the end of any such year upon thirty (30) days' prior written notice by either party. The existence of said agreement shall in no wise limit or abridge any right or remedy the Company has or would have, if said service agreement were not in effect, to change, modify, or supercede any of the rates, terms and conditions which now are or hereafter may be applicable to any service to be rendered by the Company to the customer under said service agreement. The existence of said agreement shall not limit or affect the application of the Company's rates, terms and conditions, as from time to time ordered, authorized, approved or permitted to become effective by the Illinois Commerce Commission, to the service rendered to Customer pursuant to said service agreement.
- (5) Customer will be permitted to exceed its 15-minute measured maximum demand by 100% for periods of not more than one second in duration of time. If the Customer's demand exceeds 100% of his 15-minute measured demand in any one second, his maximum demand for billing purposes and for minimum bill purposes may be increased to an amount equal to 50% of the demand established in any 1 second period.

Filed pursuant to Commission Order in Docket 97-0513 & 97-0514 and entered April 8, 1998.

Issued April 9, 1998

Effective April 15, 1998

Issued by Philip Barnhard IV

President

316 Market Street, Mt Carmel, IL 62863

Applies to Mt Carmel Service Area

**AVAILABILITY**

Available for any customer within territory served by Company guaranteeing a demand of not less than 2,000 kilowatts each month for billing purposes.

**NET RATE PER MONTH**

**Customer Charge**

\*\$2,399.50 for customers whose peak demand was less than 10,000 kw in the  
\* prior calendar year, and \$2,732.50 for a demand equal to or greater than 10,000 kw.

**Demand Charge**

\$13.08 per kilowatt for all kilowatts of the Customer's monthly maximum demand.

**Monthly Maximum Demand**

The monthly maximum demand shall be the highest rate of use of energy during any 15 consecutive minutes occurring in such month. Company may determine the average lagging power factor each month, and if found to be less than 85 percent, the demand charge in such month shall be increased by an amount equal to 23 cents for each kilovolt-ampere, or fraction thereof, of capacitors required to correct the power factor from the percent to 85 percent lagging.

**Energy charge**

1.834 ¢ per KWH for all KWH used

**Line Transformation Charge**

When the customer agrees to accept delivery of energy at the available primary voltage (a) without additional expense to the Company and (b) the customer assumes the responsibility and expense of subsequent voltage reduction, the rates set out above will apply. When the customer accepts delivery of energy at the available secondary voltage, an additional demand charge of \$2.41 per kilowatt for all kilowatts of the Customer's monthly maximum demand will be assessed.

Applies to Mt Carmel Service Area

**LIGHT AND POWER SERVICE**

**FUEL CLAUSE**

The charge per kilowatt hour (KWH) shall not be adjusted upward or downward by an amount per KWH as computed by the procedure of Rider B.

**TERMS OF PAYMENT**

Accounts not paid within 14 days of the date of the postmark of the bill shall be considered delinquent.

**TERMS AND CONSIDITIONS**

- (1) Service will be furnished under Company's Standard Rules, Regulations and Conditions of Service and the following further conditions.
- (2) Loads to be served under this schedule may be subject to special contract arrangements.
- (3) A written service agreement may be required to take service for a period of years as agreed to by and between Customer and Company.
- (4) A written service agreement shall be entered into to take service for not less than one year. If, upon expiration of such term, customer continues to use service, the term will automatically extend for successive periods of one year each, subject to termination at the end of any such year upon thirty (30) days' prior written notice by either party. The existence of said agreement shall in no wise limit or abridge any right or remedy the Company has or would have, if said service agreement were not in effect, to change, modify, or supercede any of the rates, terms and conditions which now are or hereafter may be applicable to any service to be rendered by the Company to the customer under said service agreement. The existence of said agreement shall not limit or affect the application of the Company's rates, terms and conditions, as from time to time ordered, authorized, approved or permitted to become effective by the Illinois Commerce Commission, to the service rendered to Customer pursuant to said service agreement.
- (5) Customer will be permitted to exceed its 15-minute measured maximum demand by 100% for periods of not more than one second in duration of time. If the Customer's demand exceeds 100% of his 15-minute measured demand in any one second, his maximum demand for billing purposes and for minimum bill purposes may be increased to an amount equal to 50% of the demand established in any 1 second period.

Filed pursuant to Commission Order in Docket 97-0513 & 97-0514 and entered April 8, 1998.

**MUNICIPAL PUMPING SERVICE**

**AVAILABILITY**

Available for municipal water pumping at the Municipal Pumping Station of the City of Mt Carmel. The consumption for water pumping at the three present pumping stations erected for flood protection may be combined with the municipal water pumping consumption for billing purposes.

**NET RATE PER MONTH**

**Customer charge**

\$0.00 until the later of January 1, 1998 or the effective date of House Bill 362;

3.002 ¢ per KWH for all KWH per month

**MINIMUM BILL**

None.

**TERMS OF PAYMENT**

Accounts not paid within 14 days of the date of the postmark of the bill shall be considered delinquent.

**FUEL CLAUSE**

The charge per kilowatt hour (KWH) shall be adjusted upward or downward by an amount per KWH as computed by the procedure of Rider B. Except as specified above, all other provisions of the rate shall apply.

Applies to Mt Carmel Service Area

**OUTDOOR AREA LIGHTING SERVICE**

**AVAILABILITY**

This classification is available to any customer located in Company's territory for lighting outdoor areas, where the period of lighting is limited from dusk to dawn, provided:

- (a) customer contracts for service in accordance with Section 4 hereof.
- (b) customer is located adjacent to Company lines from which such service can be rendered.

**CONDITIONS OF SERVICE**

(a) Company shall furnish and install on customer's premises an automatically controlled lighting luminaire with a clear mercury vapor bulb and IES Type V refractor on 2-1/2 foot mounting bracket, and such fixture shall be attached to a distribution type wood pole. company shall furnish all electric energy required to operate such fixture.

(b) all lamps and additional facilities of Company shall be operated and maintained by Company, but Company shall be allowed a reasonable time to make repairs and replacements during regular working hours.

**RATE**

**(a) Base Charges**

If the customer takes no other electric service from Company, a customer charge will be incurred as follows:

- \$0.00 until the later of January 1, 1990 or the effective date of House Bill 362;
- \$4.50 thereafter

If the lighting fixture can be installed on an existing distribution type wood pole and service can be supplied from an existing overhead secondary circuit on said pole, the monthly charge applicable to such installation shall be as follows:

<u>TYPE OF LAMP</u>	<u>LAMP WATT</u>	<u>LUMEN RATING</u>	<u>CHARGE PER MONTH</u>
Mercury Vapor	175	7,000	\$5.14
Mercury Vapor	400	23,000	\$8.80

**(b) Additional Charges**

In the event additional facilities or rearrangement of existing facilities shall be required to serve Customer, Company shall install, operate and maintain such facilities for the following charge, which shall be in addition to the base charge:

<u>Type of Facility</u>	<u>Charges per Month</u>
30 foot wood pole including 1 normal span of overhead secondary extension.	\$1.46 per pole

Applies to Mt Carmel, Illinois

**BILLING FOR SERVICE**

All bills will be based upon consecutive meter readings made in accordance with the company's meter reading schedule, and shall be taken as nearly as may be practicable every thirty days.

When the Company is unable to read a meter after reasonable effort an estimated bill will be issued, computed on the basis of customer's previous use together with such other information as is available, subject, however to adjustment.

**TERMS OF PAYMENT**

All bills are due and payable on date of issue. Residential service accounts not paid within twenty-one (21) of the date of the postmark of the bill shall be considered delinquent. Nonresidential service accounts not paid within fourteen (14) days of the date of the postmark of the bill shall be considered delinquent. Failure to receive bill shall in no way exempt customer from these provisions.

**\*DISCONTINUANCE OF SERVICE**

The Company shall have the right to discontinue its electric service to the customer on due notice, and to remove its property from customer's premises, whenever customer's bill for electricity is delinquent or in case the customer fails to comply with Company's Terms and Conditions pertaining to customer's service.

When a service has been discontinued for non-payment of customer's bill or where at customer's request service has been discontinued for a period of less than one year, a charge will be made by the Company for the reestablishment of service as follows:

During regular working hours	\$10.00
Outside regular working hours	\$30.00

The provisions of this paragraph shall be waived once each calendar year for each customer when the service has been discontinued for non-payment of a delinquent account.

Applies to Mt Carmel, Illinois

**BUDGET PAYMENT PLAN**

The Company will make available a budget payment plan designed to permit customers to equalize monthly payments so far as practicable. Customers may elect, subject to the approval of the Company, to be billed and pay for all electric service on a budget payment plan provided a customer shall have signed Company's budget payment plan agreement. Company may remove a Residential customer from the budget payment plan upon failure of the customer to make payment of any budget billing installment within twenty-one days of date of issue of bill. Company may remove a Commercial customer from the budget payment plan upon failure of the customer to make payment of any budget billing installment within ten days of date of issue of bill. Upon removal from the budget payment plan for any cause any amount due the Company shall be subject to the paragraph "Terms of Payment" and service may be discontinued, all as provided in these Rules, Regulations, and Conditions of Service.

**\*RETURNED CHECK CHARGE**

A charge of \$10.00 will be assessed to a customer's account if for any reason a check is returned to the Company from the financial institution on which the check was written to settle part, or all, of the account.

\*\$75.00 for customers that had less than 10 megawatts peak demand during the previous calendar year, and \$394.57 for customers having a peak demand equal to or greater than 10 megawatts during the previous calendar year.

**Demand Charge:**

\*\$10.00 per kilowatt for all kilowatts of the Customer's monthly maximum demand.

**Monthly Maximum Demand**

\*The monthly maximum demand shall be the highest rate of use of energy during any 15 consecutive minutes occurring in such month. Company may determine the average lagging power factor each month, and if found to be less than 95 percent, the demand charge in such month shall be increased by an amount equal to 23 cents for each kilovolt-ampere, or fraction thereof, of capacitors required to correct the power factor from the percent to 95 percent lagging.

**Energy charge**

\*3.8260 ¢ per KWH for all KWH used

**Voltage Credit**

When the customer agrees to accept delivery of energy at the available primary voltage (a) without additional expense to the Company and (b) the customer assumes the responsibility and expense of subsequent voltage reduction, if any, a credit equal to 6 percent of the amount of the customer's net demand charges will be allowed.

When the customer agrees to accept delivery of energy at the available transmission voltage (a) without additional expense to the Company and (b) the customer assumes the responsibility and expense of subsequent voltage reduction, if any, a credit equal to 10 percent of the amount of the customer's net demand charges will be allowed.

### LARGE LIGHT AND POWER ELECTRIC SERVICE

#### FUEL CLAUSE

The charge per kilowatt hour (KWH) shall be adjusted upward or downward by an amount per KWH as computed by the procedure of Rider B. Except as specified above, all other provisions of the rate shall apply.

#### TERMS OF PAYMENT

Accounts not paid within 14 days of the date of the postmark of the bill shall be considered delinquent.

#### TERMS AND CONDITIONS

- (1) Service will be furnished under Company's Standard Rules, Regulations and Conditions of Service and the following further conditions.
- (2) Loads to be served under this schedule may be subject to special contract arrangements.
- (3) A written service agreement may be required to take service for a period of years as agreed to by and between Customer and Company.
- (4) A written service agreement shall be entered into to take service for not less than one year. If, upon expiration of such term, customer continues to use service, the term will automatically extend for successive periods of one year each, subject to termination at the end of any such year upon thirty (30) days' prior written notice by either party. The existence of said agreement shall in no wise limit or abridge any right or remedy the Company has or would have, if said service agreement were not in effect, to change, modify, or supercede any of the rates, terms and conditions which now are or hereafter may be applicable to any service to be rendered by the Company to the customer under said service agreement. The existence of said agreement shall not limit or affect the application of the Company's rates, terms and conditions, as from time to time ordered, authorized, approved or permitted to become effective by the Illinois Commerce Commission, to the service rendered to Customer pursuant to said service agreement.
- (5) Customer will be permitted to exceed its 15-minute measured maximum demand by 100% for periods of not more than one second in duration of time. If the Customer's demand exceeds 100% of his 15-minute measured demand in any one second, his maximum demand for billing purposes and for minimum bill purposes may be increased to an amount equal to 50% of the demand established in any 1 second period.

**OUTDOOR AREA LIGHTING SERVICE**

**AVAILABILITY**

This classification is available to any customer located in Company's territory for lighting outdoor areas, where the period of lighting is limited from dusk to dawn, provided:

- (a) customer contracts for service in accordance with Section 4 hereof.
- (b) customer is located adjacent to Company lines from which such service can be rendered.

**CONDITIONS OF SERVICE**

(a) Company shall furnish and install on customer's premises an automatically controlled lighting luminaire with a clear mercury vapor bulb and IES Type V refractor on 2-1/2 foot mounting bracket, and such fixture shall be attached to a distribution type wood pole. company shall furnish all electric energy required to operate such fixture.

(b) all lamps and additional facilities of Company shall be operated and maintained by Company, but Company shall be allowed a reasonable time to make repairs and replacements during regular working hours.

**RATE**

**(a) Base Charges**

If the customer takes no other electric service from Company, a customer charge will be incurred as follows:

\$0.00 until the later of January 1, 1990 or the effective date of House Bill 362;  
\$4.50 thereafter

If the lighting fixture can be installed on an existing distribution type wood pole and service can be supplied from an existing overhead secondary circuit on said pole, the monthly charge applicable to such installation shall be as follows:

<u>TYPE OF LAMP</u>	<u>LAMP WATT</u>	<u>LUMEN RATING</u>	<u>CHARGE PER MONTH</u>
Mercury Vapor	175	7,000	\$6.85
Mercury Vapor	400	23,000	\$10.49

**(b) Additional Charges**

In the event additional facilities or rearrangement of existing facilities shall be required to serve Customer, Company shall install, operate and maintain such facilities for the following charge, which shall be in addition to the base charge:

<u>Type of Facility</u>	<u>Charges per Month</u>
30 foot wood pole including 1 normal span of overhead secondary extension.	\$1.46 per pole
