Re: Central Illinois Public Service Company, d/b/a AmerenCIPS - Petition for Issuance of a Certificate of Public Convenience and Necessity

Dear Ms. Rolando:

Enclosed for filing via the e-Docket, on behalf of Central Illinois Public Service Company d/b/a AmerenCIPS ("Petitioner"), is a Petition for a Certificate of Public Convenience and Necessity, pursuant to Section 8-406 of the Illinois Public Utilities Act, to construct, operate and maintain new 138,000 volt electric lines in Madison County, Illinois. Petitioners are also concurrently filing Direct Testimony, including AmerenCIPS Exhibits 1.0 through 5.0, with accompanying Exhibits.

Please note that Petition Exhibit D, which, pursuant to 83 Ill. Admin. Code § 200.150(h), contains the names and addresses of each owner of record of privately owned tracts of land, upon or across which the proposed primary routes of the Transmission Lines will be constructed, also includes the names and addresses of each landowner whose property is crossed by any of the proposed alternate routes. Petitioner recommends that these landowners also receive notice of this proceeding, but that such landowners be informed that they have an interest in property that is on an alternate route, and not a route that Petitioner is proposing as its preferred primary route.
