ORDER

By the Commission:

On September 17, 2007, September 19, 2007, October 4, 2007, and November 7, 2007, the Staff of the Illinois Commerce Commission ("Commission"), the Crab Orchard and Egyptian Railroad ("Railroad"), the Illinois Department of Transportation ("IDOT"), and Williamson County ("County") respectively, executed Stipulated Agreement 1285 according to the provisions of Section 18c-7401 of the Illinois Commercial Transportation Law. The Stipulated Agreement, which is appended hereto, provides for safety improvements at the Bandyville Road highway-rail grade crossing of the Crab Orchard and Egyptian Railroad's track, located in Herrin, Williamson County, designated as crossing AAR/DOT #294 884V, railroad milepost 13.50-GD. Stipulated Agreement 1285 contains estimates of cost to accomplish the improvements and a division of cost among the parties.

The Commission, having given due consideration to the Stipulated Agreement, finds that:

- (1) The Commission has jurisdiction over the parties and the subject matter of this proceeding.
- (2) The physical characteristics of the subject highway - railroad grade crossing, rail and highway volumes and speeds are indicated on Exhibit A of the Stipulated Agreement appended hereto.
- (3) The parties agree that in the interest of public safety the improvements as set forth in Section 2 of the Stipulated Agreement, appended hereto, should be performed.
- (4) The cost for the proposed improvements should be divided among the parties and the Grade Crossing Protection Fund of the Motor Fuel Tax Law, in accordance with the Law.

- (5) It is fair and reasonable that the Grade Crossing Protection Fund of the Motor Fuel Tax Law, Crab Orchard and Egyptian Railroad and Williamson County be directed to pay their respective portions of the actual cost of the proposed improvements as set forth in Section 5 of the Stipulated Agreement, appended hereto;
- (6) Public Act 93-0604 (effective November 21, 2003), which amends 625 ILCS 18c-7401 (Safety Requirements for Track, Facilities, and Equipment), requires installation of temporary STOP signs whenever the Commission authorizes the installation of automatic flashing light signals and gates at public highway-rail grade crossings. The temporary STOP signs shall remain in place until the luminous flashing signal or crossing gate devices have been installed. The rail carrier is responsible for the cost of the installation and subsequent maintenance of any required temporary STOP signs.
- (7) 625 ILCS 5/18c-1701 and 1704 require each "person", as defined by Section 18c-1104, to comply with every regulation or order of the Commission. These sections further provide that any person who fails to comply with a Commission regulation or order shall forfeit to the state not more than \$1,000 for each such failure, with each day's continuance of the violation being considered a separate offense. While the Commission expects all parties to comply with this Order in all matters addressed herein and in a timely manner, the Commission advises that any failure to comply may result in the assessment of such sanctions.
- (8) Any person making a Request for an Extension of Time up to 30 days to complete a project ordered by the Commission must file a request with the Director of Processing and Information no later than 14 days in advance of the scheduled deadline. An Administrative Law Judge will consider and decide the request.
- (9) Any person making a Request for an Extension of Time that exceeds 30 days must file a Petition for Supplemental Order with the Director of Processing and Information no later than 21 days in advance of the scheduled deadline. The Commission will decide Petitions for Supplemental Orders.
- (10) Requests for Extension of Time and Petitions for Supplemental Orders must include the reason(s) the additional time is needed to complete the work and the time within which the project will be completed. Prior to submitting a Request for Extension of Time or a Petition for Supplemental Order, the person must notify the Commission's Rail Safety Program Administrator that it is unable to complete the project within the ordered time frame.
- (11) The Commission or its Administrative Law Judge reserves the right to deny Petitions for Supplemental Orders and Requests for Extension of Time, if the reason(s) supporting the request is (are) insufficient or where it appears the

person has not made a good faith effort to complete the project within the allotted time. Failure of the Commission or Administrative Law Judge to act on a pleading prior to the deadline means the originally ordered completion date remains in effect.
