Illinois Commerce Commission
 RAIL SAFETY SECTION

Dear Sir/Madam:

Reference is made to the State of Illinois, Illinois Commerce Commission's Order No. T06-0031 dated June 7, 2006, and Stipulated Agreement No. 1130 ("Stipulated Agreement") executed by Norfolk Southern Railway Company on May 9, 2006.

Attached per Section 6 of the Stipulated Agreement find the Project Status Report No. 3. As you will notice on the forms, certain public at-grade passive crossings were omitted from the original lists of Project crossings. Yield signs, etc. were added at the crossings as part of the Project. Other crossings on the original lists were omitted from the Project for the reasons shown on the attachments to the Status Report. There were several crossings listed by our field forces as private instead of public. We are investigating the matter and will inform you of our findings. Once the investigation is completed, we will submit a final invoice.

Please call me if you have any questions.

Very truly yours,

Larry L. Etherton
