RAIL SAFETY SECTION

STATE OF ILLINOIS
ILLINOIS COMMERCE COMMISSION

Petition for funding from the Grade Crossing
Protection Fund to make vertical clearance
improvements underneath the elevated viaduct
containing tracks of CSX Transportation,
Inc. through the reconstruction of California Avenue,
a roadway in the City of Chicago, County
of Cook and State of Illinois and to establish the
terms and conditions of the project between the
City of Chicago and CSX Transportation, Inc.)

No. T07-0101

AMENDED PETITION

The City of Chicago ("City), by its attorney Mara S. Georges, Corporation Counsel, hereby amends its Petition previously filed with the Illinois Commerce Commission ("Commission") requesting funding from the Grade Crossing Protection Fund to make vertical clearance improvements underneath the elevated viaduct containing tracks of CSX Transportation, Inc. through the reconstruction of California Avenue, a roadway in the City of Chicago, County of Cook and State of Illinois and to establish the terms and conditions of the project between the City of Chicago and CSX Transportation, Inc. ("CSX"). In support of the amended petition, the City states as follows:

1. On November 14, 2007, the City filed its Petition in this docket proposing to construct, or cause to be constructed, certain vertical clearance safety improvements at the California Avenue highway-rail underpass of CSX' tracks (AAR/DOT 1635111K, Milepost 30.80) located in the City of Chicago, Cook County, Illinois (the "Project").
2. By lowering the elevation of the California Avenue roadway pavement, the Project will increase the vertical clearance under the railroad structure from 13'-4" to 14'-7", thereby significantly reducing the possibility of trucks hitting the railroad structure.
3. Since the date the City filed its Petition, the City's cost estimate for the Project has

DOCKETED

MAR 14 2008

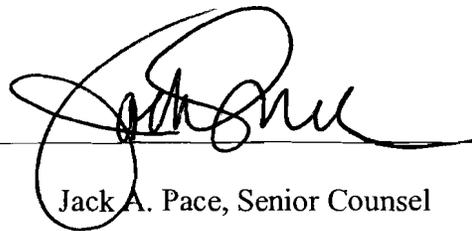

increased from \$2,801,145.00 to \$3,055,786. I have attached the revised cost estimate as Exhibit A. Accordingly, the City's request for funding from the Grade Crossing Protection Fund ("GCPF") has increased from the amount of \$1,680,687.00 to \$1,833,472.

4. The City also has become aware of the fact that it did not name the Illinois Department of Transportation ("IDOT") as a party to this docket, which the City respectfully requests at this time.

WHEREFORE, the City of Chicago prays that the Illinois Commerce Commission enter an Order as follows : (1) grant funding for the Project from the GCPF in the amount of \$1,833,472 ; (2) name IDOT a party to this docket and, (3) require CSX to execute a reasonable construction agreement with the City.

Respectfully submitted,

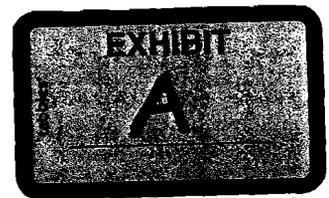

CITY OF CHICAGO
Mara S. Georges, Corporation Counsel
