APPLICATION FOR LEAVE TO INTERVENE

AT&T Corp. ("AT&T"), a non-party to this case, by its counsel, seeks leave to intervene in these proceedings under 83 Illinois Administrative Code § 200.200, for the limited purpose of making certain exceptions and objections to the Proposed Order of the Administrative Law Judge, which was apparently issued May 21, 2003.

In support of its Petition for Leave to Intervene, AT&T states as follows:

- 1.) The Proposed Order purports to allocate the costs of relocating utility cables to certain Utilities, including AT&T. AT&T is one of the "Utilities" covered by this Order.
  - 2.) Section 5/2-408(a)(2) of the Illinois Code of Civil Procedure allows intervention when the applicant "will or may be bound by an order or judgment in the action." Because the Proposed Order purports to have a direct impact on AT&T, AT&T should be allowed to
-

T89-0028

intervene to present its exceptions and objections and otherwise to protect its interests in this action.

WHEREFORE, AT&T asks the Commission to allow it to intervene for these limited purposes.

Respectfully submitted,

**MOTION FOR ADDITIONAL TIME TO RESPOND AND  
EXCEPTIONS BY AT&T CORP. TO PROPOSED ORDER**

AT&T Corp. ("AT&T"), by its counsel, raises the following exceptions and objections to the Administrative Law Judge's Proposed Order dated May 21, 2003, and requests additional time to respond further pursuant to 83 Illinois Administrative Code § 200.190. In support, AT&T states as follows:

1. On the afternoon of May 30, 2003, AT&T received a copy of the Proposed Order of the Administrative Law Judge, dated May 21, 2003. AT&T has never been a party to this action and AT&T did not receive notice of the Proposed Order before today.

2. Simultaneously with this filing, AT&T has filed an Application for Leave to Intervene for the limited purposes of raising exceptions and objections to the Proposed Order, and to otherwise protect its interests in this action. Proposed Order, p. 5, ¶ 6. n., proposes to

assess the costs of relocating certain utility cables, estimated at \$553,216, against to the Utilities, which are defined to include AT&T.

3. AT&T adopts the exceptions filed this day by Union Pacific Railroad Company, insofar as these exceptions relate to the costs for removal and relocation of the fiber optic utility cables, *see, e.g.*, United Pacific's Brief on Exceptions, ¶ 3.

4. AT&T takes exception to the proposed finding that the construction of a grade-separated crossing will have any benefit to AT&T pursuant to 625 ILCS 5/18c-7401(3) and therefore takes exception to the purported apportionment of costs against AT&T.

5. AT&T objects to the Proposed Order insofar as it purports to assess costs against AT&T, a non-party, as a violation of the principles of Due Process under Article I, § 2 of the Illinois Constitution and the Fifth and Fourteenth Amendments to the United States Constitution.

6. AT&T has not had sufficient time to investigate these matters nor to consult properly with its counsel, nor has it had the opportunity to otherwise investigate its rights. Because AT&T has not been a party to these proceedings, it is not in a position to comment on the other proposed findings. Therefore, AT&T asks for an additional 10 days to present its exceptions, any additional objections and otherwise to protect its interests in this action.

WHEREFORE, AT&T asks that it be granted an additional 10 days to supplement these exceptions and objections.

Respectfully submitted,

T89-0028

PETITION FOR LEAVE TO INTERVENE

WorldCom, Inc. and its affiliated companies (“MCI”), a non-party to this case, by its counsel, pursuant to Section 200.200 of the rules of the Illinois Commerce Commission (“Commission”), 83 Ill. Adm. Code Section 200.200, seeks leave to intervene in the above-captioned proceeding for the limited purpose of making certain exceptions and objections to the Proposed Order of the Administrative Law Judge (“ALJ”), which was apparently issued May 21, 2003. In support of its Petition for Leave to Intervene, MCI states follows:

1. On September 14, 1998, WorldCom, Inc. completed its merger with MCI Communications Corporation. The merged companies are now known collectively as WorldCom, Inc. (“MCI”). WorldCom is a corporation duly authorized to do business in the State of Illinois. Various Illinois operating subsidiaries of WorldCom are subject to the jurisdiction of the Commission. WorldCom has its principal Illinois offices at 205 North Michigan Avenue, Chicago, Illinois 60601, telephone number (312) 470-2121.

2. MCI WorldCom Communications, Inc. is a telecommunications carrier providing competitive interexchange telecommunications services throughout the State of Illinois, and is authorized to provide such services on an interMSA and intraMSA basis. *See* Orders of the Illinois Commerce Commission, Docket No. 83-0670, June 27, 1984, May 14, 1996 and September 30, 1997; *see also* 220 ILCS 5/13-202, 5/13-203 (1993). MCImetro Access Transmission Services, LLC (“MCImetro”) is certificated to provide resold and facilities-based local telecommunications services in those portions of the state served by Illinois Bell Telephone Company d/b/a Ameritech Illinois (“Ameritech”). *MCI Metro Access Transmission Services, Inc.*, Order, Illinois Commerce Commission Docket No. 94-0400, August 16, 1995; *MCImetro ACCESS TRANSMISSION SERVICES, INC.*, Order, Illinois Commerce Commission Docket No. 97-0057, March 12, 1997. In addition, other WorldCom subsidiaries, including MCI WorldCom Communications, Inc., f/k/a WorldCom Technologies, Inc., are certificated to provide various types of telecommunications services in Illinois. *See, e.g.*, Order, Illinois Commerce Commission Docket No. 97-0349, September 24, 1997, as amended December 3, 1997.

3. As certificated telecommunications carriers doing business in Illinois, MCI’s affiliated companies may be directly and substantially affected by any determinations that the Commission may make regarding the issues in the above-captioned proceeding.

4. No other party to this proceeding can adequately represent MCI’s interests.

5. MCI is not requesting party status for the purposes of delay.

6. MCI became aware of the Proposed Order issued in the above-captioned proceeding in the afternoon of May 30, 2003, the same day that Briefs on Exception were due. MCI is aware that AT&T Communications of Illinois, Inc. is filing today a Motion for an extension of time in which to file Briefs on Exceptions as well as general objections to the

Proposed Order. By this pleading, MCI joins in and supports AT&T's objections and request for additional time in which to file Briefs on Exceptions.

WHEREFORE, MCI respectfully requests that its Petition for Leave to Intervene be granted, and that it be made a party to this proceeding.

Respectfully submitted,

In support of this Petition, Sprint states as follows:

1. Sprint is a certificated interexchange telecommunications carrier in Illinois pursuant to Section 13-202, 13-401, and 13-403 of the Public Utilities Act. Moreover, Sprint holds a Certificate of Exchange Service Authority to provide resold and facilities-based local exchange telecommunications services in those portions of the state that are served by Illinois Bell Telephone Company d/b/a Ameritech Illinois ("Ameritech") and GTE North, Incorporated and GTE South, Incorporated ("GTE"), granted in Docket Nos. 96-0141 and 96-0598; and a Certificate of Service Authority to provide resold local exchange telecommunication services in

those portions of MSA-1 that are served by Central Telephone Company of Illinois ("Centel") and those portions of the state outside of MSA-1 served by Centel, granted in Docket Nos. 96-0261 and 97-0295. The Centel exchanges were subsequently sold to Ameritech Illinois and Gallatin River.

2. Sprint was made aware this afternoon of the Administrative Law Judge's Order of May 21, 2003. This order has a direct impact on Sprint though Sprint was not made a party to this proceeding.

3. Copies of all orders, notices, pleadings or correspondence in this docket should be sent to:
