Chief Clerk

**Motion to Subpoena**

This motion is to request that subpoenas be issued by the Illinois Commerce Commission for Atty: General Lisa Madigan, Mayor Richard M. Daley, Governor Patrick Quinn Regarding my case before the commission. It is imperative that depositions and testimony be given out lining their settlement agreement with people's gas and all factors leading up to their complaint against people's gas. Also the I.C.C. chairman and Ms. Lula Ford should be subpoenaed and deposed regarding the carrying out and disposition of settlement.

Dear, Ms. Prandi – Svetogorsky

I followed the Enron price fixing scheme that peoples Gas participated in, you and I both know a credit of \$ 217.00 is quite inadequate for a consumer paying \$1,200.00 to \$1,800.00 monthly. I paid thousands of dollars in this scheme, why should I not expect thousands of dollars in compensation. This is the amount their fraudulent activities cost my non-profit. Not even a refund mind you, but a credit of no significance.

I do not think people's gas has the legal authority to unequivocally tell me what I am due, but it is the prerogative of government regulators to arbitrate on my behalf. I am owed a significant refund from people's gas or at least have my account credited along the levels of the charges their malfeasance created. I am fully aware of the compromising position I.C.C. has placed itself in regarding these matters and the chairman and comm.: Lula Ford has allowed existing far too long. That is why I have addressed my plight to the Attorney Generals office. I am expecting fair and prompt treatment from my elected officials.

U.S. House of Representatives  
Honorable Joe Barton-Ranking Member  
C/o Ron Wright Energy committee March 1, 2009  
Chief of staff

It was a pleasure talking with you while we were in Washington Feb. 12, 2009. I appreciate you taking our package concerning people's gas in Chicago. They are the only company still operating with Enron personal. This company has violated the anti-trust laws of our country and caused death in our community from people trying to stay warm.

We need your office to intervene in our case. They have been sued by our state and city for price fixing and lost the case. Their policy of price fixing continues and we need your office to hold hearings. this is a criminal organization please look into this matter and get back to us, our next date before the Illinois Commerce commission is April 16, 2009.

Sincerely yours,

*Maurice Perkins*

Maurice Berkini

Mr. President/Elect

State of Illinois  
Illinois Commerce Commission

1 08-0648

There are 700,000 people in the Chicago land area whose gas has been turned off and have no heat. These people voted for you and they are literally freezing in their own homes. Mr. President/Elect please tell Peoples Gas to turn the heat back on in the community. We also need a moratorium on shut-offs; our organization can repair boilers.

This is the stimulus package your neighbors need now if we are to survive the woes of depression sweeping our land. Companies like Peoples Gas must become more firmly regulated.

Maurie Perkins
