CHIEF CLERK

**DELTA COMMUNICATIONS, LLC** )  
**D/B/A CLEARWAVE COMMUNICATIONS** )  
Application for Designation as an Eligible )  
Telecommunications Carrier for Purposes Of )  
Receiving Federal Universal Service Support )  
Pursuant to Section 214(e)(2) of the )  
Telecommunications Act of 1996. )

Docket No. 09-0107

**DELTA COMMUNICATIONS, LLC D/B/A CLEARWAVE COMMUNICATIONS**  
**SUPPLEMENT TO APPLICATION FOR DESIGNATION AS AN**  
**ELIGIBLE TELECOMMUNICATIONS CARRIER**

In connection with issues raised in the March 23, 2009, prehearing conference in the above-referenced Docket, Delta Communications, LLC d/b/a Clearwave Communications (“Clearwave”) offers the attached supplemental information regarding its Five Year Network Improvement Plan. Additionally, Clearwave would like to amend the description of its Five Year Network Improvement Plan as it was originally filed as indicated by the “redlines” below.

Applicant’s Five Year Network Improvement Plan

15. Clearwave will use universal service support to maintain and improve service within the service areas for which it seeks ETC designation according to a five-year network improvement plan consistent with the FCC ETC Order. If ETC designation is granted, Clearwave’s five-year network improvement plan will enhance its ability to offer competitive services throughout our service area. The network improvement plan includes the construction, maintenance and operation of new collocation equipment as well as other investments in system

PUBLIC VERSION

improvements. ~~First, the~~ five-year plan includes the construction, maintenance and operation of new collocation equipment in at least ~~five~~fifteen wire centers within our service area. ~~Second, the~~ five-year plan includes an investment in additional POTS/DSL/T1 cards to improve capacity in ~~existing wire center collocations.~~ Clearwave anticipates that funding for these efforts will be limited to \$50K-\$60K per year.

DATED this 24th day of April, 2009.

Respectfully submitted,

Carey Roesel  
Consultant to Delta Communications, LLC  
d/b/a Clearwave Communications

PUBLIC VERSION

**5 YEAR NETWORK IMPROVEMENT PLAN**

**YEAR ONE** - Expand our Central Office (CO) presence in [REDACTED]

[REDACTED] This process would take around 90-120 days once the ILEC approves the application into the CO and starts the process. Without High Cost funding, Clearwave would be unable to provide service in [REDACTED]. The funds would be allocated to both internal equipment costs, and recurring costs for both the collocation and the network transport for the first year.

**YEAR TWO** - Expand our Central Office (CO) presence in [REDACTED]

[REDACTED] This process would take around 90-120 days once the ILEC approves the application into the CO and starts the process. Without High Cost funding, Clearwave would be unable to provide service in [REDACTED]. The funds would be allocated to both internal equipment costs, and recurring costs for both the collocation and the network transport for the first year.

**YEAR THREE** - Expand our Central Office (CO) presence in [REDACTED]

[REDACTED] This process would take around 90-120 days once the ILEC approves the application into the CO and starts the process. Without High Cost funding, Clearwave would be unable to provide service in [REDACTED]. The funds would be allocated to both internal equipment costs, and recurring costs for both the collocation and the network transport for the first year.

**YEAR FOUR** - Expand our Central Office (CO) presence in [REDACTED]

[REDACTED] This process would take around 90-120 days once the ILEC approves the application into the CO and starts the process. Without High Cost funding, Clearwave would be unable to provide service in [REDACTED]. The funds would be allocated to both internal equipment costs, and recurring costs for both the collocation and the network transport for the first year.
