John,

Great. Thank you.

Dan: please see below. I'll file this with our update spreadsheet to take care of the reporting requirement.

John

I plan on starting on that later this month or the beginning of next month. I have been waiting on the weather to break.

Rusty,  
Could you please give me an update for the ICC?  
Thanks  
John

Hi John,

I can add the attached project to our update spreadsheet, but first can you provide me the status?

Thanks,  
Brian

Brian, I've not heard from UPRR or A&S on this so you might mention it at your next quarterly meeting. Has the meeting been set yet?

Thanks Dan. Please let me know if you don't hear back, and I will add it to our Quarterly Meeting agenda.

Dave, I don't see this crossing included in Brian Vercruysse's 2008 4<sup>th</sup> quarter UPRR status report, possibly because it is an A&S crossing. However, we have you down as the contact person and the 6 month progress report is due 3/24/09.

If you are the proper contact person, please let us know how the work is progressing. If someone else is tracking this, sorry to bother you.

As usual, thanks for your help.

Dan Drewes
