OneVoice Management Team

Stephen Dize **President and Chief Executive Officer**

Stephen Dize serves as President and Chief Executive Officer of OneVoice Communications, Inc. since founding the company in October of 2000. Mr. Dize has spent nearly fifteen years launching, positioning and operating competitive telecom services for established companies and new startup businesses. Prior to establishing OneVoice, he served as Director of Voice Services and CLEC Operations for NETtel Communications. Mr. Dize also held management positions for a CLEC startup Teligent, as well as several other established carriers such as LCI/Qwest and Cable & Wireless. Mr. Dize holds a B.S. Degree in Political Science from Radford University and serves on several Advisory Boards.

Christopher Kane **Vice President, Enterprise Markets**

Chris Kane is Vice President of Sales for OneVoice Communications, Inc. Mr. Kane brings over ten years of sales and management experience in the telecommunications and IP industries. Prior to joining OneVoice, Mr. Kane was Vice President of Enterprise Sales for Broadwing Communications, responsible for the East region. Prior to Broadwing, Mr. Kane spent nine years in various sales and sales management positions with UUNET/MCI. During his last four years with MCI, he held the position of Vice President, Mid Market Sales. Mr. Kane earned a BS in Economics and Political Science from James Madison University.

Jennifer Yocom **Director, Customer Operations**

Jennifer Yocom-Dize is the Director of Customer Operations at One Voice. In this capacity, she manages the customer installation process, post installation support, vendor relations and internal corporate training.

Prior to joining One Voice, Jennifer held a senior management position in MCI's Internet Division. She managed high speed internet installations, drove process and system automation improvements and participated in key initiatives such as LEC management, new product introduction, and sales support best practices. She developed and implemented post 9-11 emergency operations procedures in conjunction with the FCC mandated TSP guidelines.

Jennifer began her 14 year career in telecommunications in 1989, where she served in the provisioning department at DataAmerica. She has held management positions in provisioning, customer service, and telco operations in such companies as Cable & Wireless, Inc., GRCI, Parsons Consulting Group, UUNet, and WorldCom.

Jennifer received a bachelor's degree in Communications from Saint Mary's College of Notre Dame in South Bend, IN.
