RE: Enbridge Pipeline Illinois, LLC

Dear Mr. Ambrose:

The Major of Downs received a letter from Dale Burgess dated April 18, 2008, a copy of which I have enclosed. Thank you for the letter and for the cooperation of Enbridge Pipeline Illinois, LLC relative to the Village of Downs. I would indicate to you that making some unilateral changes to your proposed pipeline will not address adequately the main concerns of the Village of Downs. Therefore, I would suggest that a meeting be established in my office so that these issues can be reviewed.

In addition, thereto, I would like to indicate that the Village of Downs does not have a staff as Mr. Burgess has indicated in his letter, and the information requested in the April 18, 2008 letter will be at some expense. Therefore, I have asked the civil engineering firm which is working on the sanitary sewer project to provide me an estimate of the expense for the information that is being requested. Before we order the information I would request payment in full of the estimate. As soon as I obtain the estimate, I will provide it to you.

Please get back to me on these matters, and I am very pleased that we are making some progress even though it appears as though we still have a substantial amount of issues to have resolved.

Cordially,

Mercer Turner
