Re: Docket No. 09-0433: Comments on Proposed Order

Dear Judge Albers and Judge Yoder:

Commonwealth Edison Company (“ComEd”) has reviewed the Proposed Order, and proposes for your consideration only a few technical corrections designed to maintain consistency and clarity and fix a typographical error. Accordingly, in lieu of filing a Brief on Exceptions, ComEd submits the following proposed alternative language:

The fifth full paragraph on page 6 should be modified as follows:

ComEd notes that beginning with the September 2011 monthly billing period, a distribution balancing factor (“DBF”) will be incorporated into the determination of each IDUF and a supply balancing factor (“SBF”) will be incorporated into the determination of each ISUF; ~~and for each of the three customer groupings, an SBF is determined each year.~~ DBFs and SBFs will be determined each year for application during the September through May monthly billing periods.

The third full paragraph on page 14 should be modified as follows to reference the full section name as it appears in ComEd’s Rider UF:

Mr. Alongi further testified that he has concerns with respect to the changes proposed by Staff for the 2008 ~~IDUF~~ Incremental Distribution Uncollectible Cost Factors section and the Incremental Distribution Uncollectible Cost Factors ~~IDUG~~ section of Rider UF . . . .

January 21, 2010  
Page 2

Item (3) on page 15 should be modified as follows to reference the full section name as it appears in ComEd's Rider UF:

(3) Staff's proposed revisions use the generic term year ("Y") in the 2008 Incremental Distribution Uncollectible Cost Factors IDUF section, which is limited to the recovery of IDUFs associated with the bad debt expense for the year 2008 only. Moreover, the term Y is not defined until it is used later in the Incremental Distribution Uncollectible Cost Factors IDUF section of the rider. The revisions in ComEd Ex. 2.1 on Sheets 267.1 and 267.2 appropriately use 8 instead of Y for applicable tariff provisions in the 2008 Incremental Distribution Uncollectible Cost Factors IDUF section.

Kind regards,

Mark R. Johnson
