

ATTACHMENT D

AMEREX BROKERS LLC

APPLICATION FOR LICENSURE OF AGENTS, BROKERS, AND CONSULTANTS UNDER SECTION 16-115C OF THE ILLINOIS PUBLIC UTILITIES ACT

Technical Qualifications of Amerex Brokers LLC

ROBERT (ROB) MCKIM, JR.

Vice President, Amerex Energy Services

Mr. McKim possesses more than 24 years of experience in the energy industry. This wide range of experience includes regulatory affairs, natural gas storage, structured transactions for large end users and utilities, retail transactions pricing, and managing one of the premier consulting energy brokerage desks in the United States. As Vice President of Amerex Energy Services, a division of Amerex Brokers LLC (collectively referred to as "Amerex"), Mr. McKim is responsible for technical sales, structure, and management of client portfolios for both electricity and natural gas arrangements.

Prior to joining Amerex in 2004, Mr. McKim was Managing Director of Energy Structuring and Pricing at Reliant Energy in Houston, Texas. At Reliant, he was responsible for the pricing and execution of thousands of retail transactions, mass market campaigns, and the systems employed for this purpose. He has in-depth knowledge as to the logistics, pricing mechanics and markets in the electric power and natural gas markets.

Mr. McKim is also responsible for the development and execution of several energy products currently utilized by many retail market participants including the Amerex heat rate product and the Amerex managed product. His current clients range from commercial office portfolios, to schools and universities, and on to some of the largest industrial clients in the country.

EDUCATION: (B.A.) Business Administration-Westminster College

CERTIFICATION: (M.B.A.)-Duquesne University

LARRY ALLEN

Senior Energy Manager, Amerex Energy Services

Mr. Allen possesses over 8 years of energy sales and management in the deregulated energy markets. He has an extensive background in energy consulting, business development, and business solutions for educational institutions, large commercial businesses, and industry clients. Mr. Allen has consulted on and arranged numerous electric power contracts for higher education

clients in multiple deregulated states including but not limited to New York, Pennsylvania, and Texas.

Mr. Allen coordinated the 2007 Energy Risk magazine "Energy Deal of the Year", which was awarded to Amerex as a result of achieving the first 10 year electric power contract in the country with Baylor University. The resulting contract saved Baylor in excess of \$2 million dollars annually on its electric power.

Mr. Allen has extensive knowledge of the issues relating to electric power contracts for universities and K-12 districts due to his experience and training. He has also presented at energy seminars nationally for NACUBO and EUCUBO.

EDUCATION: (B.A.) Georgetown College

CERTIFICATION: (M.B.A.) Southwestern Seminary

VINCE MARTINEZ

National Director, Amerex Energy Services

Mr. Martinez possesses more than 8 years of experience in deregulated energy procurement, for large C&I, school districts and universities. Within Amerex, he is responsible for Amerex's national strategic accounts.

Mr. Martinez has led numerous energy management teams, as well as assisted in the development and implementation of an Amerex managed approach for a wide range of clients including K-12 schools, large universities, colleges, healthcare, business and industry. His current responsibilities include management of Amerex's entry into newly deregulated markets and key partnerships. He has assisted clients in working through electric deregulation, and trained key personnel about energy risk, strategies and products available to the consumer.

In addition, Mr. Martinez's experience in deregulated markets, he has taken a large role in developing and implementing unique products and strategies to mitigate volatile markets and risk. He participated in one of the first 10-year retail electric power deals in the nation, and followed that with several other value-added 10-year retail energy contracts for other clients. Mr. Martinez was also a key contributor to the first retail heat rate program developed by Amerex to monetize the sell back of this commodity. He has extensive experience working with both the private and public sectors and working under budget objectives.
