RE: Your case T08-0096 and ICC Order 234813

Dear Mr. Vercruysse:

This is to confirm that the Village of Elburn and the Union Pacific Railroad did meet by telephone for the purpose of discussing of the Elburn Wayside Horn project, pursuant to ICC Order 234813.

Yesterday morning, Tom Andryuk of the Union Pacific Railroad and I discussed the project and noted that there appear to be no operational problems at this time. There was a minor communications issue on February 14<sup>th</sup>, 2010, related to a down gate, however this was an isolated incident and the matter has since been resolved by the Union Pacific Railroad.

The Village of Elburn and the Union Pacific Railroad agreed to continue to work cooperatively and maintain the excellent communications already in place.

Please contact me with any questions.

Best Regards,

David B. Morrison  
Assistant Village Administrator
