

**MOTION REQUESTING PROPRIETARY TREATMENT
OF REDACTED INFORMATION**

10-0242

Optimal Facility Management Solutions, LLC files this motion for confidential treatment pursuant to Section 200.430 Protective Orders of the Commission's Rules of Practice.

Explanation of why proprietary treatment is warranted.

The redacted information is competitive information that competitors could use to further their competitive position in the marketplace. For example, competitors could enable themselves with Alternative Retail Electric Suppliers who are used by Optimal Facilities Management Solutions, LLC ("Licensee").

Additionally, competitors could use information regarding Licensee's number of customers as competitive intelligence when marketing to the same prospect.

Licensee requests proprietary treatment for a period of two (2) years. The period of time requested for proprietary treatment is material enough that after the time lapsed, two (2) years, competitors will not have current competitive information that could potentially be harmful to Licensee.

No state or federal agency has received, or will receive, the information for which proprietary information is sought at the Commission.
