I. INTRODUCTION

Atlantic Tele-Network, Inc. and certain of its subsidiaries ("ATN") and Cellco Partnership d/b/a Verizon Wireless and certain of its subsidiaries ("Verizon Wireless") (collectively, "the Applicants") have filed a series of applications pursuant to Sections 214 and 310(d) of the Communications Act of 1934, as amended.¹ In these applications, the Applicants seek Commission approval for the assignment or transfer of control of certain wireless licenses and related authorizations from subsidiaries of Verizon Wireless to a holding company to be indirectly owned by ATN. The Verizon Wireless subsidiaries will assign the relevant licenses and authorizations, or transfer interests in partnerships holding such licenses, to Adams Divestiture Company LLC ("Adams LLC"), a newly formed wholly-owned indirect subsidiary of Verizon Wireless. Simultaneously, Verizon Wireless will transfer its interest in Adams LLC to Atlantic Wireless Communications, LLC ("Atlantic Wireless"), a wholly-owned subsidiary of ATN, thereby causing control of Adams LLC, and all of its FCC licenses and authorizations and interests therein, to be transferred indirectly to ATN.

These assignment and transfer of control applications pertain to licenses for the Part 22 Cellular Radiotelephone Service, the Part 24 Personal Communications Service, the Part 27 Advanced Wireless Service, and the Part 101 Common Carrier Fixed Point-to-Point Microwave Service, as well as partial assignments of international Section 214 authorizations. The Applicants state that the proposed transaction will result in ATN acquiring control of wireless properties, including wireless spectrum licenses and network assets, serving over 800,000 subscribers across Georgia, Idaho, Illinois, Ohio, North Carolina, and South Carolina. The Applicants also state that the transaction will aid Verizon Wireless in

fulfilling its divestiture obligations under the Commission's order approving the merger of Verizon Wireless and ALLTEL Corporation.²
