T10-0095

This Agreement made and entered into, by and between the State of Illinois acting by and through the Illinois Commerce Commission ("Commission"), Elgin, Joliet & Eastern Railway Company, Illinois Central Railroad Company, Wisconsin Central Ltd., hereinafter collectively referred to as Canadian National Railway Company ("CN") and the State of Illinois, Department of Transportation ("Department").

**WITNESSETH:**

WHEREAS, it has come to the attention of the Commission through informal communication between its staff and CN that inquiry should be made into the matter of improving public safety by replacement of the existing incandescent signals with light emitting diode (LED) signals at three hundred eighty six (386) CN public highway-rail grade crossings in Illinois, listed on Exhibits A1, A2 and A3 attached hereto; and

WHEREAS, the parties are mutually agreeable to accomplish the proposed improvements upon a determination of the Commission by Order.

To Wit the parties agree as follows:

Section 1 All improvements encompassed by this Agreement shall be made in accordance with all applicable State laws, rules, standards, regulations and Commission Orders and procedures in general.

The estimate is attached and incorporated herein by reference as Exhibit B. This Exhibit, although labeled "Illinois Central Railroad Company", represents the average direct cost of materials and labor per crossing for each of the three companies subject of this Agreement.

Section 4 CN shall upon Commission Order, according to the requirements contained therein, proceed toward the completion of the proposed improvements, accomplishing the work with its own forces or appropriate contracted services and agrees that an appropriate time for the completion of the proposed improvements should be eighteen (18) months from the date of Commission Order approving this Agreement.
