

Jon D. Ervin

Director, National Energy Programs

As the Director of National Energy Programs for HealthTrust Purchasing Group, Jon administers natural gas and electricity procurement for member healthcare facilities of HealthTrust. Ervin has been involved in many facets of the energy industry since the start of his career, including production, distribution, procurement and marketing. Ervin directed energy affairs for a diversified manufacturer with glass, rubber and food operations and was a principal of Access Energy, one of the first and largest independent natural gas merchants. When Access was acquired by Enron Corp. in 1992, he was Senior Vice President of Marketing. He held various positions with Enron Capital & Trade Resources and Enron Energy Services until 1998 when he joined HCA where he has been responsible for an energy commodity budget of over \$300 million annually. Ervin holds a BS in Civil Engineering from Purdue University and a MBA from Ball State University. He is a licensed Professional Engineer in the state of Ohio. In the aftermath of the energy crisis of the late 1970's, he was appointed by the governor of Ohio to the Public Audit Committee (PAC) of the Public Utilities Commission of Ohio which investigated the natural gas supply procurement practices of natural gas distribution utilities in Ohio.

Dave McMillan

Manager of Procurement

As the Manager of Energy Procurement for HealthTrust Purchasing Group, Dave supports the management of energy costs for HealthTrust members participating in National Energy Programs. Dave is responsible for electric power RFP development and the evaluation and implementation of new products and service offerings for HealthTrust participants. Dave has over twenty years of diverse energy industry experience including electrical design and engineering, utility negotiations, and deregulated energy procurement. Prior to joining HealthTrust, he was the energy manager for a Fortune 500 retailer. He also has previous experience working as an engineering design supervisor for an electric generation and transmission cooperative, project manager for utility consulting firm, and director of engineering for an energy service company. Dave received his Bachelor of Science in Engineering from the University of Alabama in Huntsville and his MBA from the University of Alabama. He is a licensed professional engineer in the State of Tennessee. He has been a member of the Institute of Electrical and Electronics Engineers (IEEE) for twenty years. He is a senior member of the Association of Energy Engineers where he maintains his certifications as a Certified Energy Manager and Certified Power Quality Professional.
