Dear Ms. Scott:

At the present time, Tri-County Electric Cooperative ("Tri-County") provides a bundled electric service to Citation at Citation's administrative offices, near Salem, Illinois. We have been informed that Tri-County has the option under Illinois law to allow Citation's office complex access to competitive power services pursuant to 220 ILCS 5/18-200(b). We are requesting that Tri-County make the election to allow Citation access to alternative retail electric suppliers for Citation's office complex.

Could you please provide us with a response within the next fourteen days? Your timely response will assist us in collaborating with our energy consultants to obtain the most economical and competitive service for our company.

Thank you in advance for your assistance in this matter. Should you have any questions, please do not hesitate to contact me.

Very truly yours,
