Re: 847 N. Maplewood 1F

This was originally mailed 10/07, then a copy of same was again forwarded by fax and mail after our 9/08 call. Also enclosed is a subsequent complaint alleging that Comed's refusal to investigate the 3340 Clifton account covers up the fact that the alleged debt for the 2128 building, plus late fees and deposit fees, was reinstated when that account was in my name (in fact, the original debt is routinely backed out, then reinstated after I get a new account at a new address, as was done here for 847 Maplewood as evidenced by Comed's own statements (attached to letter). Given that a new \$90 deposit fee and an approximately \$60 late fee, based in large part on the 2128 building account fees, has been billed each month since 10/07 (18 mos. x \$150), I now claim that the total overbilling on the cumulative accounts which needs to be credited to me is now \$5,000 (\$2,300 plus \$2,700), which is in excess of the amount claimed due on the last statement. In the event Comed refuses to credit my account, I request the matter proceed to formal hearing. FNGomez
