Complaint Information

Have you been in contact with the Utility?

Yes, I have contacted the utility.

Complaint Type: Electric

Company Name: ComEd

Company Account Number: 5563096092

Please provide the details of your complaint below:

Despite previous agreement with ComEd that all billings prior to inception of service at the current address were disputed as incorrectly being added to my account from a "building" account from a building I resided in but did not own, and where I had a separate account for my unit (and where ComEd's own documentation shows the transfer from the building account to my unit account, after that building had been torn down), ComEd continues to and today threatened to disconnect service for such improper past billings which predated service at this address. A formal complaint is being prepared based on the continuing practice of demanding payment and threatening disconnection, as was done today, for these improperly invoiced costs. Phil Gomez
