

**Commonwealth Edison Company’s Response to
Illinois Commerce Commission (“STAFF”) Data Requests
DLH 6.01- 6.02
Date Received: October 6, 2010
Date Served: October 19, 2010**

REQUEST NO. DLH 6.02:

Please update the Company’s response to Staff Data Request DLH-1.07 to reflect when the following amounts will be included in informational filings and monthly rates:

- a) Investment Recovery Component;
- b) Expense Limiter Component;
- c) Expense Cap Component; and
- d) Accelerated Customer Enhancements Pilot Settlement (ACEPS).

RESPONSE:

a), b), c), and d) ComEd has updated its response to reflect the request, and such updates can be found in **bold** within the table below.

Date or Period of Time	Activity or Event
October 1, 2010	Final report of Illinois Statewide Smart Grid Collaborative (ISSGC) submitted
On or about November 4, 2010	Commencement of smart grid policy proceeding
On or about March 1, 2011	Order to be entered in smart grid policy proceeding
On or about May 30, 2011	Order to be entered in ICC Docket No. 10-0527; costs incurred on and after this date for programs approved in ICC Docket No. 10-0527 identified for recovery to begin under Rate ACEP
No later than July 20, 2011	Submission of initial ACEPAs in an informational filing with associated work papers and reports documenting the computation of initial ACEPAs for recovery of costs incurred beginning with the date of the Order in ICC Docket No. 10-0527 and extending through June 30, 2011 (EV, UUFR, and LI); ACEPAs have balancing amounts equal to zero
August 2011 through October 2011 monthly billing periods	Application of initial ACEPAs on bills for recovery of costs incurred beginning with the date of the Order in ICC Docket No. 10-0527 and extending through June 30, 2011 (EV, UUFR, and LI); ACEPAs have balancing amounts equal to zero

September 30, 2011	Final Report for Customer Applications administered under Rider AMP-CA – Advanced Metering Program Customer Applications Experiment (Rider AMP-CA)
No later than October 20, 2011	Submission of ACEPAs in an informational filing with associated work papers and reports documenting the computation of ACEPAs for recovery of costs incurred beginning July 1, 2011 and extending through September 30, 2011 (EV, UUFR, and LI); ACEPAs have balancing amounts equal to zero.
On or about November 1, 2011	Commencement of smart grid implementation proceeding
November 2011 through January 2012 monthly billing periods	Application of ACEPAs on bills for recovery of costs incurred beginning July 1, 2011 and extending through September 30, 2011 (EV, UUFR, and LI); ACEPAs have balancing amounts equal to zero
No later than January 20, 2012	Submission of ACEPAs in an informational filing with associated work papers and reports documenting the computation of ACEPAs for recovery of costs incurred beginning October 1, 2011 and extending through December 31, 2011 (EV, UUFR, and LI); ACEPAs have balancing amounts equal to zero
February 2012 through April 2012 monthly billing periods	Application of ACEPAs on bills for recovery of costs incurred beginning October 1, 2011 and extending through December 31, 2011 (EV, UUFR, and LI); ACEPAs have balancing amounts equal to zero
On or about April 1, 2012	Smart Grid Implementation Order to be entered; costs incurred on and after this date for programs approved in Smart Grid Implementation Order identified for recovery to begin under Rate ACEP
No later than April 20, 2012	Submission of ACEPAs in an informational filing with associated work papers and reports documenting the computation of ACEPAs for recovery of costs incurred beginning January 1, 2012 and extending through March 31, 2012 (EV, UUFR, and LI); ACEPAs have balancing amounts equal to zero
May 2012 through July 2012 monthly billing periods	Application of ACEPAs on bills for recovery of costs incurred beginning January 1, 2012 and extending through March 31, 2012 (EV, UUFR, and LI); ACEPAs have balancing amounts equal to zero
No later than July 20, 2012	Submission of ACEPAs in an informational filing with associated work papers and reports documenting the computation of ACEPAs for recovery of costs incurred beginning April 1, 2012 and extending through June 30, 2012 (EV, UUFR, and LI) and costs incurred beginning with the date of the Smart Grid Implementation Order and extending through June 30, 2012 (SM and DA); ACEPAs also include balancing amounts for EV, UUFR, and LI for

	costs incurred from date of Order in ICC Docket No. 10-0527 through December 31, 2011 and recoveries accrued August 2011 through April 2012 monthly billing periods; balancing amounts include an Accelerated Customer Enhancements Pilot Settlement (ACEPS) which is the sum of the Expense Limiter Component, Expense Cap Components, and for any program for which ComEd has a final investment expenditure amount an Investment Recovery Component; such components may be equal to zero.
August 2012 through October 2012 monthly billing periods	Application of ACEPAs on bills for recovery of costs incurred beginning April 1, 2012 and extending through June 30, 2012 (EV, UUFR, and LI) and costs incurred beginning with the date of the Smart Grid Implementation Order and extending through June 30, 2012 (SM and DA); ACEPAs also include balancing amounts for EV, UUFR, and LI for costs incurred from date of Order in ICC Docket No. 10-0527 through December 31, 2011 and recoveries accrued August 2011 through April 2012 monthly billing periods; balancing amounts include an ACEPS which is the sum of the Expense Limiter Component, Expense Cap Components, and for any program for which ComEd has a final investment expenditure amount an Investment Recovery Component; such components may be equal to zero.
No later than October 20, 2012	Submission of ACEPAs in an informational filing with associated work papers and reports documenting the computation of ACEPAs for recovery of costs incurred beginning July 1, 2012 and extending through September 30, 2012 (EV, UUFR, LI, SM, and DA); ACEPAs also include balancing amounts for EV, UUFR, and LI for costs incurred from date of Order in ICC Docket No. 10-0527 through December 31, 2011 and recoveries accrued August 2011 through April 2012 monthly billing periods; balancing amounts include an ACEPS which is the sum of the Expense Limiter Component, Expense Cap Components, and for any program for which ComEd has a final investment expenditure amount an Investment Recovery Component; such components may be equal to zero.
November 2012 through January 2013 monthly billing periods	Application of ACEPAs on bills for recovery of costs incurred beginning July 1, 2012 and extending through September 30, 2012 (EV, UUFR, LI, SM, and DA); ACEPAs also include balancing amounts for EV, UUFR, and LI for costs incurred from date of Order in ICC Docket No. 10-0527 through December 31, 2011 and

	recoveries accrued August 2011 through April 2012 monthly billing periods; balancing amounts include an ACEPS which is the sum of the Expense Limiter Component, Expense Cap Components, and for any program for which ComEd has a final investment expenditure amount an Investment Recovery Component; such components may be equal to zero.
No later than January 20, 2013	Submission of ACEPAs in an informational filing with associated work papers and reports documenting the computation of ACEPAs for recovery of costs incurred beginning October 1, 2012 and extending through December 31, 2012 (EV, UUFR, LI, SM, and DA); ACEPAs also include balancing amounts for EV, UUFR, and LI for costs incurred from date of Order in ICC Docket No. 10-0527 through December 31, 2011 and recoveries accrued August 2011 through April 2012 monthly billing periods; balancing amounts include an ACEPS which is the sum of the Expense Limiter Component, Expense Cap Components, and for any program for which ComEd has a final investment expenditure amount an Investment Recovery Component; such components may be equal to zero.
February 2013 through April 2013 monthly billing periods	Application of ACEPAs on bills for recovery of costs incurred beginning October 1, 2012 and extending through December 31, 2012 (EV, UUFR, LI, SM, and DA); ACEPAs also include balancing amounts for EV, UUFR, and LI for costs incurred from date of Order in ICC Docket No. 10-0527 through December 31, 2011 and recoveries accrued August 2011 through April 2012 monthly billing periods; balancing amounts include an ACEPS which is the sum of the Expense Limiter Component, Expense Cap Components, and for any program for which ComEd has a final investment expenditure amount an Investment Recovery Component; such components may be equal to zero.
No later than April 6, 2013	ComEd must submit report with audit of Rate ACEP's operation and any proposed extension or modifications to already approved programs for which costs are being recovered under Rate ACEP; Biennial Review Proceeding commences
No later than April 20, 2013	Submission of ACEPAs in an informational filing with associated work papers and reports documenting the computation of ACEPAs for recovery of costs incurred beginning January 1, 2013 and extending through March 31, 2013 (EV, UUFR, LI, SM, and DA); ACEPAs have balancing amounts equal to zero

<p>May 2013 through July 2013 monthly billing periods</p>	<p>Application of ACEPAs on bills for recovery of costs incurred beginning January 1, 2012 and extending through March 31, 2012 (EV, UUFR, LI, SM, and DA); ACEPAs have balancing amounts equal to zero</p>
<p>No later than July 20, 2013</p>	<p>Submission of ACEPAs in an informational filing with associated work papers and reports documenting the computation of ACEPAs for recovery of costs incurred beginning April 1, 2013 and extending through June 30, 2013 (EV, UUFR, LI, SM, and DA); ACEPAs also include balancing amounts for EV, UUFR, LI, SM, and DA for costs incurred during 2012 for EV, UUFR, and LI and from date of Smart Grid Implementation Order through December 31, 2012 for SM and DA and recoveries accrued May 2012 through April 2013 monthly billing periods; balancing amounts include an ACEPS which is the sum of the Expense Limiter Component, Expense Cap Components, and for any program for which ComEd has a final investment expenditure amount an Investment Recovery Component; such components may be equal to zero.</p>
<p>August 2013 through October 2013 monthly billing periods</p>	<p>Application of ACEPAs on bills for recovery of costs incurred beginning April 1, 2013 and extending through June 30, 2013 (EV, UUFR, LI, SM, and DA); ACEPAs also include balancing amounts for EV, UUFR, LI, SM, and DA for costs incurred during 2012 for EV, UUFR, and LI and from date of Smart Grid Implementation Order through December 31, 2012 for SM and DA and recoveries accrued May 2012 through April 2013 monthly billing periods; balancing amounts include an ACEPS which is the sum of the Expense Limiter Component, Expense Cap Components, and for any program for which ComEd has a final investment expenditure amount an Investment Recovery Component; such components may be equal to zero.</p>
<p>No later than October 20, 2013</p>	<p>Submission of ACEPAs in an informational filing with associated work papers and reports documenting the computation of ACEPAs for recovery of costs incurred beginning July 1, 2013 and extending through September 30, 2013 (EV, UUFR, LI, SM, and DA); ACEPAs also include balancing amounts for EV, UUFR, LI, SM, and DA for costs incurred during 2012 for EV, UUFR, and LI and from date of Smart Grid Implementation Order through December 31, 2012 for SM and DA and recoveries accrued May 2012 through April 2013 monthly billing periods; balancing amounts include an ACEPS which is the sum of the Expense Limiter Component,</p>

	Expense Cap Components, and for any program for which ComEd has a final investment expenditure amount an Investment Recovery Component; such components may be equal to zero.
November 2013 through January 2014 monthly billing periods	Application of ACEPAs on bills for recovery of costs incurred beginning July 1, 2013 and extending through September 30, 2013 (EV, UUFR, LI, SM, and DA); ACEPAs also include balancing amounts for EV, UUFR, LI, SM, and DA for costs incurred during 2012 for EV, UUFR, and LI and from date of Smart Grid Implementation Order through December 31, 2012 for SM and DA and recoveries accrued May 2012 through April 2013 monthly billing periods; balancing amounts include an ACEPS which is the sum of the Expense Limiter Component, Expense Cap Components, and for any program for which ComEd has a final investment expenditure amount an Investment Recovery Component; such components may be equal to zero.
No later than December 31, 2013	Biennial Review Proceeding Order to be entered; costs incurred on and after this date for programs approved in Biennial Review Proceeding Order identified for recovery to begin under Rate ACEP
No later than January 20, 2014	Submission of ACEPAs in an informational filing with associated work papers and reports documenting the computation of ACEPAs for recovery of costs incurred beginning October 1, 2013 and extending through December 31, 2013 (EV, UUFR, LI, SM, and DA); ACEPAs also include balancing amounts for EV, UUFR, and LI for costs incurred from date of Order in ICC Docket No. 10-0527 through December 31, 2011 and recoveries accrued August 2011 through April 2012 monthly billing periods; balancing amounts include an ACEPS which is the sum of the Expense Limiter Component, Expense Cap Components, and for any program for which ComEd has a final investment expenditure amount an Investment Recovery Component; such components may be equal to zero.
February 2014 through April 2014 monthly billing periods	Application of ACEPAs on bills for recovery of costs incurred beginning October 1, 2012 and extending through December 31, 2012 (EV, UUFR, LI, SM, and DA); ACEPAs also include balancing amounts for EV, UUFR, LI, SM, and DA for costs incurred during 2012 for EV, UUFR, and LI and from date of Smart Grid Implementation Order through December 31, 2012 for SM and DA and recoveries accrued May 2012 through April

	<p>2013 monthly billing periods; balancing amounts include an ACEPS which is the sum of the Expense Limiter Component, Expense Cap Components, and for any program for which ComEd has a final investment expenditure amount an Investment Recovery Component; such components may be equal to zero.</p>
No later than April 20, 2014	<p>Submission of ACEPAs in an informational filing with associated work papers and reports documenting the computation of ACEPAs for recovery of costs incurred beginning January 1, 2014 and extending through March 31, 2014 (EV, UUFR, LI, SM, and DA) and costs incurred beginning with the date of the Biennial Review Proceeding Order and extending through March 31, 2014 (AP); ACEPAs have balancing amounts equal to zero</p>
May 2014 through July 2014 monthly billing periods	<p>Application of ACEPAs on bills for recovery of costs incurred beginning January 1, 2012 and extending through March 31, 2012 (EV, UUFR, LI, SM, and DA) and costs incurred beginning with the date of the Biennial Review Proceeding Order and extending through March 31, 2014 (AP); ACEPAs have balancing amounts equal to zero</p>
No later than July 20, 2014	<p>Submission of ACEPAs in an informational filing with associated work papers and reports documenting the computation of ACEPAs for recovery of costs incurred beginning April 1, 2014 and extending through June 30, 2014 (EV, UUFR, LI, SM, DA, and AP); ACEPAs also include balancing amounts for EV, UUFR, LI, SM, and DA for costs incurred during 2013 and recoveries accrued May 2012 through April 2013 monthly billing periods; balancing amounts include an ACEPS which is the sum of the Expense Limiter Component, Expense Cap Components, and for any program for which ComEd has a final investment expenditure amount an Investment Recovery Component; such components may be equal to zero.</p>
August 2014 through October 2014 monthly billing periods	<p>Application of ACEPAs on bills for recovery of costs incurred beginning April 1, 2014 and extending through June 30, 2014 (EV, UUFR, LI, SM, DA, and AP); ACEPAs also include balancing amounts for EV, UUFR, LI, SM, and DA for costs incurred during 2013 and recoveries accrued May 2012 through April 2013 monthly billing periods; balancing amounts include an ACEPS which is the sum of the Expense Limiter Component, Expense Cap Components, and for any program for which ComEd has a final investment expenditure amount an Investment Recovery Component; such</p>

	components may be equal to zero.
Thereafter	Administration of Rate ACEP continues in similar fashion until costs are included in rate base, as applicable
