

Attachment 20

A statement to disclose whether it is licensed as an alternative retail electric supplier in any other jurisdictions, similar to the licensure required under Section 16-115 of the Illinois Public Utilities Act. Additionally, the Applicant is directed to disclose whether it has had any complaints filed against it for its provision of any services in the electric or gas industry in this or any other jurisdiction. If yes, the Applicant is directed to include in its response the nature of the complaint, the jurisdiction, and the ultimate resolution.

Applicant is licensed as an alternative retail electric supplier in the State of New York.

Attached is approval letter from the State of New York.

In 2009, Energy Services Providers, Inc. ("ESPI") received 12 complaints which were filed with the New York Public Service Commission. To date for 2010, ESPI received 12 complaints which were filed with the New York Public Service commission. The complaints filed were in regards to customer service inquiries and rate issues. None of the complaints filed against ESPI were complaints that ESPI could have prevented.

RE: Energy Services Providers, Inc.

Dear Mr. Marcille:

Thank you for submitting the recent updates to your ESCO Retail Access Application Package. This letter acknowledges your Certificate of Assumed Name from Energy Services Providers, Inc., to **U.S. Gas & Electric** effective March 25, 2010. All updated documentation recently submitted has been reviewed by Staff and remains in compliance with the New York State ESCO eligibility requirements that are implemented by codes and regulations found in the Uniform Business Practices and other applicable regulations or Commission Orders. Therefore, Staff acknowledges that **U.S. Gas & Electric** has been deemed eligible to serve residential and non-residential electric customers in New York State.

Please be advised that you should check with utilities to determine if they have additional approval requirements by contacting those companies in whose service territories you intend to serve or are now serving customers. Please note that each utility's eligibility requirements pertain only to their retail access programs.

To maintain your ESCO eligibility, you must notify Staff of any substantive legal, financial or business related changes to your company as they occur. If your business plan changes and you decide to expand your service offerings by choosing to participate in any of the ESCO referral programs or move into other utility service territories, you must immediately submit the appropriate documentation for Staff review and determination of how it affects your current eligibility.

If you are using vendors to provide ESCO related services, (e.g., EDI), the ESCO remains fully responsible for any activities the vendors perform. If you have not already done so, or if you have changed vendors since last reporting them to us, please provide Staff a list with contact information for all vendors you are now using. Finally, you must

submit a statement annually, by January 31st, indicating that the information in your original or most recent updated Retail Access Application remains current, or submit a statement identifying the revisions. Upon completion of our review of any new eligibility information, Staff will then update your eligibility status as necessary.

Please do not hesitate to contact me if you have any further questions or concerns at 518-486-2432 or Christine_Bosy@dps.state.ny.us.

Sincerely,

Christine A. Bosy
