Re: Notice of Administrative Law Judge's Ruling

Dear Sir/Madam:

In response to the Notice of Administrative Law Judge's Ruling Power Management has compiled the remaining outstanding license requirements.

**Miscellaneous Requirements**

As Power Management indicated on the initial application it is registered as a broker and consultant in other jurisdictions. Those jurisdictions are: Connecticut, Maine, Maryland, Massachusetts, New Jersey, New York, Ohio and Pennsylvania. Along with Illinois, Power Management is also currently pursuing brokers' licenses in Delaware and the District of Columbia.

**Section 454.60 Managerial Licensing Requirements**

Enclosed is a modified organizational chart highlighting the positions of John Burt, President and Eric Douthit, Executive Vice President.

**Section 454.70 Technical Licensing Requirements**

Enclosed is a modified description of the occupational background of John Burt, President who has been with Power Management since 1997 and Eric Douthit, Executive Vice President who started with the company in 1999. Each has 10+ years of experience with Power Management, which is in the energy business as brokers (electric and natural gas), energy consultants and with energy efficiency projects, such as lighting efficiency upgrades.

If there is any additional information that Power Management needs to provide in order to meet any of the Commission's requirements please contact me directly.

Sincerely,

*Ben Roushey*
