Reducing your electric costs is one of the most effective and achievable strategies for lowering the operating costs at your facility. Electricity is a fluctuating energy commodity and the price changes daily. Com Ed is scheduled to change their rates on June 1, 2010. No matter what happens with future price fluctuations, once you sign the documents, your price will be locked in.

- Offer 1) **\$0.05351** per kwh for **12 months** (5/10-5/11)
- Offer 2) **\$0.05496** per kwh for **24 months** (5/10-5/12)
- Offer 3) **\$0.05742** per kwh for **36 months** (5/10-5/13)

Account Number: 0279386006

Santanna Benefits

- The Direct Energy Business 12-month contract price will reduce your electric costs versus Com Ed blended rates.
- The Com Ed non-summer blended price is **\$0.07103 per kWh**. The blended price includes the Electricity Supply Charge (\$0.06507) & the Transmission Services Charge (\$0.00596).
- Our offer includes the Electricity Supply Charge, Transmission Services Charge, Losses, and all Ancillary Charges. It does not include the capacity charge, which varies by account number.

To take advantage of this opportunity, you must enroll soon! Please sign, date, or initial the following documents as indicated, and fax them all back to me at (866) 291-8907.

- 1) "Pricing Attachment" page # 1, from Santanna's electric energy partner, Direct Energy Business.
- 2) "Power Supply Coordination Agreement" pages # 2 - 5, Initial and date in the box on page # 2, and send all pages to me.
- 3) This cover letter, initialed by you acknowledging that Santanna has disclosed our exclusive relationship with Direct Energy LLC.

Customer Initials: _____ Date: _____

We look forward to continue working with you to control your energy costs. If you have any questions, please call me at (630) 789-0914, ext. 222.

Sincerely,
Matt Drogos
