Hi Carolyn:

As per our conversation last week Wednesday Aug. 18, I was waiting for your follow-up phone call in reference to the confirmation of the cancellation of the contract for Comfort Inn and Sleep Inn. As stated before, our intentions were not to extend the contract for an additional two years but we wanted to modify our current rate to a lower rate to make the electric bill more affordable. The contract was signed Friday Aug. 6 and the following day Ken had faxed a request to John Geier not to proceed on with the contract as that was not what we wanted.

Please confirm that these contracts are null and void.

Thanks,

Andy
