**Response to: Illinois Attorney General**  
**Ill.C.C. Docket No. 11-0046**  
**AG First Set of Data Requests**

AG 1.24 Q. Referring to Joint Applicants' Exhibit 6.0, page 8, lines 164-167 please explain the extent to which costs allocated from AGSC will supplant costs currently incurred directly by Nicor Gas over the next five years. The response should describe the costs that will be allocated from AGSC and the functions of such costs.

AG 1.24 A. The cost allocated from AGL Services Company will only reflect those services elected by Nicor Gas. At this time, no analysis has been prepared that would provide any costs that would supplant costs incurred directly by Nicor Gas.
