ORIGINAL

Re.: My failure to Appear @ Hearings on April 7, & May 18, 2011.

Reason for Non-Appearance April 7: I was seriously Ill, stricken with an extreme case of incapacitating diarrhea, caused by a anti-inflammatory drug & forced to spend 14 days, from March 24, to April 6, 2011, living on my couch, providing quick access to the bathroom. I had no sleep, not a 'wink', during that 14 day period.

During which time, I did not take my sleep medicine, required & essential for any sleep whatsoever, for My permanent case of the most severe & extreme acute Insomnia, i.e., '0 Stage 3/4 Sleep'. Thus, leaving Me severely 'Sleep Deprived', weak & mentally compromised. Further, It took a week to recover & get back on My feet & begin to catch-up on My back-load of work.

At time I had no recall of the April 7, Hearing. I'm also afflicted with severe Memory Loss. Upon receiving Your 'Order', I had not any recall, but due now of the hearing.

Hearing May 18, 2011: I have no recollection, whatsoever, of receiving any notice.

Please understand, I am 84 years of age, & am a Veteran of & served in both WWII & the Korean War, All of which take their toll.

I hereby appeal to be given the opportunity of a 'Re-Hearing' of My original 'Complaint'. I would appreciate a time beginning between 10:AM to 11:AM, at which I would be most able to address the issue.

Attached: 4 Pages of My Sleep Studies.

Thank You,

Chris H. Oberheide
