

Ameren Energy Marketing (“AEM”)
Managerial Qualifications under Subpart D

ANDREW M. SERRI

President, Ameren Energy Marketing

Mr. Serri has four or more years’ experience with enterprise financial and administrative responsibilities including profit and loss responsibilities.

Relevant Occupational Experience: President, Ameren Energy Marketing.

Description of Duties Personally Responsible for in above Role:

Mr. Serri has direct responsibility for a staff of 75 marketing, trading and account management personnel and an electric portfolio exceeding \$1.5 billion in annual revenues. He has executive responsibilities for ongoing profit and loss of Ameren Energy Marketing’s product and service portfolios. He has executive responsibilities for sales and trading strategies, fuel procurement, generation dispatch, customer account management and settlement.

Duration performed above duties: Mr. Serri has performed the duties described above since 2001.

Mr. Serri has four or more years’ experience buying and selling power and energy in wholesale markets.

Relevant Occupational Experience: President, Ameren Energy Marketing; Manager, Marketing & Trading, Carolina Power & Light.

Description of Duties Personally Responsible for in above Role:

Mr. Serri personally has negotiated agreements for the buying and selling of power and energy in wholesale markets since joining AEM in 2001. At Carolina Power & Light (CP&L), Mr. Serri was responsible for overall operations for trading power and energy as well as long-term power marketing. He was also involved in the integration of natural gas and power trading activities, as well as the marketing and placement of peaking generation on and off the CP&L system.

Duration performed above duties: Ameren Energy Marketing: 11 years; Carolina Power & Light: 3 years

Mr. Serri has four or more years' electric system operational experience.

Relevant Occupational Experience: Various roles at American Electric Power (AEP).

Description of Duties Personally Responsible for in above Role:

Mr. Serri spent 18 years at American Electric Power (AEP) working in several areas, including engineering, system operations and power marketing and trading. His responsibility included dispatch and maintenance scheduling of individual generating units and the overall operation of the system. In addition, he has prepared FERC filings and other regulatory compliance tasks.

Duration performed above duties: 18 years

Additional biographical information:

Mr. Serri came to Ameren Energy Marketing in 2000 from Carolina Power & Light (now Progress Energy) where he was Manager of Marketing and Trading. In that post, Mr. Serri established a management and operating structure for the Wholesale Power department. Prior to CP&L, Mr. Serri spent 18 years at American Electric Power working in several areas throughout his career, including engineering, system operations and power marketing/trading. Mr. Serri holds an MBA from Franklin University and a BS in engineering from The Ohio State University. He is responsible for overall operations and business practices, which include creating, managing and implementing the company's business plan, budget, marketing portfolio and strategy.

TOM LEIGH

Director, Sales & Marketing

Mr. Leigh has four or more years' experience with enterprise financial and administrative responsibilities including profit and loss responsibilities.

Relevant Occupational Experience: Director, Sales & Marketing, AEM

Description of Duties Personally Responsible for in above Role:

Mr. Leigh directs a staff of 25 professionals responsible for marketing, contracting, delivering, settling and billing power and energy in retail and wholesale markets, including Illinois. His administrative responsibilities also include transaction data capture and risk management documentation.

Duration performed above duties: 7 years

Mr. Leigh has four or more years' experience buying and selling power and energy in wholesale markets.

Relevant Occupational Experience: Manager, Sales & Marketing, AEM

Description of Duties Personally Responsible for in above Role:

Mr. Leigh's has purchased and sold power and energy in MISO and PJM since both RTOs were implemented in Illinois (2005 and 2004 respectively). Prior to MISO and PJM implementation, Mr. Leigh was personally responsible for negotiating power sales and purchase agreements with individual customers throughout the Midwestern U.S.

Duration performed above duties: 5 years

Mr. Leigh has four or more four years' electric system operational experience.

Relevant Occupational Experience: Director, Sales & Marketing, AEM

Description of Duties Personally Responsible for in above Role:

Mr. Leigh has experience overseeing AEM's participation in PJM as a load-serving entity (LSE) since the organization was implemented in 2004. He has performed the same function since MISO was implemented in Illinois in 2005, where AEM operates as a market participant on the electric grid for both generation and load-serving responsibilities.

Duration performed above duties: 7 years

Additional biographical information:

Mr. Leigh joined Ameren Corporation in 1997 and has 12 years of experience developing power supply contracts in Illinois' retail market and Midwestern wholesale markets. Since 2001, he has been responsible for power sales and marketing activities for Ameren Energy Marketing, overseeing the development of power supply contracts with wholesale and retail customers. Prior to joining Ameren Corporation, he worked for Woodward Clyde Consultants, and engineering consulting firm specializing in energy, infrastructure and environmental projects. Mr. Leigh holds a BS in Education from the University of Kansas.

WILLIAM H. DULLE
Director, Portfolio Management

Mr. Dulle has four or more years' experience with enterprise financial and administrative responsibilities including profit and loss responsibility.

Relevant Occupational Experience: Director, Portfolio Management, AEM

Description of Duties Personally Responsible for in above Role:

Mr. Dulle directs a staff of 35 professionals responsible for trading portfolios, power scheduling, system dispatch, contracting, settling and billing power and energy in wholesale markets transactions. He is responsible for managing the profit and loss of retail and wholesale power agreements held by AEM, and compliance with applicable FERC, NERC and SEC regulations. His administrative responsibilities also include information systems security, transaction data capture and risk management documentation.

Duration performed above duties: 7 years

Mr. Dulle has four or more years experience managing and directing functions engaged in buying and selling power and energy in wholesale markets.

Relevant Occupational Experience: Manager, Portfolio Management, AEM

Description of Duties Personally Responsible for in above Role:

Mr. Dulle managed the trading organization responsible for the purchase and sale of energy products in both MISO and PJM. The trading operations organization includes the dispatch, optimization and market interface for the merchant generation fleet. Duration performed above duties: 7 years

Additional biographical information:

Mr. Dulle joined Ameren Energy Marketing in 2000. Mr. Dulle's responsibilities include management and oversight of AEM's non-rate-regulated trading, trading operations, and coal operations functions. The trading organization is responsible for the purchase and sale of energy products in both MISO and PJM. The trading operations organization includes the dispatch, optimization and market interface for the merchant generation fleet. The coal operations team handles all functions related to procurement and transportation of coal supplies as well as related emissions and additives hedging. Mr. Dulle joined Union Electric in 1988 and has held a variety of positions prior to joining Ameren Energy Marketing in 2000. He holds an MBA from

St. Louis University and a BA degree in communication from University of Missouri-St. Louis.

MARK FANNING

Managing Supervisor, Business Operations

Mr. Fanning has four or more years' experience with enterprise financial and administration responsibilities including profit and loss responsibilities on behalf of Ameren Energy Marketing. In addition, Mr. Fanning has four or more years' electric system operational experience.

Relevant Occupational Experience: Managing Supervisor, Account Management

Description of Duties Personally Responsible for in above Role:

Mr. Fanning is responsible for customer account management, including contract administration, account switching processes (DASRs), complaint resolution, administration of tariff requirements and interface with utility personnel as required for ARES operations. He is also responsible for transmission organization (PJM, MISO) settlements and reconciliation with contract revenue.

Duration performed above duties: 6 years

Additional biographical information:

Mr. Fanning joined Ameren Energy Marketing in 2004 as an Account Management Executive. Since 2005 he has supervised the account management staff. Mr. Fanning is responsible for ensuring AEM's sales, marketing and account management efforts are implemented through back office systems and support personnel. Prior to joining AEM Mr. Fanning had 10 years prior experience in marketing and customer account administration with various electric companies. He holds a BJ in Advertising and a BA in Political Science from the University of Missouri.
