Dear Valued Customer:

ComEd is conducting a routine audit of customer accounts to ensure you are appropriately billed for the services and equipment you use. The audit includes customers with specialized equipment installed at their property (e.g. transformers, switchgear, fusing, line protection, etc.).

Our records indicate you have specialized equipment installed at your property. This is electrical equipment above the standard provided under ComEd's rates. ComEd charges for this equipment through a rental fee which appears as "nonstandard facilities charge" on your monthly electric bill.

The audit revealed that the appropriate "nonstandard facilities charge" was not applied to your account. Pursuant to the Illinois Public Utility Act, ComEd has an obligation to correctly bill for all services provided.

ComEd will make the appropriate adjustments to your account. In the coming weeks, a charge in the amount of **\$2,081.28** will appear on your bill. This is the amount you were undercharged for the equipment. This bill also will update the current rental charge of **\$0.00** to the correct rental charge of **\$66.72** moving forward.

To assist with payment, ComEd is offering an interest free deferred payment plan equal to the length of time you were back-billed. If after receipt of the bill you are interested in a payment arrangement, please call us at 1-877-426-6331 and speak to a customer service representative.

For more information on the nonstandard facilities charge, please visit www.ComEd.com and click on the Customer Service/Rates tab.

We appreciate your patience as we work to update our records and apologize for any inconvenience this may have caused.
