KEY DEVELOPMENTS FOR AMEREN ENERGY MARKETING COMPANY

Ameren Energy Marketing Company Announces Management Changes

11/17/2011

Ameren Energy Resources Co. LLC announced that President and CEO Steven Sullivan will also assume the role of president of Ameren Energy Marketing Company. Sullivan has served as president and CEO of Ameren Energy Resources since March 2011. Further, Shawn Schukar has been promoted to senior vice president of trading and marketing at Ameren Energy Marketing. Schukar will assume the responsibilities of former Ameren Energy Marketing President Andrew Serri, who left the company in October. Schukar, who previously served as vice president of strategic initiatives in corporate planning for Ameren Corp., will oversee placement and optimization of Ameren Energy Marketing assets in the power markets, including strategies associated with market operations, trading and wholesale and retail marketing. In addition, current director of business services and Ameren Energy Resources Controller Mark Eacret was promoted to vice president in that role. Eacret will report to Sullivan.

KEY DEVELOPMENTS FOR AMEREN ENERGY RESOURCES COMPANY, LLC

Ameren Energy Resources Company, LLC Begins Shutdown of Meredosia Plant 12/29/2011

Ameren Energy Resources Company, LLC announced in early October it would close the coal- and oil-fired plant on the Illinois River about 60 miles west of Springfield by the end of the year 2011. The company cited tougher federal clean-air rules in the decision. Shutting down a power plant, however, is complicated. Much of this final week of 2011 will be used to burn off the remaining fuel, according to Ameren. The complete shutdown is expected to take until the end of March. A few employees will remain in Meredosia through March 31, 2012 to shut the energy center down safely.

Ameren Energy Resources Company, LLC to Ceases Meredosia and Hutsonville Energy Centers by the End of 2011 and Eliminates 90 Positions 10/4/2011

Ameren Energy Resources Company, LLC announced the Meredosia and Hutsonville energy centers will cease operating by the end of 2011. The shutdown of these centers will result in the elimination of 90 positions at the generating facilities in Meredosia and Hutsonville, Ill. The closure of these facilities is expected to result in a charge to third quarter 2011 earnings. The two facilities provided approximately 4% of Ameren Energy Resources' total generation over the last two years and a lesser percentage of margin. The closure of these units is primarily the result of the expected cost of complying with the Cross-State Air Pollution Rule (CSAPR) issued in July 2011 by the U.S. Environmental Protection Agency.

Ameren Energy Resources Company, LLC Announces Management and Executive Changes 02/29/2011

Ameren Corporation announced that, effective March 2, 2011, Steven R. Sullivan replaces Charles D. Naslund as chairman, president and CEO, Ameren Energy Resources Company, LLC. Replacing Sullivan as Ameren's general counsel is Gregory L. Nelson, who becomes senior vice president and general counsel. Nelson and Sullivan will report to Voss. Naslund will report to Warner L. Baxter, president and CEO of Ameren Missouri.
