Applicant will be applying under Subparts C and D to include both residential and nonresidential customers.

9. Proof of notification to each utility of Applicant's intent to serve in the utility's service area is provided in Attachment B.

10. Certifications

Applicant certifies that it:

- a) will comply with all applicable Federal, State, regional and industry rules, practices, policies, procedures and tariffs for the use, operation, maintenance, safety, integrity, and reliability of the interconnected electric transmission system including the Open Access Same-time Information System (OASIS) mandated by 18 CFR 37 and the rules and operating guidelines and procedures of the regional or national electric reliability council(s) or organization(s) and their successors for any portion of the state in which the applicant is certified to provide retail electric service);
- b) will provide service only to retail customers that are eligible to take delivery services;
- c) will comply with informational and reporting requirements that the Commission may by rule establish;
- d) will comply with informational and reporting requirements that the Commission may establish regarding the provision of information required by Section 16-112 of the Act;
- e) complies with all other applicable laws and regulations and Commission rules and orders;

- f) complies with all terms and conditions required by Sections 16-115A(a), (b), and (f), 16-119, 16-123, 16-125(b) and (c), 16-127, and 16-128(a) of the Act, to the extent those Sections have application to the services being offered by the alternative retail electric supplier; and
- g) will comply with the following requirements with respect to the marketing, offering and provision of products or services to small commercial retail customers:
 - 1) Any Marketing materials that make statements concerning prices, terms and conditions of service shall contain information that adequately discloses the prices, terms, and conditions of the products or services that the alternative retail electric supplier is offering or selling to the customer.
 - 2) Before any customer is switched from another supplier, the applicant will give the customer written information that adequately discloses, in plain language, the prices, terms, and conditions of the products and services being offered and sold to the customer.
 - 3) The Applicant shall provide documentation to the Commission and to customers that substantiates any claims made by the applicant regarding the technologies and fuel types used to generate the electricity offered or sold to customers.
 - 4) The Applicant shall provide to the customer itemized billing statements that describe the products and services provided to the customer and their prices; and an additional statement, at least annually, that adequately discloses the average monthly prices, and the terms and conditions, of the products and services sold to the customer.
- 11. Applicant agrees to submit good faith schedules of transmission and energy in accordance with applicable tariffs.
- 12. Applicant agrees to adopt and follow rules and procedures ensuring that authorizations received from customers, customer billing records, and requests for delivery service transmitted to utilities are retained for a period of not less than two calendar years after the calendar year in which they were created.
- 13. Applicant agrees to adopt and follow rules and procedures to preserve the confidentiality of its customer's data.
- 14. Consolidation of Previous Certificates of Authority

Applicant currently has authority from the Commission to be an ARES under Docket Number 07-0177. Applicant requests that such current authority be consolidated with any authority granted pursuant to this application.

15. The names and addresses of all of Applicant's affiliated companies involved in electric retail sales or purchases in the North American continent are listed on Attachment C.
16. Reciprocity
 - a) Applicant certifies that it complies with Section 16-115(d)(5) of the Act [220 ILCS 5/16-115(d)(5)], that it will remain in compliance with such requirements, and that it will annually certify such compliance to the Commission during January of each year after its certification.
 - b) As established by Section 16-115(d)(5) of the Act, Applicant does not own or control any facilities for the transmission or distribution of electricity.
17. Applicant will execute and maintain a license or permit bond in the name of the People of the State of Illinois issued by a qualifying surety or insurance company authorized to transact business in the State of Illinois. The amount of the bond shall be in the amount of \$150,000.00. See Attachment D.

FINANCIAL QUALIFICATIONS

18. Applicant certifies that it is a member of both Midwest Independent Transmission System Operator, Inc. ("MISO") and PJM Interconnection, LLC ("PJM") and purchases 100% of its physical electric energy from MISO and PJM for delivery to the service territories of the utilities for which the applicant is seeking a certificate. See Attachment E.
19. Applicant will not provide electric power and energy with property, plant and equipment that it owns, controls, or operates.

TECHNICAL QUALIFICATIONS

20. Applicant will not use electric generation, transmission or distribution facilities that it owns, controls or operates in serving customers.
 - a) Applicant meets the requirements of Section 451.230, as demonstrated in Attachment F, showing the resumes of key management and technical personnel.
 - b) Applicant will provide a scheduling facility with 24 hour manned operation for coordination with control centers of scheduling changes, reserve implementation, curtailment orders, and interruption plan implementation.

MANAGERIAL QUALIFICATIONS

21. Applicant meets the managerial qualifications set forth in Part 451.240, as demonstrated in Attachment G.
22. Applicant is not relying on one or more agents or contractors to meet the technical and managerial requirements of Part 451.230 and 451.240

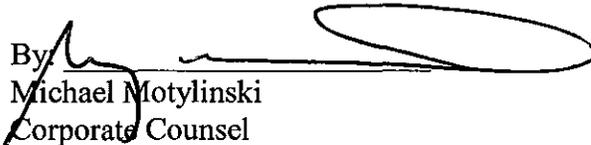

FINANCIAL QUALIFICATIONS FOR SINGLE BILLING SERVICE

23. Applicant does not intend to provide single billing services.

WHEREFORE, Applicant requests that the Commission grant its application for service authority to serve commercial and industrial retail customers in the State of Illinois.

Respectfully submitted,

Glacial Energy of Illinois, Inc.
