STIPULATION

Now come the Petitioner, Commonwealth Edison Co., by its attorneys, and the Respondent, Illinois Commerce Commission, by its attorney and, pursuant to Section 10-201(b) of the Public Utilities Act, 220 ILCS 5/10-201(b), and Supreme Court Rules 321 and 335(d), stipulate and agree that the documents from the pre-remand record of Ill.C.C. Docket No. 07-0566, which are highlighted in the attached pdf copy of the Index from the original appeal record, can be excluded from the appeal record for the above administrative review of the Commission's Remand Order of February 23, 2012, and denial of ComEd's application for rehearing on March 21, 2012. The excluded documents are entirely related to rate design issues in the underlying proceeding, matters which the parties do not believe will

not be at issue in the above cited proceeding. In the event that the parties later determine that any other document is required they may move the court to supplement the record.
